Vol. XLVIII. SATURDAY MORNING, JULY 6, 1929. C SUNDAY, TEN CENTS DAILY, FIVE CENTS

FLIGHT ENDS IN VICTORY

Ohioans New Air Champions

[illegible] and Mitchell Beat Storms to Stay Aloft 174 Hours

[illegible] Thousand Cheer Pair Who Take Record from Texans

CLEVELAND (O.) July 6. (Exclusive) (Saturday) — Two plucky [illegible], Byron K. Newcomb and Roy [illegible], rode through hell to a [illegible] conquest of the air; then, [illegible] from a courageous battle with the elements during a seven-[illegible] in the sky, brought the plane to the ground.

The monoplane, City of Cleveland, now rests in its hangar in the [illegible] airport while its two pilots are sleeping in a hotel. A new record for endurance flight, 174 hours 5 minutes 39 seconds, is theirs.

At 11:10 last night the record established by the two Texas flyers was equaled. An hour later it was passed. An immense crowd of more than 60,000 cheered lustily. Cleveland's pair of game bird-men had won a noteworthy battle and had brought the record for sustained flight to the fifth city.

Whistles blew, automobile horns [illegible] and sirens screamed when the one hour was reached. The [illegible] lights on Cleveland's terminal tower were turned on, signalizing the breaking of the endurance record and the city went wild.

LANDING SURPRISES

Officials of the Stewart Aircraft Company had stated that the flyers would remain aloft for 200 hours or more.

Roy had signaled that everything was O. K. immediately after the goal was reached and soared away in the darkness.

It was a great surprise, therefore, when the plane suddenly appeared over the airport again and started for the ground.

[illegible] hastily cleared the field and the City of Cleveland glided to the earth after spending more than a week in the sky.

Newcomb and Mitchell, weary but [illegible], were lifted out of the plane and carried on the shoulders of [illegible] to the hangar.

The crowd rushed forward and [illegible] got beyond the power of [illegible]. Thousands of cheering [illegible] surrounded the plane and sought to rip it to pieces.

WIN OVER STORM

The aviators spoke a few words over the radio and then were taken by automobile to a hotel where they will sleep in a bed for the first time in eight days.

The sky was star-studded when [illegible] landed, in a strange contrast to the electrical storm of [illegible]. The two masters of the [illegible] fog, thunderstorms and [illegible] for more than ten hours on the Fourth of July.

The plane buffeted about by a [illegible] gale and torrential rain beat-

(Continued on Page 2, Column 1)

Will Rogers Remarks:

BEVERLY HILLS, July 5. [To the Editor of The Times:] We really ought to have celebrated today (the fifth of July) the small amount of people that lost their lives yesterday, the Fourth. They must be getting harmless powder.

An American Ambassador to England has only really two duties—one is to introduce daughters of prominent Republican leaders to King George and the other one is to make a speech on the Fourth of July that will make England think we are not celebrating us licking them on that date. Charley Dawes did mighty fine. His speech really made it look like England had won.

Yours,
WILL ROGERS.

'UNTIN' HELD FOR DAWN

Bowler Rests at Great Whale

Confusing Signals Indicate Plane's Landing on Hudson Bay

Reports Show Bad Weather Prevails All the Way to Greenland

[Copyright, 1929, by the Chicago Tribune]

CHICAGO, July 5. (Exclusive)—The 'Untin Bowler tonight is at Great Whale on the east shore of Hudson Bay, awaiting dawn and favorable weather conditions for its crew to take off on the hop of 600 miles to Port Burwell, the next stop on the Chicago Tribune's Chicago-to-Berlin flight by way of Greenland and Iceland. This is the purport of the brief messages that were received by radio during the day.

Signals picked up by the low-wave station at Elgin and at Port Burwell, the northernmost point in Labrador, indicated that the big plane had been in flight for only an hour and forty minutes during the morning. The reason for its going no further was contained in a brief report by Parker D. Cramer, copilot, shortly before 10 a.m.

"Landing 9:50 Great Whale. Weather bad," was his text.

On Thursday the Bowler, starting from Lake Remi, Ont., had proceeded past Rupert House at the lower end of James Bay when it encountered rain and poor visibility. Cramer announced then that the

DEBT PACT FOES FAIL

Poincare Foils Opposition

Offensive Defeated in Ruse Aiming at Overthrow of His Government

Premier Remains Unshaken, Although Fate Hangs on Question of Slap

PARIS, July 5. (AP)—The Poincare government scored a signal victory today over the much-advertised offensive of the opposition parties. The government success came after the Chamber of Deputies had played through the new Parliamentary farce of "He who gets slapped," with variations of the American debt settlement to enliven the whole performance.

The Premier stood firm tonight and students of French politics think he will so continue until he is ready to put through ratification of the Mellon-Berenger debt accord in his own way and at his own time, August 1, next.

But on the question of whether the face of Prefect of Police Chiappe had or had not been slapped, hung Poincare's fate for a time today, for the opposition parties used it to cover an attack on the government which they were not willing to overthrow on the direct debts issue.

SLAPPING INQUIRY

Deputy Maurice Dormann, mutilated war veteran, was selected by the opposition forces to make a diversion of the debt discussion. He was to interrogate Minister of the Interior Tardieu and the entire government on whether Prefect of Police Chiappe had been slapped in the face twice by a woman during a demonstration of war veterans at the Arc de Triomphe three weeks ago Sunday.

Tardieu had issued a formal denial that Chiappe's face had been slapped hung Poincare's fate for sidered himself insulted as a war veteran, and demanded a retraction.

This apparently trivial incident had been chosen by the opposition as a chance to bring down the Poincare Cabinet without running the risk before the country of overthrowing the government on the issue of refusal to ratify the Mellon-Berenger accord.

OPPOSITION WITHDRAWS

Premier Poincare and M. Tardieu succeeded in convincing Deputy Dormann that he was being used as a pawn in a game of internal politics directed against the government, and the war veteran finally withdrew.

The opposition withdrew, vowing that the battle was only postponed.

Parliament adjourned until Tuesday with clearly defined divergencies of opinion on ratification of the American debt settlement between the Cabinet and the two most powerful committees of the Chamber.

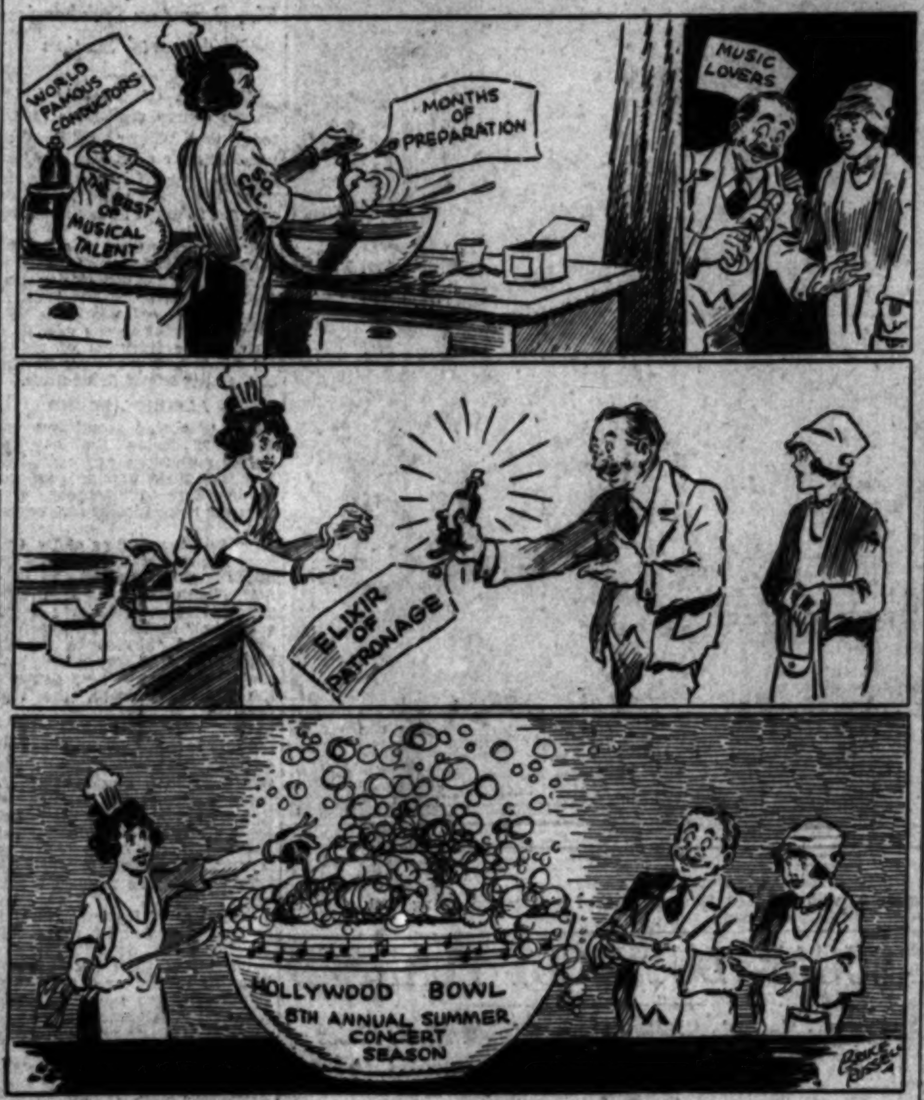
The Finance and Foreign Affairs Committees both voted, by very close figures and with many abstentions, that a safeguard clause protecting France against default by Germany on her war reparations under the Young plan must be included in the very text of the ratification bill.

Premier Poincare had announced he was prepared to stake the life of the government on the question of confidence that reservations must be voted separately and also on unconditional ratification.

Moscow Denies Border Shooting

MOSCOW, July 5. (AP)—Reports published in Bucharest of firing in the Ukraine across the Rumanian frontier at Sorocka were denied in Moscow today.

How to Assure the Proof of the Pudding!



SPRECKELS RICHES TOTALED

Estate Appraised by Special Board at $15,111,854; Bulk Made Up of Stocks

SAN DIEGO, July 5. (Exclusive)—The largest estate ever probated in San Diego county, that of John D. Spreckels, was appraised at a total value of $15,111,854.79 in a report submitted to Superior Court today by the special appraisal board. The report made by Edward N. Goodwin, C. A. Eaton and Florence M. McAuliffe was dated October 3, 1928, although not filed until today.

The six executors of the estate filed affidavit with the report that it contained all tangible property of the multimillionaire developer. Those executors were listed as Claus Spreckels, Grace Hamilton, Lillie Wegeforth, Alexander Hamilton, Walter D. K. Gibson and William H. Hannam.

The largest single item of the estate briefly tabulated accounted for capital stock in the J. D. and A. B. Spreckels Securities Company. A total of 2750 shares held by the deceased was valued at $14,162,500. Various stocks and realty holdings made up the balance.

Spreckels died in 1926.

Wife's Heroism Fails to Save Husband's Life

ATLANTA (Ga.) July 5. (AP)—Mrs. Warren Sanders deliberately took two bullets intended for her husband last night, but when she dropped, the next shot killed him. Today she is near death.

Hayward Sanders, 18 years of age, brother of the 28-year-old husband, confessed in jail today, police said, that he fired the shots during a trivial quarrel. They had been bickering all afternoon, Hayward said, and he obtained his brother's gun.

"Don't shoot," screamed Mrs. Sanders and ran in front of her husband.

Judd Becomes Hawaii Governor

HONOLULU, July 5. (AP)—Lawrence M. Judd became Governor of Hawaii today in a colorful ceremonial at the Territorial Capitol.

Wallace R. Farrington, who retired from office after eight years as Governor, will become president and publisher of the Star-Bulletin, a leading newspaper of Honolulu.

PULLMAN CURTIS CHARIOT

Vice-President Travels Like Ordinary Mortal to Spend Brief Vacation at Home

TOPEKA (Kan.) July 5. (AP)—Home for a visit for the first time since his inauguration, Vice-President Curtis today hobnobbed with his neighbors in the same general way that won him warm friendships during his service of nearly a quarter of a century as United States Senator from Kansas.

At an informal meeting with newspaper men in the red-brick house he shares here with his sister, Mrs. Rome Colvin, and her husband Mr. Curtis reviewed his experiences as presiding officer of the Senate and said his duties as Vice-President gave him plenty to do, despite the belief in some quarters that the office was not an exacting one.

Traveling from the East as an ordinary citizen, the Vice-President occupied a lower berth in a sleeping car. He was surprised that this should occasion comment.

"Why shouldn't the Vice-President ride in lower five?" he asked. "He is nothing but the people's servant. Why shouldn't he ride with the people?"

Mr. Curtis said there was an erroneous impression abroad as to the duties of the Vice-President.

"His duties are just what he wants to make them," he continued. "He may be idle if he chooses or he may be a public servant. I try to be a servant."

Many old friends in Kansas, he said, felt he still was their Senator and called upon him for various favors. "So I have the correspondence of a Senator plus the correspondence of a Vice-President," he added.

One thing he has learned. He can leave the Senate chamber with much more frequency than he could during the days he was the majority leader, but he cannot get too far away from the scene of action as he must always be ready to step into the chair to settle a question of parliamentary procedure or a tie vote.

"We must always be careful not to decide a question in a way that would embarrass the Senate later," he said. "Two of my decisions have been appealed and I have been sustained both times, so I guess I'm getting along 'all right.'"

Referring briefly to the "social war" which centered about his sister and official hostess, Mrs. Edward Gann, Mr. Curtis said there no longer was any issue as the matter had been settled "long ago."

As official "diner out" for the administration, Vice-President Curtis said he had found a tendency on the part of a number of hosts and hostesses in Washington to show a spirit of observance of the prohibitory liquor laws by dispensing with the serving of liquors.

DRIVER DIES WHEN CRASH FIRES TRUCK

Angeleno Loses Life in Arizona as Machine Runs Into Freight Car

PHOENIX, July 5. (AP)—Speeding on his way here from Los Angeles in a large motor truck of the California-Arizona fast freight, L. H. List of Los Angeles was burned to death today when his machine crashed into a freight train one and one-half miles west of Coldwater. The impact ignited gasoline, setting fire to the truck.

The engineer of the freight, seeing the truck speeding toward his train, throttled down and prepared to stop, but the driver crashed into a tank car, according to P. G. Sutton, Coldwater merchant.

Caught in a blazing cab, the driver shouted for aid but members of the train crew who had rushed to the crossing could do nothing but stand by while he burned to death.

Visiting Elks!

THE "TIMES" MAILED BACK HOME

Seven Days—50c

From Sunday, July 7, to Saturday, July 13, inclusive, the days you'll be too busy to write home, relatives and friends can be kept informed of the proceedings, with the complete story of every event, profusely illustrated.

Sunday's edition tomorrow will contain an added feature —a whole pictorial Elks rotogravure section in purple and white.

Subscriptions may be placed at the Times Main Office, Broadway at First, or Times Branch Office, 621 South Spring Street.

GEYSER'S FURY MAY BE FATAL

Belgian Editor Scalded in Yellowstone National Park Not Expected to Live

LIVINGSTON (Mont.) July 5. (AP) Georges Landroy, editor of La Matin, newspaper at Antwerp, Belgium, suffered serious scalds from the spray of Castle Geyser in Yellowstone National Park Wednesday evening, it was learned here today.

Mr. Landroy, member of the European party of journalists touring this country, was waiting for Giant Geyser to play near the Old Faithful Inn and went to look at its indicator to see if the flow was about to start. In doing so, he had to pass close to Castle Geyser. The latter spouted suddenly and literally covered his body with boiling water before he could get out of the way.

The editor was rushed to the hospital at Mammoth, where physicians reported his scalds are extremely severe and that they do not expect him to recover.

The party of journalists plans to sail for Europe the 19th inst. Whether the accident to Mr. Landroy will change their schedule was not learned.

Quake Recorded at Georgetown

WASHINGTON, July 5. (AP)—A sharp earthquake was registered on the seismograph at Georgetown University beginning at 9:30 a.m. today, indicated to be about 4600 miles south.

The maximum intensity was reached at 9:55 a.m.

DEAD FLYER'S BODY DELIVERED BY SEA

ABERDEEN (Wash.) July 5. (AP)—The body of Floyd Lenz, 24 years of age, whose airplane fell into the sea near Copalis, Wash., last night, was washed ashore two miles south of Copalis today. The plane also was washed in by the tide. The craft went into a tailspin shortly after Lenz, a Hoquiam mechanic, took off from the beach for Hoquiam. It fell 500 feet.

AIR-MINDED COWS CAVE IN

Zooming Planes Get Goat of Buffaloed Bovines, So Owners Beef and Cud You Blame 'Em?

KANSAS CITY (Mo.) July 5. (Exclusive)—Cattle in the pastures of Kansas over which airplanes fly are kept in a constant nervous condition and are not making normal weight gains.

It was disclosed today that the Live Stock Exchange here received a letter several days ago from W. K. Waugh, president of the Security State Bank of Eskridge, in which it was urged that the exchange get in communication with the officials of aviation lines here and request planes to fly higher over pastures.

"There is one plane in particular," Waugh said, "which flies a hundred feet and less over herds in this community. The cattle are startled by it. In one instance a herd ran a mile after the plane passed over them. The plane makes the cattle very nervous.

"One day last week the plane caused one lot of cattle to stampede, some being injured. Cattlemen believe that if the ships hold to higher levels the cattle will not be injured. On the other hand, courts may be called on to determine the point.

"Cattle after a time will get used to the airplanes as they have to motor cars, but it is a different proposition when cattle are moved into a strange section, especially from a range country to fenced pastures that are beneath an airplane route."

STREET BATTLES FOUGHT IN NEW ORLEANS STRIKE

Two Dead and Hundreds Injured as Union Sympathizers Burn Cars While Guns Roar

NEW ORLEANS, July 5. (AP)—Historic Canal street was turned into a battle ground today as striking street-car men and their sympahizers fought it out with nonunion workers and police.

The day's casualties show two dead union men, one union man shot through the shoulder, and hundreds of bruised, maimed and injured from both sides from the brickbat, club and gun fights precipitated by attempts of the New Orleans Public Service, Inc., to operate street cars.

Starting early today with the launching of the first car from the Canal-street barn, mob fury rapidly rose until 2000 men and a few women were engaged in attacks on the street cars. Finally the crowd captured the third and last tram to put out from the barn, chased the nonunion and policemen guards off, tore the car to pieces and burned it down to the trucks in front of the Louisville and Nashville passenger station.

ANOTHER CAR BURNED

Previously the crowd had overturned and burned a company motor-trouble car sent to rescue the street car, and set upon the car starters' house and toll shed in the middle of Canal street, demolishing it and applying the torch.

Several hundred men then righted the burned trouble car and pushed it a quarter of a mile to the general offices of the Public Service and shoved it into the door, smashing the jams and creating panic among the women employees and customers. A police riot squad drove them off and dragged the car to headquarters. Farther up Canal street the strikers tore up a section of tracks and rail, and heavy timbers, concrete and other obstacles were placed across the track.

Police admitted they could not control the mob, and firemen had their hose jerked out of their hands when they attempted to stop the fires.

MORE DISORDERS

After receiving reports of the disorders the City Commission Council formally ordered the Public Service to cease attempts to operate the cars for the time being, and instructed the police to break up any street gatherings other than authorized picketers allowed for each car barn. These orders served to quiet the disturbance somewhat, although sporadic trouble continued to break out over the city late in the day.

Sylvan Thibodeaux, union motorman, died this afternoon from a bullet wound through the head received from a volley from inside of one of the street cars, and Joseph Molinerio, 60-year-old car washer, died from a bullet wound in the neck received in the riots of last night. William T. Foret, union conductor, is in the hospital for the treatment of a bullet wound through the shoulder.

All of the operators and police guards on the cars were injured by brickbats which fairly rained on the cars during their brief trips in the street.

The police reported approximately 200 arrests.

STORMS KILL EUROPEANS

Winds and Hail Take Toll

Tornadoes Start in Germany, Swing Into Austria and Make Two Paths

Hundreds Injured and Much Damage Done Buildings and Growing Crops

LONDON, July 5. (AP)—Twenty-eight persons were killed and hundreds injured by a tornado and hailstorms which swept through Central Europe last night and early today, causing widespread damage throughout Czecho-Slovakia, Austria, Jugo-Slavia, Germany and Switzerland.

Growing crops were totally destroyed and many homes ruined in some districts. Telephone and telegraph wires were destroyed and communications interrupted, hampering tabulation of the total of casualties and damages.

START IN GERMANY

The storms, which started in Germany in the form of violent hailstorms, tore down through Bohemia and Moravia. Then swinging westward they turned into Austria, raking the republic north, south, east and west. The disturbance divided, one section sweeping down south through Jugo-Slavia and another continuing westward into Switzerland.

The wind reached a velocity reported to be 100 miles an hour in Austria, where it interrupted shipping on lakes and in the Danube and maintained an average of seventy-five miles an hour.

HAIL KILLS PEASANT

Near Nuremberg, Germany, the storm was especially violent. One peasant was killed, thousands of windows were smashed by hail, crops were damaged and many homes partly destroyed.

Seven persons were killed in Bohemia and Moravia, ten more in Austria and ten in Jugo-Slavia.

Hundreds were injured along the paths of the storms by falling walls, uprooted trees and flying debris.

A number of freak accidents marked their passage. In the village of Ohrozim, Moravia, the wind wrecked the cemetery and exposed the coffins in the ground. At Parbudice, Bohemia, a passenger alighting from a train was blown under the wheels of a coach and was killed when the train started.

Three Killed by Powder Company Blast in Utah

SALT LAKE CITY, July 5. (AP)—Three men were killed in an explosion of dynamite in the "mix house" of the Hercules Powder Company at Bacchus, fourteen miles from this city, this afternoon. They were Willard Jenkins, single, of Magna, Utah; Oliver Shaffer of Bacchus, who leaves his widow and three children, and E. K. Eugene, single, of Pleasant Green.

The explosion set fire to an adjacent building, rocked near-by houses and broke numerous windows. Officials said its cause is undetermined.

DYNAMITE BLAST FATAL

OGDEN (Utah) July 5. (AP)—Richard P. Hammer, 17 years of age, died in a hospital here last night from injuries he received earlier in the day in a premature explosion of dynamite with which he and two other youths were celebrating.

Body of Rainier Park Victim May Never be Found

PARADISE INN, RAINIER NATIONAL PARK (Wash.) July 5. (AP) Anxiously awaiting word from the rescue party searching ice crevasses on the mist-shrouded, treacherous slopes of Mt. Rainier for the body of Forrest Greathouse, park officials at Paradise Inn see a growing possibility that his body has found its final resting place beneath tons of ice in the land of perpetual winter.

No hope is held out that Greathouse, badly injured, could have survived the terrible cold and storms that have raged about the mighty peak since the catastrophe last Tuesday that took the life of Edwin A. Wetzel and sent four others ricocheting down a jagged ice abyss to serious injuries.

Canadian Town in Child Hunt

LIVERPOOL (N. S.) July 5. (AP)—Almost the entire town of Liverpool today was engaged in a woodland search for three girls, the oldest 7 years of age, who left their homes to play yesterday and failed to return.

Two hundred men scoured the woods back of Milton by lantern light throughout the night but found no trace of Doris Martin, 5, and Mildred Martin, 4. Today the searching parties were augmented by men who left their work to assist.

Claim for Raid Damage Filed

SEATTLE, July 5. (AP)—A claim for $1000 damage done to his two-story building here when police raided it a year ago, finding a moonshine still, was filed with the City Council today by C. F. Thiele of Vineberg, Cal.

"I doubt whether a cyclone could have surpassed such a havoc," he wrote the Council, citing broken plumbing, jimmied doors, torn off locks and smashed windows as part of the damage.

PHOENIX PIONEER PASSES

PHOENIX, July 5. (AP)—Mrs. Hallie Orme Thomas, 80 years of age, first registrar of the Daughters of the American Revolution in Arizona and a resident of Phoenix since 1883, died at her home today.

CLEVELAND PAIR SET AIR RECORD

Landing Causes Surprise After Storms

Fuselage and Right Wing Badly Damaged

Fireworks Set Off When Time Elapses

(Continued from First Page)

ing down upon them the flyers dared the low-hanging clouds, filled with electricity, to remain aloft.

Then, with the weather fair, the record in their grasp, they came down, unable any longer to remain in the sky. The flood lights were turned on at the airport early last night and were still on when the plane landed.

The two pilots requested that they be turned on in a note dropped shortly after dark.

It read: "Everything o.k. Whirlwind motor running fine. But be ready to turn on the flood lights as any time we may lose turtle back."

WING DAMAGED

The turtle back is the top half of the fuselage from the cabin to the tail and is a relatively frail superstructure of plywood covered with fabric.

Constant impact with heavily loaded bags on this thin structure during more than a week of contacts between endurance and refueling planes, had so weakened the turtleback that the flyers feared they would lose it, especially if they encountered unusually rough weather.

It could not be learned early this morning whether the damaged turtleback had anything to do with the decision of the flyers to land.

The right wing of the endurance plane also was damaged, having a rip several feet long in it when the plane landed.

At 11:10 the flyers equaled the world's record for continuous flight but there was no demonstration. It seemed that everyone was waiting for the passing of the hour when the world would recognize that a new record had been set.

THEN SHOW BEGAN

After the mark had been tied everyone who had a watch referred to it at least once a minute, and those who had none hung close to those who had.

One minute, two minutes, ten minutes. The very seconds seemed to drag. And yet by listening closely, one could hear the droning in the sky.

Midnight—ten minutes to go. People were hopping about on both feet. Would those ten minutes never pass?

And then some one shouted: "They've made it."

Immediately the crowd went wild. Airport officials brought loads of fireworks out on the field and for the next ten minutes the sky was brightly illuminated with dazzling streaks of fire.

EMBRACE WIVES

The crowd about the airport which had witnessed a celebration when the record was broken remained, because of the traffic jam, for the landing. Police lines held back thousands who pressed forward to congratulate the men.

Mitchell and Newcomb, exhausted by more than a week in the air and rendered virtually deaf by their long fight with the motor roaring steadily ahead of them, were taken from the endurance plane and hurried to the offices of backers of the flight.

Mitchell and Newcomb embraced their wives, said they were happy that they had been able to break the record, and said they had no further comment to make. Weariness brought them down, they said. "We broke that record and that's enough," Newcomb said.

"All I want to do now is sleep," Mitchell declared.

The crowd, following the flyers, broke into the hangar of the Stewart Aircraft Corporation, where they taxied their plane, and at least six persons were trampled by horses of mounted policemen as they held back thousands who pressed near the doors of the hangar.

GIANT GERMAN SEAPLANE READY FOR FLIGHTS

BERLIN, July 5. (Exclusive)—The giant seaplane Do X, capable of carrying 120 passengers on which the Dornier Works at Friedrichshafen at Lake Constance have worked for two and a half years, is completed and will start its flights from the country this month.

A few of the seaplane's distinctive features have been revealed by the experts. It is a three-story Leviathan of the air, with the bottom deck as a hold for fuel, the middle deck for passengers and the top deck for pilots and navigators.

The wingspread measures approximately 158 feet. It is 132 feet deep and 33 feet high. It is driven by twelve Siemens Jupiter motors aggregating 6300 horsepower. The motors are mounted tandem on an auxiliary wing above the third deck. The seaplane's maximum speed is estimated at 200 miles an hour, with an average traveling speed of 119 miles per hour. Experts assert that for a 600-mile flight the new wonder ship can carry 50 per cent more fuel than needed and its full quota of 120 passengers.

CLEAR SKIES AID MENDELL AND REINHART

Clearer weather than they have experienced since they went aloft last Tuesday morning greeted the Culver City endurance flyers, Loren W. Mendell and R. B. Reinhart, as they rounded their eighty-ninth hour at 12:30 a.m. today in a new endurance record attempt.

When Mendell and Reinhart heard over their radio that Mitchell and Newcomb of Cleveland had broken the Fort Worth's record, they sped across the local airport and dropped a note of congratulation to the eastern flyers. They wrote that they hope to topple the new Cleveland mark.

Fog, which has harassed them during their first three nights in the air, was light along the coast last night and the flyers anticipated no navigation difficulty.

The refueling plane Carrier Pigeon, with Paul Whittier and Slade Hulbert aboard, dropped 100 gallons of gas to the endurance Angeleno ship at dusk. This completed a total of 280 gallons taken on during the day in three contacts and was enough to last the Angeleno until noon today.

With its steady throb promising the return of the endurance air record to Southern California the 220-horsepower Wright Whirlwind motor continued to pull the Buhl Airsedan along in wide circles over Culver City last night.

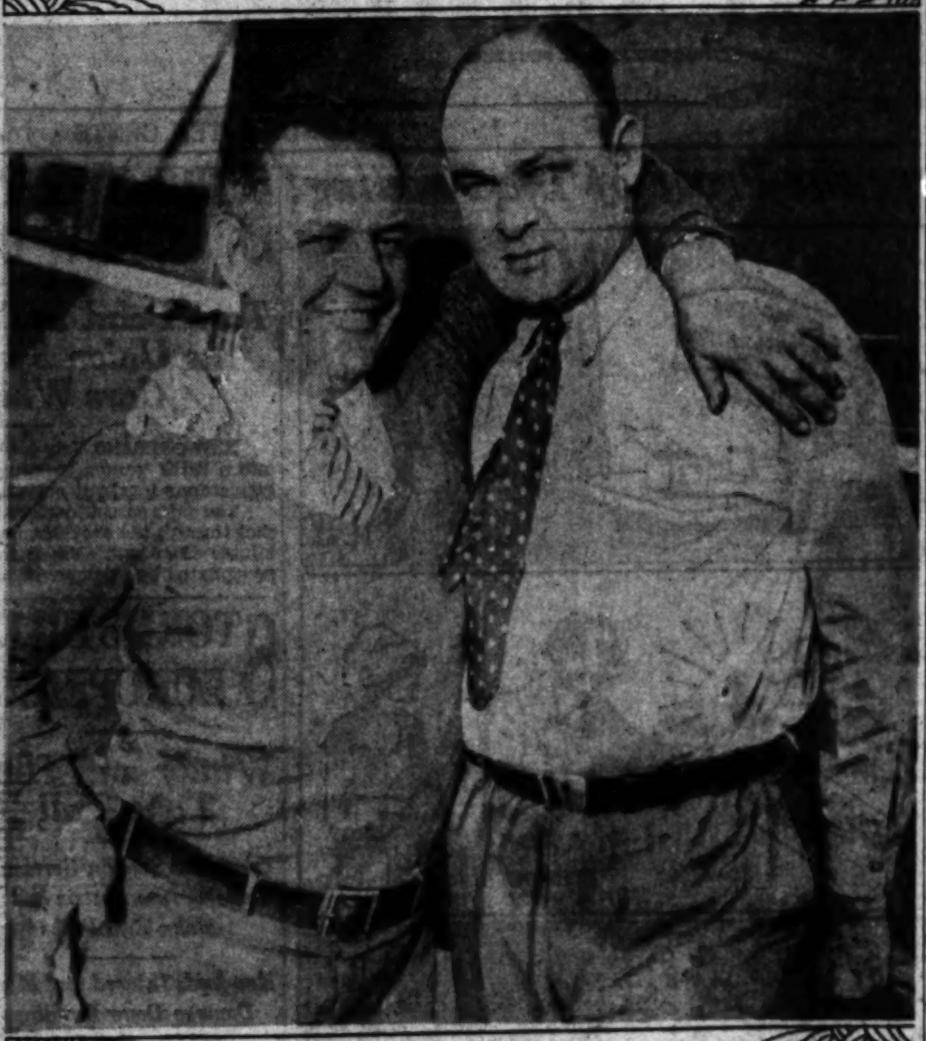
Mendell and Reinhart have recovered from their early air sickness and ate heartily yesterday. They wrote that they are getting plenty of sleep and feel certain they can stay up 400 hours.

Last night's contact with the Carrier Pigeon was the fourteenth time that the two planes came together since the Angeleno took off at 7:29:30 a.m. last Tuesday.

MOTHER OF NINE KILLS SELF

VALLEJO, July 5. (AP)—Mrs. Theresa Cereda, 66 years of age, Solano county pioneer and mother of nine grown children, committed suicide here today by hanging herself to a fig tree in the yard of her home. Her children said she was despondent over ill health.

Flight Pair Who Set New Endurance Record



Air Champions

Roy L. Mitchell and Byron K. Newcomb, who smashed Texans' mark for sustained flying with City of Cleveland.

SUGAR DUTY CUT PLANNED

Senator Smoot's Sliding Scale Would Slash Rates of House Bill's Tariff

WASHINGTON, July 5. (AP)—Tariff rates for sugar lower than those provided in the House bill would be provided under a new sliding scale drafted by Chairman Smoot of the Senate Finance Committee.

In making the announcement today, after completing the tentative draft, Senator Smoot declined to amplify. The plan probably will be made public next week before the entire Finance Committee, which is studying the tariff measure passed by the House.

The sugar schedule is one of the most controverted sections of the House tariff measure. Discussion over it has drawn the attention of President Hoover with a statement that he hoped to see both the consumer and producer protected under the new tariff bill.

Senator Smoot believes his sliding scale proposal will meet with Presidential favor. Under that system the tariff on sugar would be regulated up or down, according to immediate conditions in the sugar market.

The sugar schedule probably will be reconsidered next week along with the new sliding-scale proposal of the Utah Senator.

DEMOCRATS ANNOUNCE FLEXIBLE TARIFF PLAN

WASHINGTON, July 5. (AP)—The Democratic National Committee announced today that Democrats and Progressives in the Senate plan an entire transformation of the flexible tariff provision embodied in the House bill.

Declaring the Democratic program to be a restoration of the nonpartisan, or bi-partisan character of the Tariff Commission, the statement asserted that "under the measure as it passed the House the Tariff Commission is to be changed from its present complexion, which by statutory regulation compels that three members of the tariff board shall be of the majority party and two of the minority party."

"The Hawley bill proposes," it continued, "that the President should have the appointment of this board without reference to party, which, of course, means a partisan board, which will recommend to the President only such changes as he may desire up to 50 per cent and gives to the President the absolute right to make such changes." The Democratic program would have the board report to Congress instead of to the President.

FATHER OF KIP FACES BALM SUIT

Rhinelander's Wife Plans to Seek $500,000 on Charge of Love Alienation

WHITE PLAINS (N. Y.) (AP)—Mrs. Alice Jones Rhinelander, quadroon wife of Leonard Kip Rhinelander, scion of an old New York family, today signed complaints in a $500,000 alienation of affections suit which she will bring against Philip Rhinelander, her father-in-law.

Mrs. Rhinelander plans the suit, her attorneys announced, along with the separation action which she will bring against her husband.

The latter action, Mrs. Rhinelander's attorneys said, has been contemplated for some time but has been delayed because they did not know the whereabout of Rhinelander, who recently was revealed living in Las Vegas, Nev., where he announced he is planning divorce proceedings.

In the action against her father-in-law, it is announced, Mrs. Rhinelander will charge that he was instrumental in taking his son away from her after they had lived together hapily for three months.

COSTA RICANS MAKE RELIGION COMPULSORY

SAN JOSE (Costa Rica) July 5. (AP)—A bill has been introduced in the Costa Rican Congress providing for compulsory religious training in schools and abolishing a law prohibiting the entry of religious communities in the republic. President Viquez, opposing the bill, stated that he would veto it if it were passed by Congress.

Publishers Act in Newspaper Publishing Row

ASHEVILLE (N. C.) July 5. (AP)—A resolution condemning the purchase of newspapers by interests affiliated or identified with the power and news print or similar industries was passed unanimously today by the Southern Newspaper Publishers' Association. It reads:

"Be it resolved by the Southern Newspaper Publishers' Association in convention assembled that the purchase of newspapers by interests affiliated or identified with the power and news print, or similar industry is contrary to sound public policy, and to sound journalistic policy, and is a menace to a free press and free institutions of these United States."

Paris Students in Dire Straits

PARIS, July 5. (AP)—Paris is trying to find sustenance for thousands of university students who, following upon the closing of the schools for the summer, find themselves on the streets with scarcely a sou in their pockets. Of 100,000 men and women registered in the universities of France, 20,000 are in Paris. This number does not include students of art and music.

About 7000 of the Paris students earn their own living and tuition fees. Film theaters furnish employment for some as ushers.

WALL STREETERS FIX MODE

Four Beau Brummels of Finance Center Hailed as America's Kings of Fashion

NEW YORK, July 5. (Exclusive)—Four prominent Wall-street men whose names have appeared often in the social columns of newspapers "made" the fashion notes today when it was revealed that they are and have been for some time the American kings of fashion, like the Prince of Wales, Prince George, Lord Westmoreland and Sir "Jock" Buchanan-Jardine in England.

The quartet is composed of Anthony J. Drexel Biddle, Andre De Coppet, Edward F. Hutton and William Goadby Loew. These men, according to Mrs. Leslie Wall, fashionist for men's wear for a department store chain, have been watched covertly for indications as to what the style was and would be for a long time.

They typify "the man with plenty of leisure, time and money," Mrs. Wall declares. When they wear lounge jackets just an inch longer than is usual away, scurry the fashion watchers to manufacture by the dozen lounge jackets just an inch longer than usual.

But it took Mrs. Wall in a memograph story issued by the department stores to give the secret away to the four arbiters of fashion today. They did not know the clothing trade was as interested in them as Mrs. Wall says.

Biddle could not be reached today. De Coppet is abroad, but his secretary declared he never had heard the story before and thinks De Coppet will be surprised to learn of it.

"Mr. Hutton's interest in clothes is practically nil," the Hutton secretary declared. "He always is well dressed, of course, but I think you would be astonished at the small amount of money and time he spends on his clothes a year."

Loew's secretary reported that Loew knows nothing about this matter. She remembered, however, that a similar story, designating Loew as one of the two best-dressed men in Paris, had appeared some years ago in a newspaper.

Three of the fashion monarchs are wall-street men in the strict sense of the word. Biddle is, besides being patron saint of the swanky new Central Park Casino, with the Garland Steamship Corporation.

De Coppet is senior partner at 37 years of age, of De Coppet & Doremus. Hutton is head of the firm of E. F. Hutton, brokers, and Loew is a partner in Loew & Co.

STULTZ DEATH LAID TO LIQUOR

Alcohol Found in Stomach and Brain of Flyer

Aviator Said in Report to Have Been Drunk

War Begun on Speakeasies in Airports' Section

MINEOLA (N. Y.) July 5. (AP)—Nassau county authorities reported today that Wilmer (Bill) Stultz, trans-Atlantic pilot, was intoxicated when he took off on the crazy stunt flight in which he and two passengers fell to death at Roosevelt Field Monday.

The announcement was based on a report of Dr. Alexander O. Goettler, New York City toxicologist, who chemically analyzed the airman's vital organs, and was made public immediately before the officials declared their intention of cleaning out speakeasies in the neighborhood of the Long Island flying fields.

ALCOHOL FOUND

Two speakeasy proprietors were questioned during the day, and county authorities and officials of Roosevelt Field were in conference in an effort to determine where rests the responsibility for the tragedy.

Pending the reading of Dr. Goettler's report at an inquest next week into the three deaths, Asst. Dist.-Atty. Huntington said the report states there was a "large amount of alcohol" in Stultz's stomach and brain," and "alcohol in the liver and kidney." "The conclusion is that the man was very drunk at the time of his death," the report declared.

"FALLING LEAF"

Stultz, Edward Harwood and Pasquale Castelluccio, riding in a plane owned by John Hay Whitney, millionaire sportsman, crashed near Roosevelt Field after Stultz had sent the craft into a "falling leaf" at a height of about 300 feet. The passengers were killed instantly and Stultz died as he reached a hospital.

Operators of Roosevelt Field immediately disclaimed responsibility for the crash, declaring they are governors of their own pilots but have no control over the work of free-lance flyers, such as Stultz became after he piloted Miss Amelia Earhart to Wales in the monoplane Friendship a year ago.

County authorities exonerated the owners of the field, but the District Attorney's office announced it will begin a campaign against drunken flying, although the announcement by the Assistant District Attorney said there has been little intoxication on the part of the pilots. Officials said they have obtained the names of bootleggers who supplied Stultz with liquor.

'UNTIN' BOWLER AT HUDSON BAY

(Continued from First Page)

expedition was turning back to the settlement.

Apparently this program was carried out only in part. The Elgin radio plant heard the motors going for the first time today at 8:10 a.m. The elapsed time between the take-off and the reported landing at Great Whale, farthest north of the Hudson's Bay Company posts, was not sufficient to have covered the necessary flying between the little settlements. The supposition was that they had halted on some lake or inlet along the coast of the historic bay overnight.

Because of the advantage in distance, lack of interference by other stations and the intervening topography, the Port Burwell station had much better reception of the message than the local one. At Elgin it was said that the listener who had been on the set since 5 a.m. caught the first whir of the motor at 8:10 and this continued weakly until the final fade-out that meant the sliding down of the Bowler to a landing. On the other hand the Candian marine station on Camp Chidley indicated that the signals were loud. Another station at Hope's Advance, across Ungava Bay from Burwell, also had good reception.

Continuously bad weather has prevailed over the wastes of the great north country of Canada since the take-off at Lake Remi. The special flying report for Pilots Gast and Cramer and Reporter Wood issued at 8 a.m. today held no note of optimism. It stated that the barometeric pressure continued low over the eastern part of the Dominion and that a deep depression was centered near Port Burwell and moving slowly eastward and northeastward. Fog and rain prevailed at the latter place. The forecast was for a mostly overcast sky over the route the flyers are to traverse on the next hop, with rain, fog and possibly snow and sleet near the eastern terminus through the day.

No fears have been held at any time for the safety of crew of the amphibian plane which is charting the northern land and water route to Europe. They had strict orders to await good flying weather and not to attempt speed records.

Al Capone Pair Held in Paris

PARIS, July 5. (AP)—Admitting that they were spending the proceeds from bootlegging operations in Chicago, two men were arrested here today who gave their names as William MacCherry and Robert Miller. The French police say the men are members of the gang of "Scarface" Al Capone.

The prisoners say they left Chicago because it was getting "unhealthy."

SPEEDING AUTOMOBILE HITS SONOMA SHERIFF

PETALUMA, July 5. (AP)—Sheriff E. Douglas Bills of Sonoma county was struck and hurled thirty feet today by an automobile driven by M. V. Chesebro, Hollywood garage owner. Bills was taken to the Central Hospital with a possible fractured skull, internal injuries and a broken left leg. Chesebro was arrested on a charge of reckless driving and held in default of $250 bail.

CROWD STORMS HARDINGE TRIAL

Extra Bailiffs Called When Mob Threatens Riot

Miss Livingston Again Denies Witnesses' Testimony

Balm Suit Expected to Go to Jury This Morning

CHICAGO, July 5. (AP)—Extra court bailiffs were called today to subdue an excited crowd as evidence in the sensational trial of Ann Livingston's $250,000 breach of promise suit against Franklin Hardinge, white-haired manufacturer, came to an end.

The crowd, its appetite whetted by the dramatic testimony presented during the past two days, battered at the doors of the courtroom on opening of the afternoon session and for several moments threatened riot. Hundreds of disappointed persons still were waiting in the halls of the court building and hoping for a glimpse of the proceedings when the last witness left the stand.

BACK ON STAND

Miss Livingston went back on the stand to elaborate on her denial of the testimony given by Mrs. Victor C. Heath of Omaha Wednesday. Mrs. Heath had attacked the plaintiff's girlhood reputation. Miss Livingston denied ever seeing her.

She also denied the testimony of Mrs. James Beyer of Tulsa, her former landlady, who testified that Miss Livingston said she intended to marry Hardinge, divorce him and get what money she could.

SISTER ON STAND

Mrs. Bernice Tatom, of Little Rock, Ark., sister of Mrs. Heath, was placed on the stand by the defense as a surrebuttal witness to impeach Miss Livingston's repudiation of Mrs. Heath. Mrs. Tatom said Miss Livingston once came to her home with her sister.

Attorney Benjamin Ehrlich, representing the plaintiff, succeeded in having Mrs. Tatom's testimony stricken from the record.

The bulk of the testimony during the afternoon session was technical and concerned the legality of the prenuptial contract, which Hardinge contends Miss Livingston refused to sign.

Liquor Theft May be Traced to Employees

CHICAGO, July 5. (AP)—Looting of the Sibley warehouse of $2,000,000 of prewar whisky may be traced to warehouse employees in conspiracy with bootleggers, government officials said today.

The officials, who asked that their names be withheld, declared Prohibition Administrator Yellowley's inquiry had failed to involve prohibition agents, inspectors or other government employees.

A grand jury investigation of the affair has been ordered by the Commissioner of Prohibition at Washington.

Pathfinder Set for Rome Hop

OLD ORCHARD (Me.) July 5. (AP) The monoplane Pathfinder was flown from Scarboro airport, six miles from here, to Old Orchard Beach late today in anticipation of a take-off for Rome tomorrow morning between 5 and 6 o'clock.

Lewis A. Yancy, navigator, said he has received reports of favorable flying conditions over the ocean from Dr. James H. Kimball, New York weather forecaster, and that the plane would be put in readiness tonight for the hop.

CONVICT WHO DREW COLOR LINE KILLED

MICHIGAN CITY (Ind.) July 5. Harry Stepp, 35 years of age, a convict in the Indiana State penitentiary, was stabbed to death by a negro convict yesterday as he marched back to his cell from the Independence Day baseball game in the prison yard.

Stepp had refused to shave the negro in the prison barber shop.

FOUR TAKEN FOR DEATH IN LIQUOR RAID

Oklahoma Shooting Leads to Murder Charges Being Filed Against Dry Agent

TECUMSEH (Okla July 5. (AP)—First-degree murder charges against W. W. Thomason, Federal prohibition officer, Jeff Harris, Tom Little and John Williams, who participated in a liquor raid near here yesterday which resulted in the death of one man and the wounding of another, were filed late today by Randall Pitman, County Attorney.

The dead man was James Harris, 35 years of age, a farmer. His brother-in-law, Oscar Lowery, was wounded by the men as they were searching Harris's farm for liquor.

Jeff Harris was held in the County Jail here while the three other men have not been arrested, Pitman said. The County Attorney said he understood that Thomason was the only one of the quartet who is an enforcement officer.

RUM RUNNER SHOT AND BOAT TAKEN

DETROIT, July 5. (AP)—Attempting to run the rum blockade in the Detroit River at 1 a.m. today four men were arrested and their liquor-laden boat seized after Coast Guards had fired several shots at them. One of the four arrested was shot in the leg. A fifth man, believed to be wounded, escaped by swimming into Canadian waters.

BOARD GETS WARNING AT UNIVERSITY

Judge Threatens to Cite Trustees for Contempt in Des Moines Dispute

DES MOINES (Iowa) July 5. (AP) District Judge Shankland today told the board of trustees of Des Moines University it will be cited for contempt of court if it performs any further act judged by the court to interfere with the rights of students or the operation of the school.

"I want an order drawn broadening the words of the previous injunction granted so that there can be no question as to what acts performed by the board shall be considered violations of the writ issued," he said.

The school was operated under an injunction from May 13 to June 4, and sixty seniors were granted diplomas by President H. O. Wayman and the faculty without the consent of the board. The board subsequently declared these diplomas illegal, and sent notice to the students that they would be exchanged for "proper, legal certificates or diplomas."

The attorney for the trustees argued that the board was acting within its managerial rights in offering to exchange "injunction" diplomas for certificates of graduation signed by the trustees.

SUSPECT TO BE EXTRADITED

OLYMPIA (Wash.) July 5. (AP)—Gov. Hartley today honored the requisition of Gov. Young of California for the return of A. H. Withoft, held in Chehalis and wanted in Contra Costa county on a charge of writing worthless checks.

DESERT SET GRIPS LONDON

Mrs. Hoyt's Death Valley Tableau Proves Most Interesting Feature at Chelsea Show

LONDON, July 5. (AP)—A couple of California coyotes and a pile of bones bleaching amid the sun-baked cacti of Death Valley "stole" this year's show of the Royal Horticultural Society. One of the most gorgeous collections of orchids ever shown here was of only secondary interest to the Londoners who thronged about the desert exhibit and asked Mrs. A. Sherman Hoyt, who brought it here, innumerable questions about the American Southwest.

Some of them wanted to know if all California was like that, which necessitated the explanation that only a lack of airplane transportation across the Atlantic had prevented the wealthy American from bringing also an exhibit of fresh flowers from the Pacific Coast.

"I took the whole collection across the continent to Boston in a freight car, a refrigerator car and six airplanes," she said. "The airplanes were for the flowers, to keep them fresh for an exhibition there. If I could have found half a dozen Lindberghs to fly them over the ocean the flowers would have been here, too."

In Boston, Mrs. Hoyt added, she put her California blossoms in a bathtub at her hotel as fast as they arrived by plane, thus preserving their freshness until she could get them to the exhibition.

Permitting stuffed coyotes and other examples of the taxidermist's art to mingle on Chelsea Embankment with the prize blooms of all England broke a flower show precedent of long standing. It was the first time the directors had permitted the fauna of a region to be exhibited along with the flora. Until Mrs. Hoyt arrived with her desert taxleau not even a stuffed nightingale had been allowed to dispute the Chelsea limelight with the flowers.

Besides the desert cacti and their panoramic background there was in Mrs. Hoyt's exhibit a California redwood tableau. The crowd took interest in the big trees, too, but it was in front of the cacti and coyotes that a London policeman had to be stationed to keep the folks from crowding too hard against the ropes.

Mrs. Hoyt is chairman of the California conservation committee of the Garden Club of America, and, in consequence of her desert exhibit, the possessor of the 1929 Royal Horticultural Society gold medal.

FIRES IN NORTH UNDER CONTROL

Mill Valley Business Area Saved from Flames

Loss Officially Estimated at $1,000,000

Mother and Her Two Sons Believed Victims

SAN FRANCISCO, July 5. (Exclusive)—Although several new fires, raging on brush lands, were reported to forestry officials today, the situation generally north of the Tehachapi was declared beyond immediate danger.

The worst, that in Marin county, was pronounced controlled, with the danger of the destruction of the business district of Mill Valley averted. With the announcement, Fire Warden Gardner reported to Sacramento that the actual loss is [illegible], and the burned area [illegible] acres. His figures for the loss, however, do not cover art treasures and reconstruction, but are based upon the estimated market value of the residences actually destroyed.

THREE MISSED

Three persons remain unaccounted for and fear is felt they perished in the flames while trying to save their homes from burning. They are Mrs. Emily Sterne, [illegible], and her two sons, Hunter, 13 years of age, and Wayne, 10. They have not been seen since Tuesday afternoon.

A threatened food shortage was averted after E. T. Ross, chief State health inspector, surveyed the situation and the Red Cross obtained [illegible] loaves of bread and other food supplies from San Francisco, which were rushed to the scene by a special ferry boat and special train. Reconstruction plans were begun tonight at a meeting held in the Mill Valley Town Hall.

THREE STILL BURNING

Three fires continued to burn, but they were believed to be checked so they cannot cause any appreciable damage, even if they flare again. These are in Mill Creek canyon, two miles northwest of the city, in upper Cascade Canyon and on Slide Ridge, directly above the [illegible] home of Ralston White, where Tuesday's disastrous blaze got its foothold.

Early tonight, Fairfax fire officials appealed for help when a fire believed to have been started by a spark from a locomotive got going in brush above Manor Station and was reported eating toward Sleepy Hollow, which contains the widely known country estate of the late [illegible] M. Hotaling.

A shift of wind aided in controlling this blaze two hours later after [illegible] acres of grazing land had been burned over.

SNAKES GLUT ROADS

Throughout most of the fire district, fire fighters had to exercise extreme care. Hundreds of snakes, driven from their lairs by the extreme heat, glutted highways and railroad rights of way, striking viciously in every direction. Officials shot them as fast as they came upon them.

Mrs. Julian Arnold, wife of the American commercial attache to China, telephoned from Berkeley today telling of her safety, relieving apprehension which had arisen.

The injured list mounted to more than 100 today for the three-day period of the fire menace. This represented persons who received treatment at the Red Cross emergency hospital or were taken to other hospitals in the vicinity.

Electric lights were restored and gas line breaks repaired today, allowing many of the 5000 residents of the town to have their first home-cooked meal since Tuesday night.

Two new fires were reported in Tehama county, the largest in the Paynes Creek district southwest of Red Bluff, and the other east of the city. Neither threatened any residences and the region was described as one chiefly covered with small timber and underbrush.

A fire was being fought in Butte county but was giving no great concern.

Conditions were favorable in the vicinity of Santa Cruz and at Mission Springs, where a Swedish mission church convention was disrupted by the fire. Sessions were resumed today.

HOLY CITY SAFE

Holy City, head of a Santa Cruz mountain religious colony, was pronounced safe after being threatened.

One blaze, difficult of access at the head of Newall and Zyante creeks, in the Santa Cruz Mountains, was all that remained to cause concern in the district which suffered a $500,000 loss in the last three days. Eight hundred men were said to be fighting fire in the creek section. There are no ranches or homes in the district but almost a solid growth of small timber.

The Madera county fire, largest of all in the area of 100,000 acres burned over, was reported controlled. The new fire-fighting trucks of the State were declared to have proved their worth in this section. Had it not been for the trucks, it was said, the backfiring necessary to stop the flames would have burned over several thousand additional acres.

ACTOR HAS OPERATION

VIENNA, July 5. (AP)—Paul Hartmann, noted German actor, today underwent an operation for mastoiditis, which developed after he had caught cold at an open-air performance.

CALLS OF "FIRE" PLACED ON FILE

Department in Hull, Mass., Can't Be Everywhere at Once, Can It?

HULL (Mass.) July 5. (AP)—Life has become so complicated in this town that busy firemen simply can't wait on two customers at once and if you have a bright little blaze to report the best you can do is to get your order taken.

That, at least, was the situation over the Fourth, one citizen who sought to get the apparatus out right away was told there were two fires ahead of his and these would have to be taken care of first.

FARM-AID BOARD SESSION CALLED

Hoover Fixes Meeting Date for Five Members

Three Others Expected to be Available Soon

President Names 15th Inst. for First Session

WASHINGTON, July 5. (AP)—President Hoover has called the first meeting of the Federal Farm Board for the 15th inst.

The President feels that with five of the board's eight members ready to begin business, and with acceptances of appointments tendered which he expects before that time, the board will be ready to function by that date.

The President is hopeful that he will be able to announce the complete personnel of the board shortly after his return from a week-end visit to his Virginia fishing camp.

FIVE PLACES FILLED

Five of the board's eight places now have been filled. Alexander H. Legge of Chicago will serve as chairman and give the group the advice of a man experienced in the field of general business. James C. Stone will represent the tobacco growers and serve as vice-chairman; Carl Williams of Oklahoma City, cotton; C. B. Denman of Farmington, Mo., live stock, and C. C. Teague of Santa Paula, Cal., the fruit growers.

Of the three vacancies, the President is planning to fill one with a spokesman for the wheat-growing industry, and another with a representative of the dairying industry. If Mr. Hoover follows his original intention, the eighth place will go to a man experienced in banking and finance, but there have been indications that he may give up this idea and appoint a second wheat or cotton man.

BOARD MAY ACT

Although Senate confirmation is necessary for the members, the board, if completed before the Senate reconvenes on August 19, next, may immediately begin to function under recess appointments. It is expected to first turn its attention to the wheat surplus. Congress has already made $151,500,000 of the $500,000,000 appropriated for the board available for action.

L. W. Baldwin, president of the Missouri Pacific Railroad, conferred briefly today with President Hoover and reported that business conditions are good in the farm sections served by his road. He said that although it is too early for the farm bill to have had a practical effect, the passage of the measure already has had a "psychological effect" upon the farmers of the area traversed by his line.

MOODY AIRS DE PRIEST CASE VIEWS

Texas Governor Gives Approval to Only Part of Legislature's Criticism

AUSTIN (Tex.) July 5. (AP)—Gov. Moody today approved in part and disapproved in part the concurrent resolution passed by the Texas Legislature condemning Mrs. Herbert Hoover, wife of the President, for entertaining the wife of a negro Representative at a White House tea.

"Any part of this resolution which may be reasonably construed as a personal criticism of the wife of the President of the United States of America does not have my approval, and I decline to have any part in it," he said in a statement filed with the document in the office of the Secretary of State.

Referring to a section of the resolution which reminds southern Democrats who voted for Hoover that they had been cautioned that such incidents as the one condemned might happen, the Governor said: "Recognizing the right of every citizen to vote his own convictions, I do not assert the right to officially upbraid any because they exercise the liberty to hold and vote views different from mine, nor do I approve any attempt at official criticism of any citizen's vote."

The resolution has his "hearty approval" in so far as "it condemns customs that bring the two races into contact on the same social plane," he stated.

Sheriff Denies Beer Charges

SAN FRANCISCO, July 5. (Exclusive)—An accusation from the witness stand in the Alameda county beer-graft trial that Sheriff Fitzgerald of San Francisco had attended an East Bay picnic in which he had taken part in the arrangements for serving beer, was denied by the Sheriff today.

He admitted having been chairman for the picnic committee but said that to accuse him of seeing beer there and signing a check for it was "obviously silly."

CO-ORDINATED TRAFFIC TO BE MEETING TOPIC

BOISE (Idaho) July 5. (AP)—Outstanding in discussions of the Western Association of State Highway Officials next week in their Boise meeting, will be plans for a co-ordinated traffic survey of all the eleven Western States, R. H. Shoemaker, office engineer of the bureau of highways, announced today.

FIREBUGS SOUGHT FOR BLAZE AT OAKLAND

OAKLAND, July 5. (AP) — The Hunt Brothers packing plant in Hayward was swept by fire today for the second time in two months. Damage was estimated at $75,000. Police said they believed the blaze was incendiary. Two months ago the plant was damaged to the extent of $250,000.

TEACHERS TURN FIRE ON R.O.T.C.

Federation Declares Against "Militarizing" Minds

Cultural Salary Demanded for All Instructors

State-wide Pensions Appeal Backed at Session

CHICAGO, July 5. (AP)—The American Federation of Teachers has adopted unanimously, a resolution condemning R.O.T.C. units in high schools and attempts "to militarize the mind of America."

Thirty-seven delegates in convention voted for the resolution, which met opposition only from a few who favored the use of stronger language or the adoption of amendments widening its scope.

The organization is affiliated with the American Federation of Labor.

OTHER ACTION

In addition to condemning scholastic military training, the teachers adopted resolutions protesting the denial of citizenship to Mme. Rosika Schwimmer, pacifist, urging the pardoning of Thomas J. Mooney and Warren K. Billings, convicted in connection with the bombing in San Francisco on preparedness day in 1916, and urging the pardoning of an I.W.W. serving time in the State of Washington for slaying a man at Centralia, Wash., on Armistice Day, 1919.

A "cultural salary" for school teachers to provide them with the requirements of their profession was agreed upon today as a necessity by the federation. The convention declared the teachers are justified in fighting for higher pay and went on record in favor of a minimum annual salary of $2000 to be raised annually for ten years.

The teachers said a cultural salary is one which will allow them enough to live, travel, broaden their own education and to save.

FIGURES QUOTED

The convention said only 2½ per cent of the nation's income is spent for education, compared with 8½ per cent for crime prevention, and 22 per cent for luxuries.

Resolutions urging State-wide pensions for teachers also were adopted. The federation reaffirmed its stand that teachers should not be subjected to restrictions concerning bobbed hair, short skirts, dancing, smoking and card playing not imposed on members of other professions.

Miss Mary C. Barker of Atlanta was re-elected president for her fifth term and Mrs. Florence C. Hanson of Chicago was chosen for a third term as secretary.

Jensen Spikes Rumor That He Will Quit Post

SACRAMENTO, July 5. (Exclusive)—Arriving home today from a six weeks' trip in the East and Middle West, Earle Jensen denied reports that he will resign as State Director of Institutions.

Rumors concerning the resignation of another State officer, Stephen Barneson, Real Estate Commissioner, also have been spiked. Gov. Young states that he has received no intimation from Barneson that he intends to quit, and furthermore, the Governor said, that so far as he is concerned Barneson is filling the office most ably.

Trains' Crash Injures Many

ST. LOUIS, July 5. (AP)—Thirty-three persons were injured, none seriously, when a Burlington passenger train from Kansas City backed into a Frisco accommodation train just outside the Union Station here this morning.

Two wooden coaches of the Frisco local, both crowded with residents of St. Louis county on their way to work downtown, were pushed from their trucks and the rear coach was badly crushed.

All of the injured were on the two coaches.

Drunk Arrests Tally Hundreds

MILWAUKEE, July 5. (Exclusive) "Milwaukee must be dry today," remarked Judge Page in Municipal Court. "How could it be otherwise if this bunch is only a part of the celebrators?"

"This bunch" referred to were 275 drunks arrested by police on the Fourth. Court attaches said it was a new high record for the number of inebriates who were disturbed by police while celebrating Independence Day in their own way.

CHINESE COMMITTEE TO REORGANIZE RADIO

SHANGHAI, July 5. (Exclusive)—The National government has appointed a committee of five, consisting of the director of political affairs of the executive Yuan, two members each from the national construction commission and the ministry of communications for the purpose of transferring all radio activities from the construction commission to the ministry of communications.

FINANCIER SUCCUMBS IN BRAZIL FESTIVITIES

RIO DE JANEIRO (Brazil) July 5. (Exclusive)—John Jeremiah O'Connell, 46 years of age, one of the representatives of the Electric Bond and Share Company of Rio De Janeiro, died suddenly yesterday. While attending a program in commemoration of Independence Day at a country club he became ill and was taken by friends to a near-by residence, where he succumbed a short time after his arrival. Mr. O'Connell had married a few months ago.

OASIS CLOSED TO OUTSIDERS

Canadians Bar Liquor for Lake Excursionists at Coburg Store

TORONTO (Ont.) July 5. (AP)—The Ontario liquor control board has ordered that no more temporary permits be issued at the Coburg liquor store during the time the boat which crosses Lake Ontario daily from the United States is docked in the town harbor.

United States citizens arriving on the boat, the board has been informed, have been flocking to the store during the one or two hours at their disposal and lines have formed regularly on the street outside.

Temperance people of the town complained.

TWO HURT IN SAN QUENTIN STABBINGS

Los Angeles Prisoner Accused of Critically Wounding Convict

SAN QUENTIN PRISON, July 5. (AP)—Two convicts were stabbed, one of them critically, in prison cutting affrays last night and today. Ed Bridges, serving terms of five and ten years from Oakland, is in the prison hospital with a punctured lung. He named Al Spencer, committed from Los Angeles for burglary, as his assailant. Spencer is said to have admitted the assault, asserting that Bridges "doubled up on a pal of mine."

Bridges, reputed leader of an Alameda County Jail break in 1926, at first tried to conceal the cause of his wound. He told prison doctors he leaned against a rail while attending an Independence Day ball game. Later he said Spencer stabbed him with a rat tail file.

William Kent, the other stab victim, was treated for several minor wounds. He said he does not know the identity of his assailant.

Pay Not Issue in Strike Vote of Engineers

CHICAGO, July 5. (AP)—A strike vote being taken among the locomotive engineers of three Western railway systems involves questions of representation and mileage for extra engineers, and a wage increase is not an issue, said R. E. Edrington, assistant grand chief engineer of the International Brotherhood of Locomotive Engineers, in a statement today.

Edrington pointed out that an Associated Press dispatch July 2 quoted him erroneously in crediting the strike vote to a two-year wage controversy between the locomotive engineers and the railroads of the United States and Canada.

The vote is under way among engineers of the Missouri Pacific, the Terminal Association of St. Louis and the Milwaukee Railroad and should be completed about July 15, Edrington said. Negotiations with other railroads have not reached the point where a reference to the brotherhood membership is necessary.

Scion of Taylor Appears in Court

CHICAGO, July 5. (AP)—Mrs. Marion Taylor Hollander, a descendant of President Zachary Taylor, appeared in Superior Court today to aid in prosecuting her divorced husband, George Hollander of Chicago, once the family chauffeur, on a charge of perjury.

Hollander obtained a divorce last November by default after charging misconduct on the part of his wife with one Otto Lang. He said he was ready to go to trial to prove his charges were not perjury.

Officer Held in Death of Convict

TAVARES (Fla.) July 5. (AP)—Chris Stephenson, veteran deputy sheriff, is charged with murdering Homer Jenkins, an escaped convict, in a warrant issued today.

The charge is based on statements by the slain man's widow that she had been intimate with the deputy and that he was aiding her husband and two other convicts to flee the State when the shooting took place. Her statements, police said, were corroborated by Bessie Holland. The two women are charged with aiding in the slaying.

Russians Reject Trotzky's Sister

MOSCOW, July 5. (AP) — Olga Davidovna Kameneva, sister of Leon Trotzky, who now is in exile, has failed of re-election as president of the All-Russian Society for Cultural Relations Abroad. She had been removed from active duty about a month ago.

At the annual meeting of members of the society F. N. Petrov was selected to fill the presidency.

Hoovers Reach Fishing Camp

MADISON (Va.) July 5. (AP)—President and Mrs. Hoover, accompanied by their son, Herbert, Jr., and four guests, arrived at the Chief Executive's fishing camp in the Blue Ridge Mountains near here tonight after driving virtually the entire distance from the White House in a hard rain.

LABOR REVEALS FOREIGN POLICY

Cordial Feeling Pledged to United States

Russian Relations Declared Never Broken

Immediate Evacuation Urged for Rhineland

LONDON, July 5. (AP)—Three of the principal issues in foreign policy which the Labor government must meet were outlined in the House of Commons today by Foreign Secretary Arthur Henderson.

Disarmament conversations with the United States, briefly were disposed of with an exchange of cordial good wishes and thanks between Sir Austen Chamberlain, late Conservative Foreign Minister, and his Labor successor. On behalf of the Conservative opposition, Sir Austen said:

"I believe myself we can best contribute by refraining from public discussion at this stage in matters which must be treated privately in the first instance if they are to produce full results. I therefore confine myself to wishing from the bottom of my heart, success in the task."

Mr. Henderson committed himself no further in the matter than by thanking Sir Austen for his generosity in dealing with the subject.

SURPRISE ON RUSSIA

On the questions of recognition of Russia and evacuation of the Rhineland, two of Labor's other important foreign problems, Mr. Henderson made more definite and pertinent statements.

He sprang a surprise on the house with regard to the Russian question by informing it that legal experts of the British Foreign Office consider that diplomatic relations with Russia never have been severed at all.

These experts maintain that, since recognition never has been withdrawn, diplomatic relations really have continued. Mr. Henderson said that the Labor government is seeking only resumption of normal trade and commercial relations broken off by the Conservatives after their raid on Arcos House, London seat of the Russian trade delegation, in May, 1927.

EVACUATION URGED

Referring to the Rhineland, the new Laborite Foreign Secretary said that evacuation as expeditiously as possible is essential in fairness to Germany, which, so far as he is able to see, has carried out the whole conditions imposed on her by the Treaty of Versailles and therefore is entitled to evacuation.

At the same time, while Great Britain should make unmistakably clear that evacuation should occur as soon as possible, he is convinced and agrees with his predecessor in office that it would not be in the interest of the peace of Europe if this step were taken by degrees and stages.

Great Britain, he said, should try to get the French and Belgian governments to take this step with Britain and he does not anticipate any serious difficulty being placed in the way by those governments.

Visiting Elks! The seven Convention issues of Los Angeles Times, July 7 to 13, mailed postpaid anywhere in North America, 50c.

RACKET GOLFER PACKS WALLOP

Two - Hundred - Yard Shots Feature Contest With Regulation Player

NEWPORT (R. I.) July 5. (AP)—Theodore R. Pell can hit a golf ball 200 yards or more with a tennis racket. He did so in a close match with Harry Paine Bingham, who used all his golf clubs.

Pell swung his racket for all strokes except on the green. He did nine of the holes in 42 to Bingham's 40.

BERLIN MUSICIAN DIES

BERLIN, July 5. (AP)—Prof. Otto Taubmann, 70 years of age, a widely known musical critics and composer, a Senator and a member of the Prussian Academy of Sciences, died here today.

CHINESE WANT STUDENTS HELD

Kuomintang Calls for Arrest of Seven in America

[Copyright, 1929, by the Chicago Tribune]

SHANGHAI, July 5. (Exclusive)—The central Kuomintang party headquarters at Nanking today instructed the State Council to order the arrest of seven Chinese students now studying in the United States on government scholarships on the grounds that the students are guilty of counter-revolutionary activities against the present Nationalist government and Kuomintang authorities.

It is stated the Ministry of Education already has discontinued government remittances to the students in question. The report lists the names of the students but does not give the names of the institutions at which they are enrolled.

Keep Skin Clear—

If your skin is not fresh, smooth and unblemished, here is an easy way to clear it: Bathe with Resinol Soap and warm water. Spread on a little Resinol Ointment, letting it remain over night if possible, then wash off with Resinol Soap. Thousands testify to the QUICKNESS with which Resinol acts.

Use Resinol Soap daily for toilet and bath. So cleansing and refreshing, it tends to prevent skin blemishes. Note its tonic odor.

Resinol FREE sample on request. Write Resinol, Dept. 78, Baltimore, Md.

Schools and Colleges

Commercial Schools

NIGHT School Tues. & Thurs. Gregg Sec't'l, Bkg. Acc't'g., $5 a mo. Stenotype, Machine Sec't'l, $7.50 a mo. [illegible] may be earned at day school. MacKay's Wilshire Extension, [illegible] College, 2711 W. 6th. R. & H. Cars. Fi. 1122. Pos. Guar.

SAWYER SCHOOL OF BUSINESS [illegible]

Not just a business school—but a specialized training center for business executives. Employers pay a premium for Sawyer graduates.

The Public Is Cordially Invited to Come In and Hear These Two Famous Artists

Paramount Banjos are priced from $100 up
Super-Paramount Banjos from $275 up

BIRKEL MUSIC CO.
446-448 SO. BROADWAY
WESTLAKE BRANCH 2402 WEST SEVENTH

"What I know about nice women"

Listen to a doctor whose practice includes hundreds of the better class. "It is simply unbelievable," he says, "how many women—supposedly nice, fastidious women—are suffering from halitosis and utterly ignorant of the fact. No wonder their husbands no longer kiss them, or that women friends avoid them."

Don't fool yourself

Be the first to suspect yourself of having halitosis (bad breath). So many everyday conditions cause it that it is folly for any one to assume complete freedom from it. Defective teeth for example. Fermenting food particles. Pyorrhea. Germ infections of the mouth. Keep yourself on the popular side by gargling with full strength Listerine morning and night, and before meeting others. Listerine instantly ends halitosis.

Destroys odors—kills germs

Being a safe germicide so active it kills even Staphylococcus Aureus (pus) and Bacillus Typhosus (typhoid) germs in 15 seconds, it naturally combats germ conditions which cause odors. Then, being a powerful deodorant, it destroys the odors themselves. Send for our free Book of Etiquette. Dept. H 6, Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Keep Cool, Men
Your face kept cool while shaving and afterward. Listerine Shaving Cream is a treat for all men.

Halitosis is a daily threat..end it with

THE SAFE ANTISEPTIC Listerine

CONSERVATIVES GAIN IN JAPAN

Shinto Club Joins With Seiyukai Party

Gives Latter 240 Seats in Lower House

Dissolution and Special Election Forecast

TOKIO, July 5. (AP)—What the Seiyukai, or Conservative party, failed to attain while in power, it has achieved in attracting to its ranks a block of Representatives in the House hitherto independent.

The Shinto Club, of which Takejiro Tokonami is president, at a general meeting today decided to dissolve and to amalgamate with the Seiyukai, thereby insuring the Seiyukai party a majority in the lower house with 240 seats against 171 for the Minseito party.

In the summer of 1928 Tokonami, with twenty-five followers, seceded from the Minseito party because of dissatisfaction with that party's China policy. Since than they have been favorably disposed toward the Seiyukai.

While there are rumors that former Premier Tanaka may quit politics and that Tokonami may succeed to the presidency of the Seiyukai, no confirmation is available. It is certain, however, that amalgamation of the two opposition parties will increase the necessity for the present Minseito government's dissolving the Diet and resorting to a general election to strengthen its position in the lower house.

The calling of a special session and the dissolution of the Diet as soon as possible have been urged in some quarters, but it is generally believed that the government will wait until the ordinary session of the year-end and meanwhile will issue a statement outlining its proposed policies.

England Will Give Thanks for King's Recovery

LONDON, July 5. (AP)—Westminster Abbey Sunday will be the scene of the main services of thanksgiving for the recovery of King George. The King will attend to offer thanks along with his subjects, and Queen Mary and virtually the whole royal family will be present. Similar services will be held throughout the empire.

So far as is possible, those in charge of arrangements for the Abbey service have striven to eliminate all ostentatious ceremony. The number of reserved seats has been kept at the lowest possible limit, and the nave will be entirely open to the earliest comers. It is hoped the people will attend the thanksgiving services at their customary places of worship or elsewhere in their own neighborhood, but it is expected nevertheless that crowds will flock to the Westminster Abbey.

Mexican Party Avers Morrow Water Usurper

MEXICO CITY, July 5. (AP)—The Antire-electionist party convention in its final session today voted into the platform a plank to organize private exploitation of Mexican petroleum reserves, subject to government supervision, and to reserve for national exploitation sources of electrical power, to prevent them from falling into the hands of foreigners.

A plank for continuation of lay instruction in schools as against instruction by priests also was approved.

During the debate on reservation of electrical power sources Delegate Gonzales Aparicio declared that Ambassador Morrow had acquired waterfalls constituting the principal strategic source of power in Mexico for the purpose of turning them over to the General Electric Company.

COUNTIES TO NORTH IN BID FOR HOSPITAL

SACRAMENTO, July 5. (AP)—The Merced and Maricopa county chambers of commerce asked today that Gov. Young's commission and the Federal body, searching for a site for the proposed new government narcotics hospital, inspect Hunters Valley in Mariposa county before making a final decision.

RECORD MAKER WINS REWARD

Found at Last, Man Who Says "He's Wrong, Wife's Right" So Judge Frees

CHICAGO, July 5. (Exclusive)—An admission that his wife was right and he was wrong won Edward Johnson his freedom today when he was arraigned on charges of disorderly conduct.

Johnson was arrested when his wife Ida complained to the police that he was drunk and creating a disturbance in the house. Today he said:

"My wife was right, judge. I was in the wrong."

"You're the first man I ever met that would admit that," Judge Schulman said. "I'll discharge you as a reward."

AMERICAN REDS SPLIT IN FACTIONS

New York Communists Row Over Detention of Leaders in Russia

NEW YORK, July 5. (Exclusive) Reports that a group of American Communists are being held virtual prisoners in Russia, although originally invited to that country by the Internationale, today caused excitement in the local Communistic organizations.

The American "prisoners" in Russia are said to include Ben Gitlow, former Socialist Assemblyman, and Bertram D. Wolfe, while Jay Lovestone, known here as the "American Stalin" and one of the invited guests, is reported to have escaped from Russia. Mr. Lovestone who, only ten years ago, was a student at the College of the City of New York, supposedly fled after the interception of a secret cable from him to his adherents here, instructing them to seize the party machinery and wrest control from W. Z. Foster. It was Foster who succeeded Lovestone as the head of the party here.

Already the American Communistic party has been split in factions. The detention of the Americans in Russia and Lovestone's sudden appearance here only add to the internal disorganization of the party in New York.

COMMERCE IN PRIVATE SHIPS LEADS

Government-Owned Fleet Takes Second Place for First Time in Ten Years

WASHINGTON, July 5. (AP)—For the first time in ten years privately owned ships engaged in United States foreign commerce now exceed in tonnage the government-owned fleet.

The Department of Commerce announced today that the privately owned ships total close to 1,800,000 tons while the government ships aggregate approximately 1,400,000 tons. The privately owned ships went into the lead during the second quarter of this year.

"In the matter of carriage of cargo in foreign commerce," the announcement said, "the government owned or operated fleet carried 15 per cent of the total foreign trade of the United States in 1921 and since then the percentage has steadily declined until in 1928 it totaled only 7 per cent.

"The independent American owner, who in 1921 carried 36 per cent of all American foreign trade, declined to 26 per cent in 1926 and rose again to 34 per cent during 1926-28.

FRENCH MAKE CLAIM TO DEAD SEA RIGHTS

LONDON, July 5. (Jewish Telegraphic Agency)—A request that the claim of a French group to the concession to exploit the salts of the Dead Sea, based on a pre-war Turkish grant, be submitted to the International Court at The Hague, was made by the French government to the British government today.

SPAIN WRITES CONSTITUTION

New Charter Submitted to Assembly for Study; Roman Catholicism State Religion

MADRID, July 5. (AP)—A new constitution of the Spanish monarchy was presented in the National Assembly today for study and examination by the Assemblymen during the summer.

The project contains eleven sections and 104 articles detailing various concepts of the nation, state, nationality, individual rights, the monarchy and the succession to the throne.

The new constitution will come up for plenary action in October.

Spain is made a constitutional monarchy with Roman Catholicism as the state religion. The rights of free speech and publication by all Spanish subjects are guaranteed with certain exceptions.

KING'S POWER FIXED

The executive power of the state is vested in the King, who, however, must consult the responsible ministers on important affairs. The legislative power will lie in a single body called the Cortes.

One-half of the Cortes will be elected by universal suffrage, thirty members appointed by royal decree and the rest elected by special classifications or professions as laws later enacted may establish.

There will be one member of the Cortes to each 100,000 inhabitants of Spain and there will be no distinction between the sexes in it. Women as well as men may become members.

The new constitution guarantees that "no one shall be molested in Spanish territory because of his religious opinions, nor for the exercise of his own cult, unless it is harmful to Christian morals."

Public religious ceremonials and other public religious manifestations, however, are limited to the Roman Catholic faith.

CITIZENSHIP LIMITATIONS

Spanish citizenship rests in those persons born in Spain, in the sons of Spanish fathers even though born on foreign soil, and in those who acquire it by naturalization.

Naturalization is the gift of the state, but citizens or subjects of states in which Spanish is spoken are given the privileged position in seeking naturalization.

Education becomes one of the most important and fundamental cares of the state.

The right to strike is recognized but the government reserves the right to intervene when the welfare of a large part of the population or the public services are endangered.

TURKISH CROWN GEMS COVETED

Son of Late Sultan Wishes $25,000,000 Jewels Back

Property of Family, Not of State, Says Prince

Kemal Said to Want Them as Security for Bank

BUDAPEST, July 5. (AP)—Prince Abdul Kadir, son of the late Sultan Abdul Hamid of Turkey, has begun proceedings against Mustafa Kemal Pasha for the recovery of Turkish crown jewels valued at $25,000,000.

The Prince in his declaration asserts that the jewels were confiscated by the Turkish government after the late Sultan Mohammed VI fled from Constantinople on a British battleship. Abdul Kadir, who is suing jointly with his brothers as legitimate heirs to the imperial family, explains that unlike the crown jewels of other monarchies, the Turkish gems have been considered the personal assets of the imperial Ottoman family since the sixteenth century.

Kemal Pasha, the royal plaintiff insists, has no legal right as the representative of the Turkish government either to offer the jewels for sale or to deprive the Sultan's heirs of their property. Diamonds, rubies and emeralds of enormous size presented to Turkey's sultans during the last 500 years by Russian czars, Indian potentates, French kings, British rulers, Japanese mikados and Chinese emperors are included in the costly collection.

He contends further that Kemal aims to put these jewels on the international market and with the proceeds establish the first state bank in Turkey.

With this end in view, it is asserted, Kemal summoned to Angora the famous French diamond expert, Dussausoy of Paris, who appraised the treasure of $40,000,000. Abdul Kadir understands that Kemal proposes to consult Hjalmar Schacht, president of the German Reichsbank, with the object of drawing up the charter and by-laws of the bank, adding that he believes it would be almost impossible to sell the jewels for cash in the open market because of their enormous size and individuality. He expresses the opinion, therefore, that Kemal ultimately would be forced to pawn them as security for the proposed bank.

G.O.P. WILL MEET TODAY UNDER OAK

Celebration to be Held at Birthplace of Party Seventy-five Years of Age

JACKSON (Mich.) July 5. (Exclusive)—"Under the oaks" of Jackson is the rallying cry of Republican leaders from Michigan, Northern Ohio and Indiana as they gather here for tomorrow's seventy-fifth birthday party of the G.O.P.

All week long the city has been celebrating the 100th anniversary of its settlement and tomorrow comes the day of national import. The festivities have been turned over to the Republican organization of the State of Michigan and Gov. Green will be master of ceremonies.

The day will start with a pilgrimage to "under the oaks," where there is a boulder with a bronze tablet uncovered in 1910 by President Taft. The inscription which is being worn on thousands of bronze badges on the streets tonight, reads:

"Here, under the oaks, July 6, 1854, was born the Republican party, destined in the throes of civil strife to abolish slavery, vindicate democracy and perpetuate the Union."

Italian Chamber Ousts Member

ROME, July 5. (AP)—Deputy Eduardo Brescia of Avellino has been suspended indefinitely from all political activities.

He is the third member of the Chamber thus disciplined in recent months leaving only 379 eligible to participate in the deliberations. As the Deputies were elected on a nation-wide slate of 400 last March, there is no way of replacing them. The problem is likely to receive attention by the Council of Ministers on the 15th inst., and at the next meeting of the Fascist Grand Council.

President Will Review Parade

WASHINGTON, July 5. (AP)—President Hoover will review the parade of the Rainbow Division at Baltimore Monday, the 15th inst.

The President will motor to Baltimore and be guest of honor at a luncheon given by officers of the division, which will be holding its annual convention in that city at that time.

After the luncheon, the Chief Executive will review the parade of the veterans and then will motor back to Washington.

State Hospital Chief Resigns

SACRAMENTO, July 5. (AP)—The resignation of Dr. Donald R. Smith, superintendent of the Mendocino State Hospital, was announced today by Earl Jensen, director of institutions.

Jensen said he will accept the resignation and appoint Dr. C. E. Sisson, assistant superintendent of the institution, to act until a permanent appointment can be made. Ill health is said to be the reason for Dr. Smith's resignation.

THREE HOUSES BURN

SANTA CRUZ, July 5. (AP)—A fire that was started by a gasoline stove destroyed three small houses at Laurel, near here, today. The loss was estimated at $6000.

SHIPPING NEWS

AND ACTIVITIES AT LOS ANGELES HARBOR

STORY OF LOCAL HARBOR ON CARD

Pacific-Near West Conclave to Hear Nicholson

Port Engineer on Program at Tacoma Meeting

Los Angeles Expected to Get Convention in 1930

BY WALDO DRAKE

Development and administration of the port of Los Angeles will be the feature of the technical discussion at the sixteenth annual convention of the Association of Pacific and Near West Ports, which convenes on the 10th inst. at the Winthrop Hotel, Tacoma, for a four-day session. Port authorities of all Pacific Coast and principal oriental ports will be present.

George F. Nicholson, harbor engineer of the local port, and Jay G. Starr, port traffic manager, sailed north last night on the Admiral liner H. F. Alexander to present the story of Los Angeles Harbor's rise to the convention. Mr. Nicholson will also deliver a report on uniform port practices, he being the chairman of the California section committee appointed a year ago by the Association of Pacific and Near West Ports as the beginning of a campaign to standardize port charges and administration throughout the world.

Papers to be presented at the convention next week will include: "Comparison Between Leases, Preferential Assignments and Direct Operation of Port Terminal Properties," "Air Transportation, Present and Future;" "The Lumber Industry as Related to Pacific Coast Shipping;" "The Future Commerce of the Pacific Ocean as Reflected by Other Great Trade Routes;" "The Merchant Marine a Community Asset," and "Specialized Engineering in Connection With Port Work."

Los Angeles is expected to be selected for the 1930 convention of the association, since Walter B. Allen, chairman of the local board of Harbor Commissioners, is first vice-president of the port association and is scheduled to be named president. It is the custom of the Association of Pacific and Far West Ports to hold the convention at the port of its president. C. W. Orton of Tacoma now being its head.

LUCKENBACH CRAFT SETS SAILING RECORD

Capt. W. H. Coonan, veteran commodore of the Luckenbach intercoastal fleet and master of the express freighter J. L. Luckenbach, yesterday was in receipt of a flood of congratulations for the new intercoastal steaming record of fourteen days and two hours established between New York and Los Angeles by the ship on her voyage just completed.

The J. L. Luckenbach, which departed New York on the morning of June 20, arrived here late Thursday night, with an elapsed time of fourteen days, twenty-one hours and ten minutes from dock-to-dock. The ship was laid up at the Canal on account of slides from 11 p.m. on June 26 until the following afternoon and did not complete transit at Balboa until 6:10 p.m. on the 27th, thus giving her fourteen days and two hours as actual steaming time for the 5000-mile voyage. The previous coast-to-coast steaming record for freight vessels, of fourteen days and thirteen hours, was established in 1926 by the Luckenbach liner Dorothy Luckenbach.

Capt. Coonan said that the ship's unusual speed was due entirely to good weather conditions throughout the voyage and that he could easily have cut six hours off the time by excessive use of fuel oil. The J. L. Luckenbach, discharging 2900 tons of cargo here from New York, Philadelphia and Boston, will sail for the north tomorrow afternoon.

Lassco's cabin liner Calawaii will have a new appearance at noon today, when Capt. A. A. Sawyer takes her out to Honolulu with 220 passengers. As part of her general reconditioning, the Calawaii's mizzen mast has been removed and the resultant open space on "B" deck decked over for a new public room.

Among the Calawaii's prominent passengers will be Mrs. Flora Hardie, New Orleans social leader, with a party of seven for an extended sojourn in Hawaii; Walter J. "Doc" Adams, dean of Hawaiian journalists; Howard Pressy, owner of the Rancho Sespe, and Mrs. Pressy; Winston Ogden, insurance broker, Santa Monica; Dan McF. Chandler, local broker, and Carroll Dillingham, Fullerton's citrus grower.

The City of Los Angeles, Lassco flagship, arrived from the islands yesterday with 348 cabin passengers and 3000 tons of cargo.

Thomas Crowley, president of the Red Stack Tug Company, is due at the port Monday from San Francisco on his annual visit of inspection. Mr. Crowley will confer with Capt. William McGillivary, Southern California manager, relative to development of the Red Stack fleet in local waters.

J. Duncan Gleason, local artist who has gained world-wide fame as a painter of sailing ships, with Mrs. Gleason will return from an extensive tour abroad tomorrow noon aboard the Dollar around-the-world liner President Wilson, via New York, Havana and the Panama Canal.

Also among the President Wilson's 150 cabin passengers are Tyler B. Shaw, local capitalist, and Mrs. Shaw, on a tour of the world; and Dr. Vincente Lopez and Dr. Francisco Villaruz, prominent Philippine surgeons, returning home to Manila after studies on the east coast.

TRANS-PACIFIC MAIL

Following schedule of sailing is provided by the Los Angeles postoffice:

July 7, from Los Angeles. Specially addressed correspondence for Panama, South and Central America.

July 9, from San Francisco. Mail for Hawaii, New Zealand and Australia.

July 11, from Seattle. Mail for China, Japan, Korea, Siberia, Hongkong, Siam, Straits Settlements, Canton, French Indo-China, Dutch East Indies and Philippines.

For connections at Seattle mail must leave Los Angeles the second day prior to date of sailing, not later than 7:10 a.m.

To connect at San Pedro for the Hawaiian Islands every other Saturday, mail must leave Los Angeles at 8:50 a.m. on Saturday.

Note—To connect at San Francisco, mail must leave Los Angeles on dispatch made not later than 8:30 p.m. the day prior to date.

AIR MAIL SCHEDULE

(Mail as early as possible.)

Eastbound (day schedule:) Leaves Los Angeles, 7:35 a.m. daily, except Monday, connecting at Salt Lake City with eastern lines. Arrives Salt Lake City, 2:48 p.m., Mountain Time; Chicago, 6 a.m., Central Time; New York City, 6:40 p.m., Eastern Time. (Closing time for eastbound mail: Arcade Station, 6:30 a.m.; airport, 7:35 a.m.; main postoffice and substations, 5:30 a.m.)

Eastbound (night schedule:) Leaves Los Angeles, 7 p.m. daily, arrives Salt Lake City, 2:48 a.m., Mountain Time; Chicago, 6 p.m., Central Time; New York City, 6:40 a.m., Eastern Time. (Closing time: Arcade Station, 6 p.m.; airport, 7 p.m.; main postoffice and substations, 5 p.m.

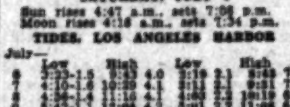
Westbound (day schedule:) Leaves New York City, 11 a.m., Eastern Time; Chicago, 8 p.m., Central Time; Salt Lake City, 9:10 a.m., Mountain Time; arrives Los Angeles, 5:25 p.m., Pacific Time.

Westbound (night schedule:) Leaves New York City, 8 p.m., Eastern Time; Chicago, 8 a.m., Central Time; Salt Lake City, 9:30 p.m., Mountain Time; arrives Los Angeles, 4:15 a.m., Pacific Time.

Coastwise—Leaves Los Angeles, 12:01 a.m. daily, arrives Bakersfield 1:30 a.m.; Fresno, 3 a.m.; San Francisco, 5 a.m.; Medford, Or., 9 a.m.; Portland, 11:30 a.m.; Tacoma, 1:30 p.m.; Seattle, 2 p.m.

Coastwise, southbound — Leaves Seattle, 11:45 p.m.; San Francisco, 1:15 p.m.; arrives Los Angeles, 6:15 p.m. (Closing time for northbound mail: Arcade Station, 10:53 p.m.; Air mail boxes, 9 to 10 p.m.)

Sun, Moon and Tide



July 6 July 13 July 21 July 29

BY. U. S. COAST & GEODETIC SURVEY

SATURDAY, JULY 6

Sun rises 4:47 a.m., sets 7:08 p.m.

Moon rises 4:16 a.m., sets 7:34 p.m.

TIDES, LOS ANGELES HARBOR

July—	Low	High	Low	High
6	3:23 -1.5	9:43 4.0	3:19 2.1	8:48 7.4
7	4:10 -1.6	10:20 4.1	3:51 2.1	9:31 7.2
8	4:56 -1.4	11:10 4.1	4:30 2.2	10:19 6.9
9	5:42 -1.1	12:04 4.2	5:01 2.3	11:06 6.2
10	6:28 -0.6	12:54 4.3	6:10 2.3	11:59 5.5
11	7:13 0.0	1:48 4.4	7:21 2.4	.. ..
	High	Low	High	Low
12	1:01 4.6	7:59 0.7	3:40 4.6	9:08 2.2
13	2:16 3.8	8:47 1.3	3:33 4.8	10:40 1.9

NOTE—Tides are given in order of occurrence: first column denoting time and second column height in feet above or below mean low water. Light face type denotes a.m. tides; bold face denotes p.m.

Two Autos Demolished Near Border Community

SAN DIEGO, July 5.—One dead and eight injured was the toll taken by two traffic accidents in the southern section of San Diego yesterday, reports today revealed.

A man believed to be J. R. Rud, about [illegible] years of age, died today from injuries received last night when struck by a hit-and-run driver on the Tia Juana highway near [illegible]. The victim, reports said, was walking on the highway when a car proceeding northward struck him. The driver of the car failed to stop.

NAME ON HANDKERCHIEF

Police of city, county and State were conducting a search today for the driver, while Coroner Kelly was preparing to hold an inquest. Except for the name J. R. Rud, inscribed on a handkerchief, he is without further identification.

Eight persons, injured in a head-on automobile collision one mile south of National City yesterday, were reported recovering in various hospitals and homes today.

The injured are Mrs. J. A. Hernandez, Tia Juana, cuts on arms and face and tongue and fracture of pelvis; Mrs. Hortensia C. De Antillon, Palm City, fractured pelvis, and Mrs. Asuncion Martin, Palm City.

CHILDREN INJURED

They were occupants of a car in which Mrs. Sabina B. Cacho, Solana Beach, and Frederica and Hortensia De Antillon, the latter two baby children, were riding. The children were hurt slightly, while Mrs. Cacho escaped injury. Occupants of the other car who were injured are Joe Ruiz, driver, cuts and bruises; H. A. Barajas, broken [illegible] and Joaquin Ruiz, minor injuries.

Witnesses to the accident said the car in which the women and children were riding was proceeding north on the highway and after passing one machine, ran off the roadway and shot back across the highway. The impact was terrific, demolishing both cars. Mrs. Hernandez, one of the most seriously injured, is the wife of the president of the Tia Juana Chamber of Commerce.

DRIVER HELD AFTER MONROVIA ACCIDENT

MONROVIA, July 5.—Pending recovery of Mr. and Mrs. E. J. Shower, of 145 West Huntington Drive, who are confined at the Monrovia hospital with serious injuries sustained in an automobile accident, J. E. Murphy, 601½ South Myrtle avenue, is being held in the City Jail on charges of reckless driving, according to Chief of Police Frank [illegible].

According to police reports, Mr. and Mrs. Shower were crossing [illegible] avenue, to enter the driveway back of the Masonic Temple, when they were struck by Murphy's car which was traveling north on [illegible], and dragged beneath the [illegible] of the car approximately [illegible] feet.

X-ray pictures today disclosed that Mrs. Shower sustained a fractured right leg and her husband a fractured skull. Both were lacerated and bruised about the body and are said to be in a critical condition.

Murphy was arrested by Officers [illegible] and Boller and taken to the police station where Dr. O. O. Force pronounced him under the influence of liquor. Bail has not yet been set, Scott said. A. M. Peterson, of 426 West Lemon avenue, was the only eyewitness of the accident, according to police.

WOMAN TAKES DOSE FROM WRONG BOTTLE

NORTH HOLLYWOOD, July 5. Mrs. F. A. Thompson was treated at the local Emergency Hospital for burns on the mouth and chin as a result of drinking out of the wrong medicine bottle. Mrs. Thompson told the police when she lifted the bottle to her lips she thought it was medicine that she had been taking. The bottle, she said, contained a strong disinfectant that she had been using in her home. Her condition is not serious.

THOUSANDS AT REDLANDS BOWL

REDLANDS, July 5.—More than [illegible], the largest crowd of the season, crowded into the bowl here tonight to see Ruth St. Denis dance and hear Anne Thompson McDowell play the piano. This is one of the regular Community Music [illegible] concerts given each [illegible] and Friday during the summer. Miss St. Denis featured original dances and Miss McDowell [illegible] the audience with several of her own compositions.

SLUMBER COSTS $134 PER HOUR

Highway Worker's Pants and $1075 Disappear from Beneath His Head

UPLAND, July 5.—Frank Rossier, member of a highway construction crew, enjoyed his eight hours of sleep but when he woke up in the morning he discovered that the slumber had cost him $1075 and a pair of pants.

When Rossier retired in his tent along the highway he had $375 cash and $700 in notes in his jeans. He folded them up and tucked them under his pillow. During the night a hand reached in under the tent, silently drew the pants from the hiding place and some one fled with the wearing apparel and contents. Rossier lives in Anaheim.

RIVERSIDE YOUTHS WIN AS GLIDERS

Junior College Student Brings Down Craft Within Nine Feet of Line

PACIFIC BEACH, July 5. — Two Riverside youths stole the show in the gliding contest staged here today under the auspices of the chambers of commerce of this city and San Diego.

William Atwood, 18 years of age, of Riverside Junior College, brought his motorless craft within nine feet of the mark after gliding a half-mile. Irven Culver, 17, of Riverside Polytechnic High School, landed within eighty-four feet of the marker for second place.

Hawley Bolus of San Diego, who won yesterday's contest was third. His glider stopped thirty-one feet behind Culver's.

Valley Cuts Bonded Debt

EL CENTRO, July 5.—Imperial Irrigation District's bonded debt, which orginally amounted to $16,000,000, was reduced to $15,100,000 this week as the result of a payment amounting to 250,000 on the principal, according to G. D. Preston, asistant secretary of the district. This week's disbursements also included the payment of $430,000, in interest on outstanding bonds against the district, this being a semiannual payment.

POMONAN DROWNS IN RINCON RIP-TIDE

VENTURA, July 5.—Homer Swayze, 23 years of age, of Pomona, was drowned in the surf on the Rincon yesterday when he is believed to have been caught in a rip-tide against which he fought until he exhausted his strength. Three-hour efforts of the Ventura fire department, deputies from the Sheriff's office, and a representative of an inhalator company failed to save his life. Swayze went alone to the beach near the spot where the Turnpoint Inn formerly stood, then he went in with a group of other people for a swim. He and Joe Trachta of Los Angeles were caught in a tide and when their trouble was discovered, other bathers went to the rescue. Swayze was pulled from the water by I. P. Bowen of Los Angeles.

INFANT DAUGHTER OF RANGER DIES

AZUSA, July 5.—Stricken only a few hours before death, Wasceil Keim, year-old infant daughter of Mr. and Mrs. Clinton Keim of Camp Rincon, died yesterday from cholera-infantum as diagnosed by Dr. Cook. The infant's father is a ranger in the San Gabriel Canyon. Due to illness Mrs. Keim could not attend the funeral services held this morning from White's Funeral Parlors here. Dr. Wayne S. Snoddy, pastor of the Presbyterian Church, officiated, and interment took place at Oakdale Cemetery.

INSURANCE CHECKED

ARCADIA, July 5.—A survey of city insurance policies to ascertain the date of expiration in view of renewing the policies all at the same time for a lower rate, is now being made by a committee appointed by the City Council, it was learned today. The committee includes Councilmen Schermerhorn, Walshe and Bolz.

TEACHER DISPUTE SETTLED

San Gabriel Business Men Said to Have Stepped in and Adjusted Dismissal Fight

SAN GABRIEL, July 5.—A friendly settlement of the differences between the San Gabriel School Board and Sydney E. Calvert, dismissed principal of Lincoln School, was announced today by G. R. [illegible], president of the board.

Calvert, according to the decision of the board resulting from a hearing last week, will be retained as a teacher in the local schools, but not as principal, and will be expected to seek employment elsewhere as soon as possible. The arrangement was brought about, it is said, through representations of local business men.

Calvert, who had been principal of Lincoln School five years, was dismissed several weeks ago on charges of unprofessional conduct involving asserted whippings of pupils, insubordination and unfitness for service. He denied the charges and declared that personal enmity was responsible for his losing his job. Calvert demanded a hearing which was conducted for three days at Washington School before the members of the board.

LEADER RETAINS SORORITY POST

Amy Burnham Onken Again Heads Pi Beta Phi

Chattanooga Wins Favor as Next Meeting Place

Delegates Plan Side Trips Up Coast, to Hawaii

PASADENA, July 5.—Re-election of Miss Amy Burnham Onken as grand president of Pi Beta Phi, oldest national sorority for women in the United States, featured the biennial election of officers at the closing session of the convention at the Huntington Hotel here today. Miss Onken, whose home is Chapin, Ill., has been presiding officer at each session.

AMY BURNHAM ONKEN

Other officers chosen are Mrs. Lois Stoolman, Champaign, Ill., re-elected treasurer; Miss Gail de Wolf, secretary; Miss Josephine Coates, Arrow editor, and Mrs. Donald Forker, Los Angeles, president of the Southern California Kappa province.

DECISION RESERVED

While no definite decision on the next biennial convention city will be made until later in the year, delegates favored Chattanooga, Tenn., it was learned today.

Selection of alumnae officers also was announced at the closing session of the convention. They included Kathryn Burr Teller, grand vice-president; Ruth Barrett Smith, assistant to the grand vice-president; Louise Richardson, Alpha province vice-president; Frances Carpenter Curtis, Zeta province vice-president; Mabel Eldridge Barnsley, Gamma province vice-president; Ruth Wilson, Delta province vice-president; Lillian Leggett Ross, Epsilon province vice-president; Florence Burnes Ingraham, Zeta province vice-president; Vera Wattles Kirkpatrick, Eta province vice-president; Frankie Cochran Hill, Theta province vice-president; Harriett Rutherford Johnstone, Iota province vice-president, and Bernice Coultrap Garwick, Kappa province vice-president. Mrs. Lois Franklin Stoolman, grand treasurer, presided at the election meeting.

PRIZES AWARDED

Colorado Alpha chapter won the exhibit prize, Oregon Beta, conference attendance honors; California Delta, best "stunt;" California Delta, best song, and Michigan Beta won the Balfour cup, which is presented to the chapter with the highest standards of scholarship and social ideals. Lois Woodruff of Pasadena was president of the winning chapter during the past year. She was graduated with the class of 1929. California, Gamma chapter won the Stoolman cup.

Membership in the fraternity now includes 20,000 active and alumnae co-eds and graduates. While some delegates will return at once to their homes, two trips have been arranged for those who remain longer. One special train will be run north through Pacific Coast cities. Passage for a trip to Hawaii has been booked by other delegates.

Another Daily Paper Planned at Santa Paula

SANTA PAULA, July 5. — This city is to have a second daily newspaper beginning in September, according to announcement made today by the Review, a weekly publication. W. M. Smith and B. De Hoyos, publishers of the Review, now out with its 143rd weekly issue, state that they will enter the daily field this fall.

They do not specify whether their paper will be morning or evening, but say, "in the intervening weeks we shall advise you in detail what we expect to do."

In addition to the Review, Santa Paula has the Chronicle, an afternoon paper, owned and edited by Leo Smith.

CLAREMONT NEWSPAPER WILL HAVE NEW HOME

CLAREMONT, July 5. — The Claremont Courier, published by Tobias Larson, past-president of the California Newspaper Publishers' Association, and edited by George W. Savage, announced today that, beginning about the 12th inst., the size of the paper will be enlarged to seven columns, and about September 1 the paper and job-printing plant will move into a new home on Harvard avenue, construction on which started this week.

The new Courier building is being erected across from the post-office. It will be of reinforced concrete construction, of Spanish style architecture, the building to be 38 feet wide and 80 feet long. Larson has purchased fifty additional fonts of type, a new press and other additional equipment.

C. T. Stover is building and leasing the structure to the Courier. The building also will include a small separate office, which has been rented to James Hoffman Batten for headquarters of the recently founded Inter-American Foundation, of which he is executive secretary.

Visiting Elks! The seven Convention issues of Los Angeles Times, July 7 to 13, mailed postpaid anywhere in North America, 50c.

MEXICANS TELL STRANGE STORY

Say Five Men Beat Them and Stole Machine

Attack Occurs on Highway in Santa Ana Canyon

Officers Verify Tale and Set About Manhunt

SANTA ANA, July 5.—Said to have viciously beaten two Mexicans near here and to have escaped with the automobile of their victims, five unidentified men were being sought by the Sheriff's office today for assault and robbery.

Joe Servin, 33 years of age, and Simeon M. Gomez, 26, Los Angeles laborers, who were found unconscious beside the highway near the Lasky location in Santa Ana Cañyon related such an unusual story of the attack and theft that they were held for investigation themselves. Their story having been checked thoroughly they were released today.

Servin and Gomez were found at 4 p.m. yesterday by a forest ranger, who notified the Sheriff's office. Deputy Sheriff Harry Carter and Constable J. L. Elliot went to the scene.

Servin and Gomez said they had stopped their car beside the road, when another car, occupied by five men who were unknown to them, stopped beside them. The five strangers attacked them without warning, beat them into insensibility, and took their automobile, they said.

The men could not give a description of their assailants or the car of the strangers, and gave only a meagre description of their own. The possibility that the car driven by the Mexicans had been stolen caused the officers to hold Servin and Gomez for investigation until today, when it was learned Servin owned the car.

Early Pioneer Woman Dies

DUARTE, July 5.—One of the earliest pioneers settling in this part of the San Gabriel Valley, Mrs. Jennie Lancaster, 88 years of age, died late yesterday at the Lancaster ranch, where she made her home with her only son, E. E. Lancaster, now the only surviving member of the well-known family, who have resided in Duarte for the past forty years.

Mrs. Lancaster was born in Indiana, December 29, 1841, where she spent half of her lifetime, moving to California in the early '80s. Final rites for the pioneer woman will be held for Renaker's funeral parlors tomorrow at 2 p.m. with Dr. H. H. Hulten, pastor of the First Baptist Church of Monrovia, officiating. Interment will take place at Live Oak Cemetery.

VALLEY BEAN MEN GET FINAL CHECKS

RESEDA, July 5.—Checks for the final payment on the San Fernando Valley's baby lima-bean crop went out today in the mail, according to J. H. Walters, manager of the Valley Bean Growers' Association. The checks will total $32,000. The total payment of the year is made at the rate of $8.337. Payments so far have been $8, and the final payment now being made is $0.337 per 100-pound bag. The crop was 101,500 bags of beans as recleaned. The payment of $8.337 per bag is the best the bean growers have received in four years, it is stated by Walters.

COLLEGE POOL PUBLIC

CLAREMONT, July 5.—Arrangements have been completed for the opening of the Pomona College plunge to the public, beginning Monday. Ed Dew has been chosen life guard and the plunge will be run under the direction of a citizens' committee. The pool will be open afternoons and two evenings a week during the remainder of the summer.

CHURCH TO OBSERVE ANNIVERSARY DATE

Rev. C. H. Parlour

HERMOSA BEACH, July 5.—The twentieth anniversary of the founding of St. Cross Episcopal Church, "The Church of the Garden," will be observed by a week of special services arranged under the direction of the rector, Rev. C. H. Parlour, and the parisioners. The services will open Sunday morning with the confirmation of the largest class ever presented by this church with Bishop W. B. Stevens conducting the confirmation.

There will be a party at the parish house on Tuesday evening for the Sunday-school children and their friends and on Thursday a parish dinner, with prominent speakers, including Bishop Stevens.

The young people are to have a card party and dance on Friday evening and on Saturday the Woman's Guild will hold an all-day food sale and bazaar.

The congregation, which held its first meeting in a vacant storeroom, now has an attractive home and parish buildings.

Dr. Knapp Wins Fund to Travel

PASADENA, July 5.—Dr. R. T. Knapp, instructor in the California Institute of Technology mechanical department, was awarded an $1800 scholarship for travel and study in Europe at the semiannual convention of the American Society of Mechanical Engineers, which closed yesterday in Salt Lake City, Prof. Robert L. Daugherty, head of the department and vice-president of the society, reported on his return here today. Dr. Knapp will spend the year in European hydrolic laboratories, Daugherty stated. The scholarship was awarded on the John R. Freeman fund.

CASCADES CLUB TO FROLIC THIS EVENING

SANTA MONICA, July 5.—Festive preparations were being completed here today for the premiere summer festival at the Cascades Beach Club to open the summer season tomorrow night in the pretentious structure on the strand, formerly known as the Edgewater. The festival will be featured by a gala informal dinner-dance, with Roy Eary and his Cascades orchestra providing music for dancing and an elaborate program of extemporaneous musical novelties by the members of the organization, according to J. Ward Cohen, who has taken over the beach club. This frolic will be exclusively for members of the Edgewater and Gables beach clubs, from which the membership of the Cascades is drawn, and their guests.

FLEAS IN SPREES ON KNEES

Giggling Girls Battle Tiny Ticklers as Cussing Cops Caper While Hopping Hordes Hasten from Glendale Greenery as Shears Snip

GLENDALE, July 5.—The old adage about the wisdom of letting sleeping dogs lie was illustrated today, when city gardeners began trimming the ivy that has mantled the City Hall. Only in this case it was not dogs but fleas that were awakened. The fleas for years have contented themselves with their homes among the ivy, but when the ivy was clipped and torn from the walls the fleas sought new fields, many of them finding more succulent pastures on the limbs of the girls employed in the City Hall offices.

The situation became serious as the girls took time out to battle the unwelcome visitors, especially those who have followed the fashion of going without hose in summer. Visitors to the municipal departments gathered the impression at first that they had run into an aggregation of Frenchmen, what with the shoulder shrugging that was going on in all the offices.

A call to the police department for help proved unavailing. The officers walked up to the heaps of ivy lying on the lawn and broke ranks to scratch, laying down a barrage of profanity, however, that nothing but a very thick-skinned flea could live through.

City Manager J. W. Charleville, who issued the order for the removal of the ivy and who is blamed for the plague of fleas, has fallen back on an opinion from City Attorney W. Turney Fox, when a flood recently damaged the northwest section of the city, and asserts that the fleas and their ravages come under the head of "acts of God," though several of the girls are ready to give him an argument on this point.

The Health Department is being mobilized to cope with the situation and the girls are consulting their druggists to find out what will stop a flea from perforating the summer coats of tan and giving their tender skins an appearance as if they had been waging war on the puncture vine.

GLENDALE CITY HALL
HELP!
COMING!

HUENEME PORT BONDS FIGURED

Report Urges Election for $2,000,000 Project

Opponents Obtain Delay to Give Minority Opinion

Estimates Do Not Include Ventura Oil Lines

VENTURA, July 5.—A $2,000,000 bond issue to construct inner-basin port facilities at Hueneme, twelve miles east of this city, will be submitted to voters at a special election if the proposed report of the County Harbor Commission is adopted.

The report, drafted by the majority members of the commission under the leadership of Richard Bard of Hueneme, was in the hands of the individual members at a session of the body in the courthouse today.

DISSENTERS GIVEN TIME

Commissioners J. E. Rains and Guy Stetson, who have expressed themselves as preferring Ventura as the county harbor site, objected to action being taken until they have time to frame a minority report. On their motion, August 5 was set for the date to consider the matter.

The engineering plan specified in the report is practically the same as that outlined in the report of Leeds and Barnard two years ago. It calls for the dredging of a land-locked basin north of the government lighthouse with an entrance running out to meet a submarine valley which lies off the point.

TWO BREAKWATERS

This entrance channel would be protected by two breakwaters. The west breakwater would start from a point in the Silver Strand subdivision, between Ocean Park and Venice streets, and run southwesterly, then southerly about 1500 feet to water forty-five feet deep. The east breakwater, somewhat shorter, would run southwesterly from near the lighthouse to water of the same depth.

At their seaward ends the breakwaters would be 1100 feet apart. The width of the entrance channel, however, would be only 400 feet, with a possibility of later being widened to 600 feet. It would be thirty-eight feet deep.

The channel would lead into a rectangular turning basin of about thirty-eight acres dredged to varying depths of thirty-two, thirty and twelve feet.

PLACES FOR FIVE SHIPS

Slips are provided for five vessels, including three oil tankers, a general cargo vessel and a lumber ship, also space for fishing craft and anchorage for yachts.

The costs, exclusive of pipelines, tanks, pumping plant and other items that would be required to transport oil from Ventura to Hueneme, are estimated at $1,970,500, and the cost of the oil line, variously, at $350,000 to $960,000.

The estimated revenues, more than half of which would come from oil shipments, are $125,000 for the first year of operation, with operating costs figured at $175,000. The $50,000 deficit would be met from taxation.

Mother of Two Boys Kills Self in Despondency

GLENDALE, July 5.—Despondent because of ill health, according to police officers, Mrs. Hazel P. Kerns, 36 years of age, last night ended her life by swallowing poison at 1229½ South Glendale avenue, and dying in spite of the efforts of two physicians to save her. Mrs. Kerns was the wife of Andrew J. Kerns, an employee of the First National Studios at Burbank, from whom she had been separated two years.

A. E. Crowell, by whom Mrs. Kerns was employed as housekeeper, found her lying across the bed in her room with a bottle bearing a poison label in her hand. She asked for water and told him that she had swallowed the contents of the bottle. Crowell summoned doctors but the woman lapsed into a coma and shortly afterward died.

This is said to have been the second time Mrs. Kerns tried to commit suicide, having turned on the gas in a room at the home of her father, W. H. Brown, 1155 Raymond street, about a year ago. On that occasion she was discovered in time.

Detective Lieutenant Charles P. Blake found a will dated March 14, in the bureau in Mrs. Kerns's room. She leaves two sons, 6 and 11 years of age.

YOUNG TRUCKMAN'S DEATH ACCIDENTAL

REDLANDS, July 5.—Carl Caskey, 20-year-old truck driver, died in an unavoidable accident, the Coroner's jury that investigated the accident this afternoon decided. Caskey leaves his parents, Mr. and Mrs. Charles Caskey; five sisters, Addie, Milbrey, Mabelle, Ruth and Marie, and two brothers, Melvin and James Lee Caskey. Testimony showed he was helping load a truck in a sand pit when the sides caved and he was buried. Workmen dug him out and a pulmotor was used in an effort to revive him. Caskey was associated with his father in the trucking business.

RADIO FOR PARK

SUNLAND, July 5.—Radio equipment is to be installed here in Monte Vista Park to provide for the reception of the Sunday afternoon musical program that is broadcast by the Los Angeles City Park Department. A new building is to be erected to house the equipment. The structure also is to contain locker rooms and showers for the baseball players who use the park each Sunday.

DRIVE-UR-SELF IDEA EXPANDED

Inebriated Celebrator of the Fourth Proffers Latest in Alibis

CUCAMONGA, July 5.—A group of local ranchers are convinced the world is becoming a better place in which to live, to wit:

While the nation was celebrating Independence Day early in the morning some one stole an automobile from the Luckenmeyer ranch near here. An extensive search was made for it. Late last night the automobile was returned and the man at the wheel announced that during his alcoholic celebration of independence he "borrowed" the machine and spent the day riding around in it. His conscience bothered him so tremendously that he wanted to pay generous rental for the car during the time he had used it.

Officials of the ranch were so surprised at the story they offered him congratulations, urged a change in his manner of celebration and refused to prosecute.

EXTRA TAX FOR WATER UNDER FIRE

Brawley Residents Said to be Paying More Than Users on Ranches

BRAWLEY, July 5. — Acting on instructions from the City Council, Attorney A. L. Sebille is endeavoring to determine the legal status of the system by which the Imperial Irrigation District levies a doublt charge against city property owners for their domestic supply of water.

According to Sebille, farm lands in Imperial Valley pay a tax rate of $5 on $100 value to the district and receive their water free. City property owners pay the same rate and the municipalities are also assessed $2 an acre-foot for all the water they use.

Irrigation district officials state that this arrangement is the result of an agreement reached several years ago when town property in the valley was exempted from an increase in assessed valuations which applied to all farm lands.

Brawley's assessed values were increased several hundred thousand dollars this year, and it is the contention of local officials that as a result of this increase, town water users are paying an excessive rate for their water supply.

Extension of Time Refused

ARCADIA, July 5. — Not satisfied with the final dictates of the City Council on enforcement of the city dairy ordinance, M. Markoff, dairyman on San Joaquin avenue, made a plea for an extension of ninety days, before the Council Wednesday night. As the ordinance went into effect the 1st inst., and other dairies are being removed from the city limits, the extension of time was not granted, City Clerk Meade said.

The dairy ordinance, which was adopted two years ago, but never enforced due to the pleas of dairymen for more time in which to relocate, went into effect for the first time on the 1st inst., following protests of property owners living near dairies situated within the city.

YOUTH WOUNDED BY "UNLOADED" GUN

TORRANCE, July 5.—Jack Mackay, 18 years of age, of 1559 Oak street, Lomita, is in a serious condition at the Memorial Hospital here as the result of the accidental firing of a .22-caliber rifle which he was cleaning last night. Accompanied by two companions, Mackay walked to the hospital, several blocks away, following his injury. The bullet entered the abdomen, piercing the intestines in three places. The boys were preparing for a hunting trip this morning and did not know that the gun was loaded.

CONTRACTOR IN REFUND OFFER

Responsibility for Excess Charges Disclaimed

Pasadena Officials Said to Have Fixed Payments

Grand Jury Action Delayed for Sewer Job Study

PASADENA, July 5.—Civil suit will not be necessary to compel Ducey & Breitenstein to reimburse the city for asserted overpayments made on Linda Vista paving contracts, T. C. Breitenstein declared in conference with City Manager R. V. Orbison and City Attorney H. P. Huls, Orbison announced today. Recheck of the paving job on Linda Vista avenue between Seco and Afton streets, made in connection with the investigation of the city engineering department, showed an apparent overpayment of $18,000. This report is now in the hands of deputy District Attorneys.

Breitenstein, partner in the firm of Ducey & Breitenstein, declared during the interview that his firm had not billed the city for any amount for the paving but had accepted the monthly figures of the engineering department on the actual amount of work done and had accepted the city's payment for that amount.

Breitenstein said the company's books were open for examination, that work orders could be shown for all work done, and that any definitely established overpayment would be refunded, Orbison reported.

Grand jury consideration of whether or not criminal charges should follow the investigation will be delayed four or five days pending recheck of the Lamanda Park sewer project, it was learned today. Investigation so far has revealed that only Ducey & Breitenstein and Murray & Simunovitch will be involved in refund demands, according to Orbison.

SADDLE CLUB ERECTS FIRST STABLE UNIT

VAN NUYS, July 5. — The first unit of El Vaquero Saddle Club's new $20,000 stables will be completed tomorrow and horses may be used by members on the following day, it is announced here by Elliot Sparling, president of the organization. Work on the foundation for the second unit has been started. Work also is under way on the riding ring, and other improvements on the grounds, including the refurbishing of the old Whitley home in the center of the estate. The structure and grounds when completed will represent an expenditure of about $225,000, it is estimated by Ellis & Sheeley, architects. The estate is situated on Van Nuys Boulevard, south of here.

JURY EXONERATES CREW OF TRAIN

POMONA, July 5. — A Coroner's jury today exonerated the crew of the Southern Pacific train which struck and fatally injured C. B. Hyde, 87 years of age, Sunday morning as he was crossing the tracks at Palomares street on his bicycle. The accident was held to have been caused by the failure of the deceased to wait for the east-bound train after a west-bound train had passed. Three witnesses testified that warnings had been shouted to him, but that Hyde failed to heed them.

F. W. PRINCE QUITS SAN FERNANDO BANK

SAN FERNANDO, July 5. — Fred W. Prince, vice-president and manager of the San Fernando branch of the Security-First National, and well-known banker for a number of years, will retire immediately, it is announced here. He quits the bank to devote his time to private business interests. William A. Robinson, who has served here as assistant manager of the bank, will succeed Prince, it is stated.

BANKER CHOSEN AS MAYOR FOR CHINO

CHINO, July 5.—A. H. Tolle is this city's new Mayor, having been elected by the City Council to succeed C. M. Craw, who resigned recently due to ill health. Tolle is manager of the local branch of the Bank of America. He was first sworn in as a member of the City Council and then elected to chairmanship of the board. Election of Councilmen will be held next April and it is believed Tolle will be a candidate at that time.

SAN DIEGO AWAITS JAHNCKE

Assistant Navy Secretary Will Spend Two Days Next Week Inspecting Eleventh District

SAN DIEGO, July 5.—Assistant Secretary of the Navy Ernest Lee Jahncke is due here for a two-day inspection tour of local naval activities next week, it was announced at Eleventh Naval District Headquarters today. Jahncke, who is en route to San Francisco from the Hawaiian Islands, will arrive here Monday and is to remain until Thursday.

The trimotored Ford transport plane used by Jahncke on his trip around the country is at Oakland, and he is scheduled to take off from that city about noon Monday, San Diego bound. A stop for refueling is to be made at Long Beach, and the assistant secretary is due here about 6 p.m.

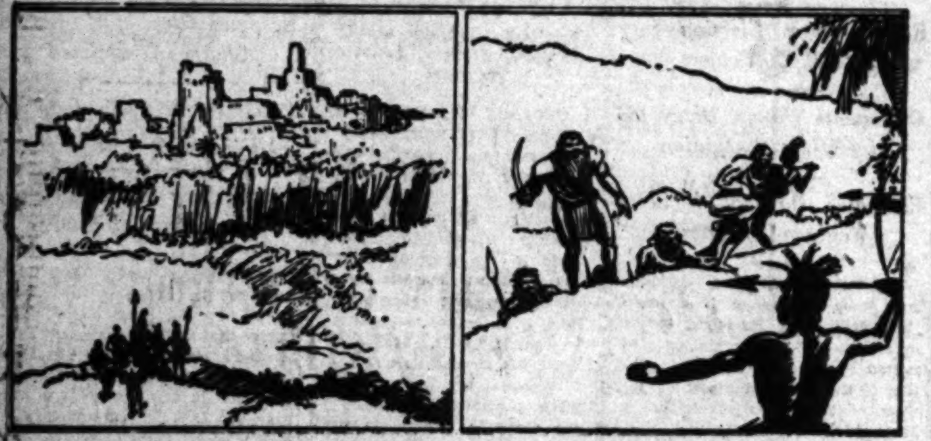
Plans for entertaining the visiting secretary are being arranged by local naval authorities and Chamber of Commerce officials. Before he leaves on Thursday Jahncke is expected to inspect the naval departments on shore and afloat here. A message received from him today by Rear-Admiral Ashley D. Robertson, commander of the Eleventh Naval District, states that he desires to make a detailed and comprehensive survey and inspection of all naval facilities in this area to be visited.

From here Jahncke will fly back to San Francisco for a five-day inspection trip. He then will continue northward, arriving at Seattle the 18th inst., and leaving there two days later, bound for Washington by way of Chicago, proceeding from Seattle to Chicago over an air-mail route.

A CHUCKLE FOR EVERYBODY

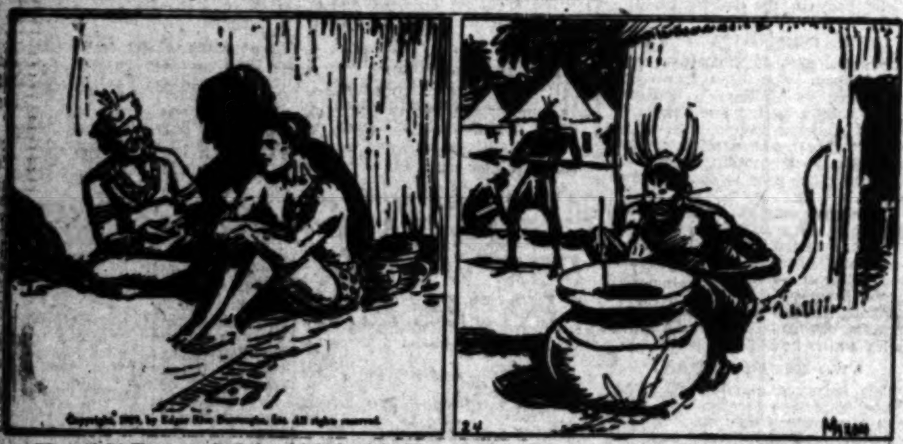
THE RETURN OF TARZAN

By Edgar Rice Burroughs



A moon's march to the southeast, the natives told Tarzan, lived a strange people. They wore many ornaments of shining yellow. Their spears and arrows were tipped with it. Even their cooking vessels were made of this same solid metal. Very fierce, their city was of stone, surrounded by a great wall.

"They are wicked people," said Busuli, "neither white like you nor black like me, but covered with hair as is Bolgani, the gorilla. None but our chief has ever seen them. As a young man he accompanied his father and a war party to their wonderful city. They are very bad, for they ate our warriors!"



Copyright, 1929, by Edgar Rice Burroughs, Inc. All rights reserved.

Maxon

That night Tarzan asked the chief about it. The old fellow remembered it well. He related his story of that long trip up great rivers and over wild mountains. "Wait until the rainy season is over," he said, "then I will take some of my warriors and go with you." So Tarzan, for the present, had to be content with that promise.

The next day a small party of hunters returned to report a large herd of elephants some miles away. There were several full-grown bulls whose ivory would be worth having. Preparations were made for a great hunt. The witch-doctor made charms to assure them good fortune, and at dawn fifty sleek, black warriors started out.

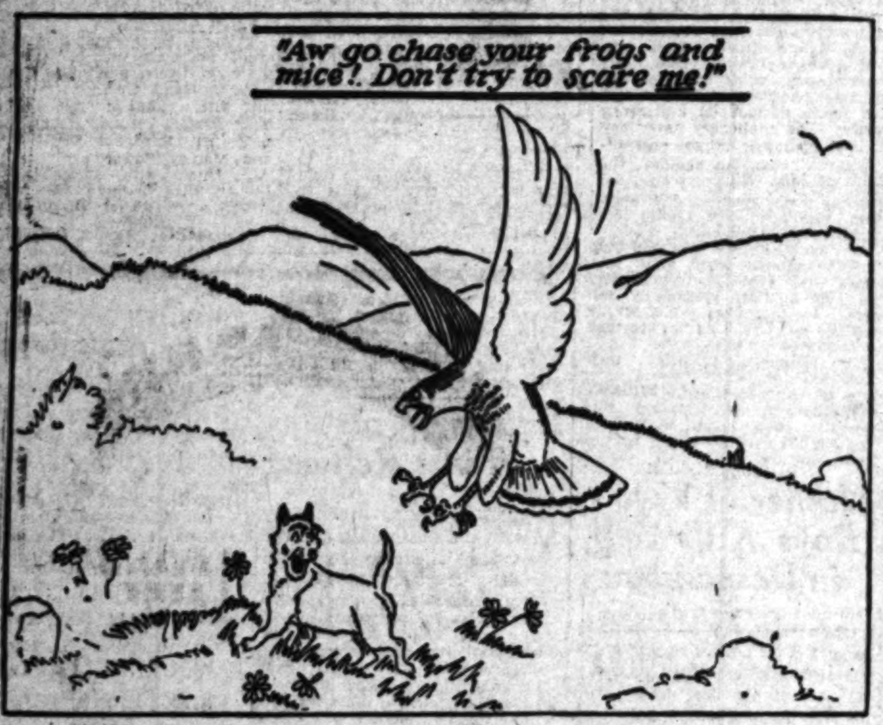
Dog Days

By D. T. Carlisle



"Aw go chase your frogs and mice!. Don't try to scare me!"

Helen Wills Wins Third Straight Title

SERAPHS ANNEX FOURTH IN ROW

Portlanders Bow to Angels by Score of 9 to 4

Child Hurls Well for Krug Outfit Until Ninth

Chesterfield No Puzzle to Clouting Cherubims

Chalk up another victory for Marty Krug's Angels, who hit the ball hard and often at Wrigley Field yesterday to win their fourth straight game from Portland, 9 to 4.

WALTER BERGER.

The Seraphs were given the celebrated blindfold test, and at the conclusion of the contest voted unanimously for Chesterfield. Chesterfield, by the way, was pitching for the Ducks and how he did satisfy the Angel's craving for base hits. Leo perspired freely and the Cherubs hit the same way, registering fourteen hits, ten of them bunched to pile up an early lead that was never threatened.

Harry Child, the collegian right-hander, pitched for the Angels, and got by nicely until the ninth. In the final round the Ducks forgot what the score was and deluded themselves into believing there was some reason for staging a rally. Four hits rattled off the Portland bats to produce two runs, so Krug had to lift Child and send in Red Roberts to put down the uprising. Red fanned Ostenberg and then personally tossed out Walters to end the struggle.

Walter Berger, who batted out seven straight hits and scored nine runs in the Fourth of July doubleheader, laced out three more safeties yesterday and scored a couple of runs. Carl Dittmar, with three hits, and Slug Tolson and Gus Sandberg, with two apiece, helped Berger lead the Angel attack.

Rob Richards did most of the damage to Child, rapping out four hits in five times at bat, driving in two runs and bringing his total of safeties to thirteen for the series.

The Angels concentrated their attack on Chesterfield in the third and fourth innings, bunching two

Hudkins Wins Court Victory

SAN FRANCISCO, July 5. (AP)—An order temporarily restraining the State Athletic Commission from disposing of $13,000, the fine imposed on Ace Hudkins, Nebraska middleweight fighter, was issued today by Superior Judge E. P. Shortall.

The commission was summoned to show cause, on the 12th inst., why the order should not be made permanent.

Purses of Hudkins and Charley Belanger, Canadian light heavyweight, were held up after their ten-round fight here, June 28, last. At a commission meeting last Wednesday $13,000 of Hudkins's guarantee of $15,000 was forfeited. Chairman Hanlon issued a statement that the fines were imposed because "it has been very clearly shown that neither of the contestants put forth his best efforts."

MORGAN IS INJURED IN RING DRILL

Main Event at Olympic Tuesday Hangs in Balance as Result of Hurt

Tod Morgan, junior lightweight champion, suffered a cut nose in sparring drill yesterday and as a result next Tuesday night's headline bout at the Olympic hangs in the balance. Morgan is slated to box Goldie Hess of Ocean Park in the ten-round main event.

TOD MORGAN

An examination will be made today to determine whether Morgan's injury will prevent his appearing Tuesday night. The champion was butted by a sparring partner and the resultant cut caused Tod to lose considerable blood.

Leo Hernandez, star Mexican youngster, may be a choice over Larry Murphy due to his sharpshooting right. Murphy beat Benny

OUSTING OF MARTY BY BILL WRIGLEY HINTED

Magnate Dissatisfied With Present Skipper; Chicago Cub Catcher His Ideal Type, is Report

BY BOB RAY

Gabby Hartnett, peppery Chicago Cub catcher, may replace Marty Krug as manager of the Angels within the next few days, it was rumored in local baseball circles last night.

Although J. H. Patrick, president of the Los Angeles club, vehemently denied that Krug was to be fired, the rumor persisted that Marty was due to be handed his release at an early date.

"GABBY" HARTNETT

Hartnett, who was rated as the best catcher in the National League until this spring when his arm went back on him and made him practically valueless to the Cubs, is a great favorite of William Wrigley's. It is known that Wrigley is dissatisfied with Krug's results as manager of the Angels and would favor the appointment of the hustling Hartnett as skipper of the Seraphs.

Wrigley has remarked in the past that Krug fails as the bombastic type needed to draw the fans through the turnstiles. But Hartnett fills that bill to a tee. Gabby has become a great favorite with Los Angeles fans during his performances here with the Cubs in the spring exhibition games.

Hartnett could be placed here as manager of the Angels to see whether his ailing arm will come around. If Gabby recovered the use of his arm he could be recalled later to again perform for Chicago.

Hartnett's appointment as manager of the Angels would make a distinct hit with the Los Angeles baseball populace.

Krug has been manager of the Angels since 1923, taking over the reins when Red Killefer left the Seraphs to become part owner and skipper of the Seattle Indians.

Since piloting the Angels, Krug has won but one pennant for Los Angeles, steering the Seraphs to a pennant in 1926.

The Los Angeles club spent a lot of money buying player talent for Krug last winter and when Wrigley went back to Chicago this

SENATORS BOW TO HOLLYWOOD

George Hollerson Holds Sacs to Four Hits

SACRAMENTO, July 5.—George Hollerson, young right-handed pitcher recruited by Hollywood last year from the Utah-Idaho League, today held Sacramento to four hits and the Sheiks won their fourth straight game by a score of 3 to 2.

GEORGE HOLLERSON

Had not the youngster made the mistake of giving Hank Severeid, big Sacramento catcher, an inside ball in the fourth inning, he might have repeated Frank Shellenback's shut-out triumph of yesterday. As it was, Severeid hit the ball out of the lot, scoring behind Backer, for the only two runs chalked up against him. Two of the other three hits off Hollerson were of the infield variety, one being a bunt by Backer. The fourth was a legitimate double by Ray Rowher, which was wasted.

"Pudgy" Gould and young Tom Flynn also were good but not as good as Hollerson. They allowed eight hits and Red Rollings got three of them. It was Rollings who started the one-run rally which gave the Stars the ball game in the seventh inning. He slashed a long double to right field, took third on Carlyle's sacrifice and scored on Rehg's outfield fly.

Gould's unusual wildness gave the Stars a run in the first inning. Dudley Lee drew a walk and Rollings sacrificed. After Carlyle had fouled out, Rehg also strolled and Funk followed with a single to center field to score Lee.

Hollywood again chalked up a run in the fourth inning, with

EASILY DOWNS HELEN JACOBS

American Queen Beats Foe in Straight Sets

Reaches Mixed Doubles Final With Francis Hunter

French Players Mix Today for Men's Laurels

WIMBLEDON (Eng.) July 5. (AP) Conquering Miss Helen Jacobs by scores of 6-1, 6-2, in Wimbledon's first all-American final in women's singles, Miss Helen Wills won her third straight British championship on the famous center court today.

HELEN WILLS

These two American girls who live in the same California city traveled more than 5000 miles to enter the Wimbledon tournament, played their way through opposite halves of the draw without losing a set and met in a title match which was no more exciting or doubtful than if it had been played on a club court in Berkeley instead of on the most famous patch of tennis turf in the world with 15,000 persons looking on.

It was Miss Wills's match all the way after the opening game which Miss Jacobs took on her strong service. The challenger never had the lead again nor did she ever appear to threaten, but against the genius of Miss Wills's racquet her strong right arm and unequaled court strategy the sturdy Miss Jacobs fought a good fight.

The bare score fails to reveal the prolonged rallies that featured the match. For an hour the shorter and stockier Helen staved off defeat and during five of the seven games of the first set, she gave the champion a battle.

COMMITS ERRORS

Winning the first game Miss Jacobs dropped the next two quickly, but the next four were long advantage affairs. Back and forth across the net the girls hammered the ball, Miss Wills, with the precision of artillery fire, pounding first one and then the other far corner of Miss Jacobs's court. Her courageous opponent raced after the ball and made beautiful returns, but the physical demand was too

DOHERTY OF DETROIT IS DECATHLON WINNER

Paddock, Wykoff, Guyer, Maurer Set World's Record in 440-Yard Race; Decathlon Record Set

BY PAUL LOWRY
Sports Editor, The Times

DENVER, July 5. (Exclusive)—The athletes of the Los Angeles Athletic Club finally came into their own on the closing day of competition of the national A.A.U. track-and-field championships in the Denver University Stadium this afternoon.

They not only won the relay championship hands down with a total of 16 points, but in so doing set a new world's record for the 440-yard race around a two-turn track, and established a new A.A.U. record in the 880 relay. The new mark is 41 9-10s., and was hung up by a team composed of Maurer, Paddock, Guyer and Wykoff, which won by ten yards from the Newark and Denver teams.

CHARLEY PADDOCK

NEW RECORD

In addition Herman Brix, the big blond shot-putter of the L.A.A.C. team, broke a long-standing world's record in the eight-pound event by tossing the ball 67ft. 11 1-2in. to break the record of 67ft. 7in. made by Ralph Rose in 1907.

This was in the medley shot-put event, which consisted of trials with the eight, twelve and sixteen-pound balls for total distance. Brix was first with a total of 172ft. 2 3-4in.; Mike Sexton, second, at 16ft. 5in.; Schleimer, third, at 159ft. 3-4in., and Manley Edwards of the L.A.A.C., fourth, with 159ft. 8in. Although Brix bettered the twelve-pound record during the staging of

CAMBRIDGE CONQUERS COLUMBIA

American Oarsmen Beaten by Britishers in Quarter Finals of Henley Regatta; Brown and Nichols Prep Crew Advance to Semifinals by Win Over Sidney Sussex

HENLEY (Eng.) July 5. (AP)—The trans-Atlantic fleet competing for England's highest aquatic honors at the Henley regatta dwindled today to one American crew and a lone Canadian sculler.

Taking the backwash of the powerful college eight of Cambridge, Columbia University's crack 159-pound beatload failed in the quarter finals for the Thames challenge cup, but **Browne and Nichols, a preparatory school eight from Boston, swept into the semifinals by whipping Sidney Sussex College.**

Keeping pace with the New England schoolboys, Joe Wright, Jr., of Canada, won the right to defend his diamond sculls singles championship in the finals tomorrow by eliminating F. Bradley of Pembroke College, Cambridge, in one semifinal heat. His final challenger is L. Gunther, Dutch Olympic sculler, who pulled home today ten lengths ahead of Viscount Tiverton in 10m. 47s.

Browne and Nichols will meet Trinity, conqueror of Columbia, in the semifinal round tomorrow with an even chance of victory. The race

NIGHT POLO TEAMS NAMED

Hal Roach and Snowy Baker Will Lead Rival Mallet Squads at Coliseum

Hal Roach, motion-picture producer and southpaw mallet star, will captain one squad while "Snowy" Baker, Australian athlete, will lead the opposing four in the night polo game which will be staged as part of the Elks' convention program at the Coliseum.

The personnel of the two teams was named last night. On Baker's squad will be Long Jim Colt, Santa Barbara star and C. B. Wrightsman, the best-mounted man in west coast polo. Roach will have Will Rogers, Jr., and Clair Brunson.

SNOWY BAKER

The night polo game which will be staged Thursday along with the motion-picture electric pageant, is the first of its kind ever staged in the West. The game will be a four-chukker affair. All of the players are members of the Uplifters' Club.

Before the game the famous $100,000 string of C. B. Wrightsman will parade around the Coliseum.

The line-ups:

Will Rogers, Jr.	No. 1	Baker
Hal Roach	No. 2	Colt
Clair Brunson	No. 3	Wrightsman

UPLIFTERS AND MIDWICK CLASH TOMORROW

Midwick Country Club horsemen rule heavy favorites to defeat the Uplifters' four tomorrow at Rustic Canyon field. The game, which is the second of the series of five between the two clubs, nevertheless is expected to be one of the hardest-riding contests of the summer season. The Uplifters bowed to the Midwick four last Sunday by a 10-to-6 score but they have worked together all week in practice and expect to click better against the Purple mallet swingers.

Neil McCarthy will captain the Midwick four. Dr. Harry Wilson,

MUNICIPAL NET FINALS ON SCHEDULE TOMORROW

Semifinal matches in men's doubles and final matches in men's and women's singles in the annual Municipal city tennis championship tournament will be played tomorrow. The tournament thus far has been featured with many upsets and a stellar brand of tennis. This annual tournament is being held under the auspices of the Department of Playground and Recreation and sponsored by the Junior Chamber of Commerce.

At 9 o'clock Jack De Lara and Charles Weesner will play Percy Guilford and Clanton Paige in a semifinal match, and at 10:30 Lester Stoefen paired with Ned Wheldon will meet Clay Mahoney and Orville Scholz in the other semifinals in men's doubles.

At 12 o'clock the men's singles finals will be played, featuring Charles Weesner vs. Jack De Lara. De Lara was the 1927 municipal champion and Weesner is the second man at Stanford University.

At 1:30 Gladys Patz will defend her championship in the finals of the girls' singles against Elizabeth Deike.

At 3 o'clock the finals of the men's doubles are scheduled.

Trophies will be awarded to first and second places.

Fifteen Golfers Selected for Qualifying Round of National Public Links Championsh

SUNSET FIELDS SCENE OF PLAY

Divot Diggers Start Tourney Next Thursday

Five Clubs Represented in Total Entries

Six Lowest Scorers to Go East for Finals

BY BRAVEN DYER

Southern California's entries in the national public links championship tournament were announced last night by H. N. H. Woodcock, local member of the United States Golf Association. Fifteen players have been selected to take part in the qualifying round to be played at Sunset Fields next Thursday.

Those named are J. G. Hunter, L. A. Rosin and G. F. Olsen of the Montebello Park Club; L. I. Messenger, M. J. Hebor and Fred Gilbert of the Griffith Park Municipal Club; C. H. Lucas, Jim Ross and Joey Ray of the Sunset Fields Corporation; Eugene Hornbostel, Joe Guerrero and L. W. Speake of the Westwood Public Course, and Chester T. Coleman, George F. Montgomery and Francis Schraeder of the Santa Monica municipal course.

Thirty-six holes of medal play are scheduled to start Thursday morning at 9 o'clock. The six golfers with the lowest scores will qualify for the finals to be staged at St. Louis on August 6.

Sunset Fields No. 1 course is a stiff golf test and has been used for many important tournaments this year. The Southern California open, the S.C. P.G.A. and the qualifying round for the Los Angeles open were all played there. Play Thursday will be from the back tees of standard length, which means that the public links stars will have to be in their best form to break into the low 70's.

The fifteen players may use Sunset Fields for practice without having to pay green fees.

Long Beach, represented last year by Spec Stevenson, is not included in the above entries for some unknown reason.

BLIND BOGEY TIE AT CHEVY CHASE CLUB

J. A. Grace of Alhambra and D. Warrender of Los Angeles tied for first in the Fourth of July blind bogey tournament at the Chevy Chase Club, each shooting 71.

PAINTERS IN PLAY AT MONTEBELLO TODAY

When eight foursomes step upon the links at Montebello at 2 o'clock today the General Paint Corporation golf tourney will be under way, for the trophy which is being awarded by O. S. Orrick, vice-president of the company, at San Francisco.

Other units of the General Paint Corporation will also stage their preliminary tourney today at San Francisco, Portland, Seattle and Spokane. Officials of the southern division of the company will be on the Montebello links.

DAVIES STARS IN NET PLAY

(Continued from Seventh Page)

ably tired after this game. Elizabeth Deike scored something of an upset when she defeated Louise Hoyt, seeded No. 4, in straight sets, 6-2, 9-7.

Semifinal matches in the doubles, and the women's singles, and quarter and semifinals in the men's singles are scheduled for today. All final matches will be played tomorrow. Yesterday's summary, and the schedule for today:

MEN'S SINGLES

Neville defeated Morris, 6-1, 6-1; Weldon defeated Charnock, 6-0, 6-1; Longcope defeated Fowler, 6-3, 6-3; McArthur defeated Rosenberg, 6-1, 6-3; Stoefen defeated Ross, 6-1, 6-3; Berry defeated De Levy, 6-1, 6-2; Muehleisen defeated Jasper, 6-3, 6-1; Ole defeated Holmes, 6-1, 3-6, 6-3.

MEN'S DOUBLES

Neer and Davies defeated De Lara and Weesner, 6-4, 7-5, 3-6, 10-8; Muehleisen and Easton defeated Stoefen and Wheldern, 6-4, 6-4, 10-5; Herd and Herrington defeated McArthur and Risso, 4-6, 6-4, 6-4, 6-2; Tidball and Robbins defeated Hinckley and Ogden, default.

LADIES' SINGLES

Caroline Babcock defeated Mrs. Robinson, 6-3, 6-3; Deike defeated L. Hoyt, 6-2, 9-7; Gladys Patz defeated Mrs. Washburn, 6-0, 6-1; D. Robinson defeated Alice Park, 2-3, 6-4, 6-2.

Today's Schedule

9 a.m.—Muehleisen vs. Ole; Neville vs. Wheldon; Longcope vs. McArthur.

10 a.m.—Berry vs. Bennett.

11 a.m.—Stoefen vs. winner Berry vs. Bennett.

1 p.m.—Neer and Davies vs. Muehleisen and Easton.

2:30 p.m.—Babcock vs. Deike; Patz vs. Robinson; winner, Neville vs. Wheldon vs. winner Longcope vs. McArthur.

3:30 p.m.—Tidball and Robbins vs. Herd and Herrington.

BARRACUDA RUNNING OFF HERMOSA BEACH

HERMOSA BEACH, July 5.—The heaviest barracuda run since 1923 continues at Hermosa Beach, with all pleasure fishing craft operating from the Hermosa municipal pier daily breaking previous marks set in capturing this game fish.

So far this season the high mark goes to "Hardluck" Harry Smith, a dyed-in-the-wool salt-water angler of no mean reputation, especially as a "jew-fisherman." This chap netted himself 118 "scooters" yesterday, with many other high marks recorded along with his during the past fortnight, from the foredeck of the Olympic Barges. Flying fish, familiar to those visiting the Cataline Islands, are also reported close to the mainland, an indication that swordfish are present.

STENGEL TRADES PITCHER

TOLEDO (O.) July 5. (AP)—Paul Zanniser, pitcher, has been traded to the Toronto club of the International League for Arthur Ruble, outfielder. Manager Casey Stengel of the Toledo American Association Club announced today.

RABBIT PUNCHES
BY PAUL LOWRY

CHEERS IN ORDER

DENVER, July 5.—Now that the Fourth of July popping is over the Olympic Club might think up some nice way of expressing its appreciation of the victory its representatives turned in here yesterday in the senior A.A.U. track championships.

And when they get around to slapping the Messrs. Sweet, Storie and Merchant on the back some special comment is forthcoming. These college heroes of yesteryears are the boys who won the meet for the Winged O.

Sweet, only inches back of Tolan and Bracey in the 100 captured a surprising third and two points.

Storie finished six yards behind Bowen, the I.C.A.A.A.A. champion, for a second when he wasn't figured in the 440 at all.

And Jack Merchant, not an outsider but hardly doped for first, threw the hammer almost as far as when he was in college nearly ten years ago.

Sweet has been out of Montana three years, Storie the same length of time from Stanford, and Merchant hasn't been inside a California class room for nearly a decade.

These boys deserve some "all hails," and so does Swede Leistner, L.A.A.C. man who left Stanford four years ago. Had he gotten the same start as Jeddy Welsh, who beat Johnny McHugh's gun by a yard, it would have been the Swede and Anderson at the tape one way or the other.

* * *

WYKOFF LACKS RESERVE

COMING not in the form of an alibi but a mere statement of fact from the veteran starter, Johnny McHugh, there is something wrong with Frank Wykoff. He is not the runner he was last year.

When McHugh hit Denver the other day he immediately remarked on the changed appearance of Wykoff, whom he hadn't seen since the Boston Olympic trials and still later at Amsterdam last year.

McHugh believes the tonsil operation which Wykoff had around Christmas and which necessitated seven blood transfusions is largely responsible for the Glendale boy's lack of strength.

At any rate he has no reserve in the latter part of his races. He was a yard and a half ahead at 120 yards in the 220 yesterday, but from that point Tolan stepped right away from him. The same thing was true in the century, where he had no finish.

* * *

RESEMBLES DREW

EDDIE TOLAN, the little black boy who achieved the unusual feat of winning two senior dash championships in one day, is about the same build as the former Trojan star, Howard Drew.

And he runs not unlike him except that Drew was smoother.

He is a modest little fellow—a sophomore at Michigan with two more years of competition.

He came up into the press box after winning both sprints in spite of a gashed toe nail.

"Do you think you can beat Percy Williams in the Vancouver meet?" he was asked.

"I'd like to," was the simple reply.

* * *

WILLIAMS HEARTBROKEN

JACK WILLIAMS was so heartbroken over his failure to place in the pole vault yesterday that he tossed up the proposed Vancouver jaunt and is going back to Los Angeles with the other boys on a train leaving at 4:30 tomorrow afternoon. This puts the team back home at 9:10 Monday morning.

On the strength of his record this year the lanky Trojan vaulter should have placed easily. McAtee of Michigan won the fourth place at 13ft. ½in. and Warne of Northwestern got the second spot with a leap of 13ft. 5in.

Of course, Edmonds of Stanford, who tied for first place in both the I.C.A.A.A.A. and N.C.A.A. meets at 13ft. 9in. this year, also flivvered, so Jack has some comfort in this fact at least. The result only confirms a suspicion expressed before the meet opened that Fred Sturdy was the man on edge for the event.

He left immediately after the championship for New Haven, where Yale and Harvard meet the combine Oxford-Cambridge teams one week from tomorrow.

The failure of John Kuck, the world's record-holder in the shot put, to place was one of the biggest surprises of the meet.

He was tossing consistently around the fifty-foot mark in Los Angeles this spring but he didn't even qualify for the finals yesterday. And the fourth-place man—Jessup of Washington—won his position with 47ft. 6in.

Kuck didn't seem to have the proper spirit, for one thing. He arrived late at the track, and missed one of his qualifying turns because he wasn't on deck when his turn was called.

EVANS AFTER LAURELS

Veteran Golfer Will Seek Ninth Crown in Annual Western Amateur Links Tournament

KANSAS CITY, July 5. (AP)—Chick Evans of Chicago will try for his ninth title at the thirtieth annual western amateur golf tournament on the Mission Hills course here July 8 to 13.

In 1909 Evans, then a youth, won his first western amateur crown, defeating Albert Seckel of Chicago, 1 up, in the tournament held at the Homewood Country Club at Flossmoor, Ill. He won again in 1912, 1914 and 1915, and from 1920 to 1923, inclusive. In 1916 he added both the national open and national amateur titles to his collection.

Charles "Chick" Evans

Many out-of-town players already have arrived and a host of golfers, including the champion, Frank Droip of Portland, Or., is expected Saturday.

Payne Breaks World Mark in Marathon

LONDON, July 5. (AP)—H. Payne of Woodford Green cut nearly two minutes from the world's record for the regular marathon distance of twenty-six miles, 385 yards today in winning the event in the British Amateur Athletic Association's championship meet today. Payne covered the distance in 2h. 30m. 57 3-4s. The record of 2:32:35 4-5 was set by the great Finn, Hannes Kolehmainen, in the 1920 Olympic Games. The time in the last Olympic marathon, won by El Ouafi of France, was 2:32:57.

S. Ferris of the Royal Air Force was second today in 2:39:30 and E. Leatherland, Sutton-in-Ashfield, third in 2:49:22.

PEREGRINA READY FOR KEOSABABIAN

Joe Peregrina, young Mexican middleweight, expects no picnic when he meets Bill Keosababian, the Armenian, in tonight's chief battle at the Main-street Athletic Club.

Substituting on last-minute notice against Peregrina in Ventura a week ago Keosababian floored the Mexican three times, but lost the ten-round decision. He was on the canvas twice himself. It was his first fight following a year's layoff forced by injured hands. The Armenian Assassin has scored thirty-five knockouts in fifty fights.

Kewpie Hernandez and Willie O'Connor, 115-pounders, clash in the semi-wind-up, while Young Brown, who used to sell out the old Vernon arena when he was a featherweight, meets Tiger Bobo at 140 pounds in the special event. Three other bouts complete the program.

Dog Races

AGUA CALIENTE, July 5.—First race—Dedra the Third, won; Kilmoyles Skelper, second; Exiter Chief, third. Time 19 3-5s. Also rans—Golden Speed, Drive Careful, Irish Eyes, Lord Langford, Banpablo Lad.

Second race—Past Voter, won; Frisky Bee, second; Flying Peggy, third. Also rans—I'm Next, Minnies Favorite, Dingle Bay, Bopeep, Steal Away. Time 26 2-5s.

Third race—Irish Paddy, won; Pollys Best, second; Shila M., third. Time 29 3-5s. Also rans—Bantry Bay, Keep Me, Calhoun Boy, Some Jedderact, Joe Cross.

Fourth race, 5-16 of a mile—Polly's Pet, won; Loyal Lad, second; Polaris, third. Time 33s. Baby Wrinkle, School Bell, Take Me, Tanae, Billy O'Barr, also ran.

Fifth race, 1-4 of a mile—Cheyenne, won; First Snow, second; Minstrel Hal, third. Time 26s. Kid O'Greats, Nelson, Bud Rock, Marsh Romper, Oliver Goldsmith, also ran.

Sixth race, futurity—Golden Rod, won; He Might II, second; San Carlos, third. Time, 29s. Caper, Garry's Lad, Leatherneck, Ruth's Boy, the Same Again, also ran.

Seventh race, 5-16 of a mile—Tara Miracle, won; Owen Ruth, second; Bonnie's Repeater, third. Time 32 3-5s. Betty Owen, Merry Monarch, Jack McCormick, Speedless, Clan Mac, also ran.

Eighth race, 3-16 of a mile hurdles—Bat Hele, won; Rough Husk, second; Flashy Dick, third. Time 20 1-5s. San Jose Lad, Frosty Boy, He Tong, Kashmir Bee, also ran.

MERCURIES SET RELAY RECORDS

Paddock, Wykoff, Guyer, Maurer Hang Up Marks

Doherty of Detroit Winner in Decathlon Event

Sets New American Record for All-Around Test

(Continued from Seventh Page)

the junior Olympics at Moore Field over a month ago, he was not equal to the occasion today, and his best was 56ft. 3in. In the sixteen he also fell short with 48ft. 2 3-4in.

A new meet relay mark came in the 880 when three youngsters—Maurer, Guyer and Wykoff—with the aid and assistance of the veteran Charley Paddock dashed the distance in 1m. 26 4-10s. This broke the old record of 1m. 27 4-10s. set at Pasadena in 1921 by a New York A.C. team, composed of Wefers, Ray, Lovejoy and Farrell.

PRETTY RACE

It was one of the prettiest races of the day. Paddock, running the first lap, gained slightly on Quinn of New York, but this advantage was lost in the exchange of the baton. Maurer ran a pip of a lap against Jackson Scholz and sent Guyer off on even terms with Jones. The latter went by Guyer in the early part of the lap, but the Santa Ana redhead came like a streak in the closing stages and was two yards ahead when they passed the sticks.

This was increased a yard by a perfect exchange and Wykoff gained four more yards on Cuhel to win the most exciting race of the day. Newark got the third place in this relay and a second L.A.A.C. team, composed of Maxwell, Welsh, Grumbles and Carls, copped the fourth place.

The L.A.A.C. also had a second team in the 440 relay which took another fourth place—Grumbles, Maxwell, Carls and Welsh. The first team would have bettered its new world record time of 41.9s. for this event but for the poor class of the baton between Maurer and Paddock at the end of the first lap.

Maurer, Treharne, Guyer and Wykoff have worked together on this team, but Paddock was inserted because of Treharne's sickness.

PADDOCK LOOKS GOOD

The old veteran came through in remarkable fashion in this, his seventeenth year of competition. He appeared to run with all his old speed, he was digging like all possessed, knees up to his chin, and gave the crowd a thrill in two relays that was denied them yesterday when his name was scratched in the 100-yard dash.

After two days of miserable wind and dust storms the closing day of competition found conditions favorable for an assault on records.

And even as Paddock ran like one inspired so did the kids of the L.A.A.C. team, who have been nervous to the point of distraction in this major league competition.

Wykoff looked fine today, and added to the advantage his team mates gave him on the anchor lap of both the 440 and 880 relays.

Maurer ran sweet laps, and the way red-headed Guyer went by Jones, the New York ace in the hole, on the third lap of the 880 will never be forgotten.

"The New York man's going ahead," the fans in the stands shouted as the flyers reached the 100 mark. Guyer must have heard the shouts. He dug in, made up a lost yard and handed Wykoff two more. The spirit inside was as fiery as the hair on the top of his head. He is a great competitive kid.

BREAK TROJAN MARK

The record that the L.A.A.C. boys broke today in the 440 relay was formerly held by a University of Southern California team of Bob Lee, Brice Taylor, Ed House and Keith Lloyd back in 1925. It was 42s. flat around a two turn track. The world's record around a one turn track is 41s.

The New York A. C. also gained glory with a new A.A.U. record in the one-mile relay of 3m. 17s. with a team running as follows: Jackson Scholz, the veteran 100 and 220 man; John Kerr, Victor Burke and John Cuhel.

This mark was not far short of the world record of 3m. 16.4s. held by an American team of Rogers, Brown, Eby and Maxam and set in 1921.

Cuhel ran the last lap in 48 1-5s., Burke in 49s., Kerr in 49 2-5s. and Scholz in 50 2-5s.

LERMOND STARS

Another great individual effort was registered on the anchor lap of the two-mile relay when the pug-nosed Mr. Leo Lermond of the Boston A. A. turned his half in 1m. 53.6s., faster than Phil Edwards, the great N. Y. U. negro, ran the seniors in yesterday and equaling the A. A. U. meet record for the distance held by Alva Martin and Ray Watson.

Of course, this time is not official, but it indicates what the athletes might have done the past two days had they received any kind of a break in the weather.

The natives insist they haven't had any wind here for six months, and when they do get some it invariably comes from the norther, which would favor the runners on the straightaways.

So, of course, to be perverse the wind blew from Pike's Peak south during the days allotted for the junior and senior championships and hit the runners right in the face.

Today, it was decent, and the records are the best indication of what good weather meant to the boys.

Even old Pat McDonald, who has been in championship competition ever since 1911, very nearly set a new world's record in the fifty-six-pound weight for height.

He won the event with a toss of 14ft. 9½in. over the bar, and then he just missed 15ft. 3in., a new record, by a whisker. Pat had the height gauged correctly on his best heave, but the lead barely ticked the cross bar off as it was going up. Alma Richards of the L.A.A.C. was second.

Kenneth Doherty, the Cadillac A.C. chap from Philadelphia, was in rare form and broke his national A.A.U. record set last year by rolling up 7789.48 points in the gruelling decathlon. Just another example of a perfect day.

Bowen, the I.C.A.A.A.A. champion, who yesterday won the quarter, tried to break Bernie Wefers's record of long standing in a special 300-yard race this afternoon. He ran the distance in 31.1s., but missed by a fraction. Halstead of the L.A.A.C. and Northrup provided the competition.

There was also a special race of eighty yards against time in which Bracey beat Quinn of the New York A.C. and Cummings of Newark by a whisker. Grumbles and Maxwell of the L.A.A.C. also ran. The time, 8.1s., was not a new record.

The team totals in the relays were as follows: L.A.A.C., 16; Denver, 8; New York, 8; Illinois, 7; Newark, 5; Boston, 5.

In rolling up sixteen points, the L.A.A.C. won firsts in the 440 and 880 relay races, a second in the two-mile relay and fourths in the 440, 880 and mile relays.

RELAY SUMMARY

Two-mile relay—Won by Boston A. A. (Blake, Noyes, Martin and Lermond); L. A. A. C. (Perrie, Halstead, Oberstall and McGeagh) second. Time, 7m. 48 4-10s. No other teams entered. (Lermond ran his lap in 1m. 53 6-10s., equaling the A. A. U. mark held by Martin and Watson for the 880.)

440-yard relay—Won by L. A. A. C. (Maurer, Paddock, Guyer and Wykoff); Newark A. C. second; Denver A. C. third; L. A. A. C. (Grumbles, Maxwell, Carls and Welsh) fourth. Time, 41 9-10s. New world's record around a two turn track. (Breaks old record of 42s. by a U. S. C. team in 1925.)

Four-mile relay—Won by Illinois A. C. (Grubb, Abbott, Conger and White); Denver A. C. second. (No other teams entered.) Time, 18m. 37s.

880-yard relay—Won by L. A. A. C. (Paddock, Maurer, Guyer and Wykoff); New York A. C. (Quinn, Scholz, Jones and Cuhel) second; Newark A. C. third; L. A. A. C. (Maxwell, Welsh, Grumbles and Carls) fourth. Time, 1m. 26 4-10s. New national A. A. U. record. (Breaking old record of 1m. 27 4-10s. set in 1921 by Wefers, Ray, Lovejoy and Farrell in 1921 and equaled by Wildermuth, Whalen, Hussey and Scholz in 1927.)

One-mile relay—Won by New York A. C. (Scholz, Kerr, Burke and Cuhel); Denver A. C. (Allott, Plein, Pinkney and Alf) second; Illinois A. C. (W. Taylor, Orlovich, Morgan, Tylor and Ostreich) third; L. A. A. C. (Halstead, Blanchard, McGeagh and Oberstall) fourth. Time, 3m. 17s. (A new national A. A. U. record. Breaking the old mark of 3m. 17 6-10s. set in 1926 by Stevenson, Taylor, Ostreich and Kennedy and just back of the world's record mark of 3m. 16 4-10s.)

DOHERTY SETS DECATHLON MARK

DENVER UNIVERSITY STADIUM, July 5. (AP)—The forty-first running of the national A.A.U. track-and-field games came to a close today with Kenneth Doherty of the Cadillac Athletic Club of Detroit, Mich., retaining the decathlon championship with 7784.68 points, a new American record.

Doherty's decathlon point total was the highest ever made in the United States. The highest total previously scored was 7574.42, made in 1927 at Lincoln, Neb., by Fait Elkins of the University of Nebraska.

Doherty had trailed Wilson Charles, Haskell Indian, for the first half of the decathlon, but Charles, suffering with an ankle injury received in the high jump, could not maintain the grueling pace in the afternoon and dropped to third position in the final standing.

V. Kennedy, Warrensburg (Mo.) Teachers' College, was second with 7636.003 points, and Charles had 7240.035. Other contenders finished in this order:

Wert Engleman, South Dakota State College, 7158.568; James Grant, Haskell Institute, 6959.54; Harry Frieda, Illinois A.C., 6886.060; A. D. Breneman, Southern Pacific Club, Fort Collins, Colo., 6685.185; Leo C. Dodd, Haskell, 6363.26; Dan Beattie, Denver A.C., 6226.750, and John Anderson, Olympic A.C., 4636.465.

Here is Doherty's record-breaking performance that makes him the all-around champion athlete of the year:

One-hundred-meter run, 11.1s.; broad jump, 6.65meters; shot put, 11.87 meters; high jump, 1.81 meters; 400-meter run, 54s.; 110-meter high hurdles, 16.1s.; discus throw, 38.23 meters; pole vault, 3.53 meters; javelin throw, 56.42 meters, and the 1500-meter run, 5m. 48s.

PINELLI STARTLES

Ralph Pinelli of San Francisco played in ninety-four Coast League games this season without hitting a single home run and then celebrated July 4, by banging out three homers in one game. He hit safely six times in six trips to the plate. Rollings of Hollywood and Statz of Los Angeles are the only other players credited with hitting safely six times in one game this season.

JOLLEY IN FORM

Smead Jolley had a big day with the bat on July 4, clouting out six safe hits in nine times at bat. He has colected a total of 151 safe hits this season, standing second to Gus Suhr as a manufacturer of safe hits.

ROSENBLOOM SIGNED

HOQUIAM (Wash.) July 5. (AP)—Maxie Rosenbloom, New York light-heavyweight, has been signed for a six-round bout here July 12 with Willie Feldman, also of New York, Benny Kahn of Tevis & Kahn, Gray's Harbor county boxing promoters, announced tonight.

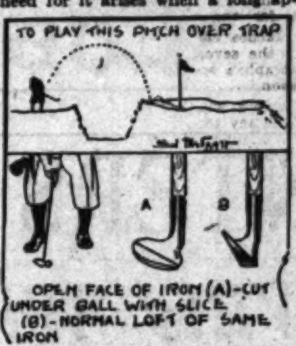
Tennis Stars Will Perform in Windy City

CHICAGO, July 5. (AP)—Outstanding tennis stars of the country will assemble at the Skokie Country Club from the 15th to the 21st inst., for the eastern championships. Emmet Pare, 1928 champion, will be back to defend his title, and will encounter the keenest competition from Julius Seligson, New York, No. 9 in national ranking; Keith Gledhill, California singles champion and holder of the Pacific Coast junior title; Ellsworth Vines, another Californian; Louis Thalheimer, former Texas star; George O'Connell, Chicago, and James Quick of Texas, from whom entries have been received.

Tough to Pitch Over a Hazard

BY SOL METZGER

Ever see Bill Mehlhorn chip one dead to the pin from just off the green with a hazard to jump? It's about the hardest shot in golf. The need for it arises when a long approach not only misses the green but is flanking traps. Your ball is in the rough, a trap intervenes and the flag is on the near side of the green. The position of the flag is the rub.



TO PLAY THIS PITCH OVER TRAP
A
B
OPEN FACE OF IRON (A)—CUT UNDER BALL WITH SLICE
(B)—NORMAL LOFT OF SAME IRON

To make such a shot elevation, cut and exact judgement of distance are demanded. The main feature of the shot are a wide open stance and an exaggerated opening up or laying back of the face of your niblick or spade. Play it with wrists only, as it is a short pitch. But play it with slice (cut) to the left of the pin, for a sliced ball will not roll far. You want this roll to break in toward the pin. To get the slice you stroke the ball with the clubhead coming into it from outside the intended line you wish to loft it. And when you play it, play it crisply to impart all the bite possible. Monday—the pitch.

Putting is half the game. Sol Metzger has prepared a fine leaflet on Putting which he will send free to any reader sending stamped, addressed envelope. Address The Times.

Groves, Toms Annex Junior Games Titles

KNOXVILLE (Tenn.) July 5. (Exclusive)—Showing speed, strength and skill that make them strong contenders for national honors, Fred Groves, 15, a senior, and Charles Toms, 14, a junior, outpointed a field of 150 of the best young athletes in Knoxville yesterday afternoon to win first honors in the city finals of the Knoxville Journal's Junior Olympic Games.

By capturing the senior and junior championships, respectively, Groves and Toms become Knoxville's representatives in the national finals to be held at Atlantic City during the week of July 8. Groves scored 509 points and Toms rolled up a total of 411.

Close seconds in the contests held at Knoxville High School practice field were Ralph Radcliff, in the senior division, and Oscar Tedford, a junior, winners of the gold medals offered runners-up. The two silver medals offered as third prizes go to Marcus Kelly and Edward Pinkston.

Groves has a coefficient of 580 and Toms's coefficient is 490.

ROCHE LOSES TO FORGIONE

(Continued from Seventh Page)

Sullivan and Carmen Tuzzolino ended rather suddenly in the first round with Sullivan winning on a foul. The boxers were mixing it in a neutral corner, when all of a sudden both stumbled and started toward the canvas. On the way down Tuzzolino let fly a left hook that accidentally caught Artie low. It was too bad the fight ended as it did as it had all the earmarks of being a wow of a battle.

There were four preliminaries. Julius Schultz defeated Frankie Abendino. Schultz used foul tactics that the fans didn't like. Jack Magrina and Hugh Shrapshire waltzed to a draw. This bout, between a couple of slow heavyweights, was the worst bout ever staged anywhere. Both of them acted as if they had left all their punches in the gymnasium. Vic Pertly landed too many wallops for Frank Williams and received the decision. At the end of the four rounds, both of Williams's eyes were cut and bleeding. Al Sing and Pastor Manalo drew in the curtain raiser.

Miss Norelius to Turn 'Pro'

NEW YORK, July 5. (AP)—Martha Norelius, New York woman swimmer who holds most of the world records from 100 yards to 500 yards, announced here today that she had turned professional and would compete in the Wrigley marathon for women at Toronto, August 23, next.

Miss Norelius's decision, she said, was influenced by the recent suspension meted out to her by the Amateur Athletic Union, which set her down indefinitely along with Helen Meany, champion diver, for unauthorized exhibitions with professionals in Florida.

Miss Norelius was suspended indefinitely on the same ground by the A.A.U., sometime before the national indoor championships at Chicago in February, this year, but was reinstated in time to enter and set up several more new world records.

LEGION RACES TONIG

Youthful Jimmy Sharp Faces Fast Field in E Auto Speedway Event

BY RALPH HUSTON

Southern California dirt tracks, which have sent a number into big-time auto racing, seem to have another star in the development. He is Jimmy Sharp, a smiling, pink-cheeked who seems to have as much nerve and ability as most of veterans.

CUB BOSS JUSTIFIES FLYHAWK

Wilson Vindicated for Attack on Red Pitcher by Bruin Prexy

CHICAGO, July 5. (AP)—Hack Wilson, Cub Ray Kolp of the Cincinattacking Ray Kolp of the Cincinnati Reds during yesterday afternoon's baseball game and the Cubs will back him to the limit, President William L. Veeck said tonight.

HACK WILSON

"We caution our players against unmanly tactics on the playing field, but in Wilson's case, it was an exception," Veeck said. "Kolp called him vile names and Hack just couldn't stand them. He jumped off the field and went into the Cincinnati dugout to stop it. Any man would have done the same thing.

"Wilson, like the rest of the baseball players, takes plenty of insults but there is a limit to what any human being must or can endure. We are back of him and intend to fight his case to the limit if necessary. He is a gentleman and a conscientious baseball player and has enough red blood in him to resist vile insults such as Kolp hurled at him yesterday."

NO ACTION YET BY LEAGUE BOSS

NEW YORK, July 5.—No action has been taken as yet by John Heydler, president of the National League in regard to the fight between Hack Wilson of the Cubs and Ray Kolp of the Cincinnati Reds in a game in Chicago yesterday. The two teams and the umpires concerned took trains for the East soon after the game and Heydler does not expect to receive the umpires' statements of the situation until Saturday morning. On their reports he will base any disciplinary action that may be taken.

HARTNETT MAY REPLACE KRUG

(Continued from Seventh Page)

spring he figured he had provided the Angels with at least a pennant-contending club. The Angels finished fifth in the first half of the Coast League race.

Krug, although a likable fellow, has never been popular with Los Angeles fans, failing to win them over even in 1926 when the Angels won a pennant.

When interviewed last night, Krug stated that his rumored dismissal was news to him and that he had not seen Wrigley since the season opened or had not seen Patrick since the Angels left on the road trip almost two weeks ago.

It is thought that if Krug is released he will be given a job as scout for the Chicago Cubs. Krug came to the Angels from the Cubs.

MANY HALIBUT TAKEN OFF SANTA MONICA

Many big halibut have been caught from the ships Freedom and Kikuma at Santa Monica during the last week, in addition to splendid catches of rock bass and barracuda, it was announced yesterday by Capt. Max Watt at the Santa Monica Municipal Pier.

Capt. Jack Dugan reports that some mighty big fish have been landed from the ships Ameco and Palisades during the last week also. A forty-three-pound halibut was caught early this week from the Ameco by Roy Garson, a white sea bass, weighing twenty pounds being landed from the same ship by Jimmie Rogers.

TWO JOCKEYS EACH RIDE THREE WINNERS

NEW YORK, July 5. (AP) — Time was on American turf when riding three winners in one day was quite an achievement, but of late a group of hard-working yestern jockeys have been turning the trick so often it apparently is no more an extraordinary feat.

Today it was the little 16-year-old apprentice, Paul Neal, and the veteran rider, C. E. Allen that joined the long line of jockeys, who have ridden three winners in a single day. Paul accomplished his stunt at Arlington Park, while Allen turned in his three victories at Latonia.

AMADOR DEFEATED BY TOMMY CELLO

SAN FRANCISCO, July 5. (AP)—Tommy Cello, 136, of San Francisco, won the decision from Pedro Amador, 135, of Panama, after ten rounds of hard fighting at Dreamland Auditorium tonight.

Cello found the range in the second round and from then until the eighth gave Amador a hard body beating, alternating with sharp rights to the jaw. The Panamanian came back strong the last three rounds, working on Cello's midsection, but the rally was not enough to overcome the latter's lead.

Incidentally, only sixteen matches, so that games Miss Jacobs get made a showing better than the average other years the great player clearly world supremacy sentative international she defeated English, Belgian, South African American girls to Miss Jacobs had a record as Miss final. Up to that six matches to Miss lost twenty-two though apparently last year, Miss Jacobs nearer the throne of the final for the championship she number of games, ning at 6-2, 6-1.

Not content with success in singles, the court later with and reached the doubles by a victory over Miss "Bobbie" G. Farquharson, combination. In pionship battles morrow Miss Wills oppose a powerful comprising Miss Joan G. Collins.

The all-French tween Cochet and down for settlement while the Anglo-American the doubles championship Gregory and I. G. mer Allison and promises to be a of the program ning high among women's doubles gether two British Phoebe Watson Saunders Michell, pions, and Mrs. Phyllis Mrs. Dorothy With these four of which a championship the tournament end.

SAME OLD STORY TO DR. WILLS

BERKELEY, July business of filling usual today in the office Wills despite the daughter, Helen, third successive singles tennis Wimbledon.

"Haven't much to told the Associated too busy trying out on molars. Naturally Helen to win and pleased, is putting my friends will 'kid' me for another ing the father of the player."

HUFFT, SUHR LE

Fuzzy Hufft and two foremost batters League, reached the safe hits on July 4 safe hits in the him the leadership ment for the season credit. He added his string, giving the season.

St. Louis Cardinals Lose Tenth Straight Game; Phillies Win Clash by 10-to-9 Score

SERAPHS THUMP PORTLAND

Angels Hit Chesterfield Hard and Turn in Fourth Straight Victory Over Ducks, 9 to 4

(Continued from Seventh Page)

hits with a walk for a pair of scores in the third and clustering five safeties and an error for six more runs in the fourth. Ray Jacobs accounted for the final run in the seventh when he drove one of Chesterfield's fast ones over the left-field fence for a home run.

The Ducks started off in front with a run in the first, Jacobs's error on a play that should have retired the side giving Portland a tally. With one out Odell walked and went to third on Richards's hit to right, the latter taking second on the throw to third. Sandberg, however picked Richards off second with a snap throw to Dittmar. Keesey hit a grounder that Jacobs fumbled and Odell came home. Ostenberg fanned for the third out.

Los Angeles took the lead in the third with a pair of scores off Chesterfield. Haney flied out, but Statz walked. Webb forced Statz, Ostenberg to Odell. Berger laced a double to left and Tolson followed with a single to right that brought home Webb and Berger. Bates captured Jacobs's fly to end the rally.

SERAPHS BREAK LOOSE

The Seraphs broke loose in the fourth and hammered across six runs to sew up the game. Dittmar began hostilities with a double down the left-field line and Sandberg's sacrifice fly to Walters moved Ditty to third. Child hit to Hassler, and all hands were safe when Dittmar slid back into third ahead of the Duck shortstop's throw to Richards. Haney dumped a bunt in front of the plate and was safe at first when Woodall heaved the ball by Keesey, Dittmar scoring and Child taking third on the error. Statz's single to left brought Child home, and Haney went to third and Jigger to second on the throw-in. Earl Webb slapped a double to left center that scored Haney and Statz. Berger smashed a torrid single to left and Webb tallied. Tolson also hit safely, sending Berger to third, from where he scored on a squeeze play perfectly executed by Jacobs. Dittmar, up for the second time of the inning, lined to Richards in left for the third out.

Jacobs clouted his home run in the seventh to complete the Seraphs's scoring for the afternoon.

Haney's wild throw that permitted Keesey to reach second, a walk to Ostenberg, Walters's sacrifice fly and singles by Hassler and Woodall gave the Ducks only one run in the eighth. Statz scooped up Woodall's single and threw Ostenberg out at the plate to end the inning.

ROBERTS STOPS RALLY

Rego, batting for Posedell, a rookie hurler tried out by Portland in the eighth, singled to open the ninth, and Bates doubled. Odell walked, filling the sacks. Richards's fourth hit, a single to right, scored Rego and Bates, but Odell was thrown out at third by Webb. Keesey also singled and then Roberts took charge of the situation by retiring Ostenberg and Walters.

Cascarella and Roberts are expected to be the rival pitchers today. The score:

MANDELL AND KAISER TO BOX AT PASADENA

Morrie Cohan Crown City promoter made another ten strike today when he signed up another "natural" for his Pasadena Areana next Thursday night. Jackie Mandell, the big card of Hollywood will take on Charlie Kaiser, another Legion favorite in the ten-round main event, at 120 pounds.

Another good battle has been been signed for the six round semifinal, featuring Joe Mancillas, the former Mexican lightweight champion and Oriel Astudillo, a Pasadena favorite.

BOONE NEAR RECORD

Ike Boone of the Mission Reds performed a very unusual stunt on July 4, when he drove out four two-base hits in one game. Other Coast League players of past seasons who have hit four two-baggers in a single game have been High, Portland; Backer, Sacramento and Sheehan, Salt Lake.

Seattle Loses to Seals, 6-5

SAN FRANCISCO, July 5. (AP)—Nick Williams's trained Seals nosed out Seattle in the final stanza today, chalking up a sixth run against the Indians' five when there was already one out.

The Indians took a one-run lead in the first inning but lost it in the fifth when the Seals recovered and broke into the advance by one.

Seattle became vicious in the eighth, pounding out three more, and tied the score only to blank the first half of the ninth and lose. Score:

Foul Tips

Russ Miller, the ex-Angel hurler, who was recently sold to William Wrigley's Reading club in the International League, was passing around the cigars among his former mates yesterday. Miller joined the ranks of the "papas" Thursday when his wife presented him with a seven and one-half-pound boy at the St. Vincent's Hospital. The newcomer was named James Russell Miller. Both mother and son are doing nicely.

• • •

Art Jahn was given a day of rest yesterday, the husky left-fielder coming down with a cold that settled in his back and prevented him from swinging a bat up at the plate.

• • •

Portland's base-running yesterday helped the Angels win. The Ducks deprived themselves of at least three runs with poor headwork on the paths.

• • •

Walter Berger, who hit safely seven straight times in the Fourth of July double-header, stopped his string by fanning in the first inning yesterday.

• • •

Berger and Bob Richards, the Portland outfielder and infielder, have each collected thirteen hits so far this series.

• • •

Both Gus Sandberg and Carl Dittmar are batting well over .3000 and enjoying their best seasons since coming to the Coast League. Angel fans were after both of their jobs last fall, but Krug hung on to them.

• • •

Ray O'Dell, the Portland second-sacker, is studying to be a school-teacher. He goes to normal school at Bellingham, Wash., when not playing ball.

• • •

Richards is also a collegian. The Duck slugger transferred from Denver University to Stanford last fall. He has another year to go before getting his sheepskin.

WRIGLEY LOSES LEAGUE BATTLE

(Continued from Seventh Page)

ready past, or merely following his decision, or whether it would be enforced only upon games yet to be played. The Coast League president said that the decision involved, if retroactive, "only a few thousand dollars."

Wrigley stated that Wrigley Field would not be closed to Coast League baseball next season, although he may have intimated that it would in past remarks.

It is expected that the Los Angeles club will immediately abide by the board's ruling and begin charging for ladies at Wrigley Field Angel games after this week, starting with the Oakland series on the 16th inst.

Howley Will Quit Browns

ST. LOUIS, July 5. (AP)—The Globe-Democrat says today that Dan Howley, manager of the St. Louis Browns, in third place in the American League pennant chase, will not be back next year. The paper says a squabble between Howley and L. C. McEvoy, vice-president of the club, is responsible. According to Howley, the newspaper says, McEvoy has been giving orders as to what players should be used and Howley claims Phil Ball, president of the club, is the only one to give orders and that it was so understood when he signed a three-year contract, which began with the 1927 season.

Ball is said by the paper to take the blame and that McEvoy, in ordering player shifts, was merely acting for him.

MERCUR BEATEN IN NET TOURNEY

(Continued from Seventh Page)

was upsetting Mercur, who is the country's seventh ranking player, Emmett Pare of Chicago, western champion, was creating something of a surprise himself by defeating Herbert Bowman of New York City to also enter the semifinals. Pare won, 7-5, 7-5, 6-2.

Rain drove the other two quarter-final matches off the courts before they got well under way, but play was resumed later. The players did not have time to end the matches before darkness set in, however. Berkeley Bell, Austin, Tex., had two sets on Julius Seligson, New York City, in one of the matches, while Bryant M. Grant, Atlanta, led Keith Gledhill, Santa Barbara, Cal., two sets to one. The matches will be completed tomorrow morning.

Two quarter-finals matches in the doubles were postponed until tomorrow because of the rain. One will be between D. K. Murray and Clifford Sutter, both of New Orleans, and Bell and Louis Thalheimer of Dallas. The other will be between Wray Brown, St. Louis, and Harris Coggeshall, Des Moines, and Gledhill and Ellsworth Vines, Pasadena, Cal.

Mercur and Hall, and Ben Gorchakoff and Arthur Kussman, both of Los Angeles, went into the semifinal round yesterday.

Hall and Mercur engaged in a driving game in their singles contest today, and the former's steadiness and ability to get points when they were needed settled the match. Hall, the fifteenth ranking player in the United States, used a severe chop stroke on occasions to catch Mercur flat-footed. The corner to Mercur's right also was a target at which Hall shot regularly and successfully.

Mercur rallied in the second set after dropping the first in overtime and, taking advantage of a sudden wild streak of his opponent, brushed into an early lead and eventually won out, 6-4. Hall regained his form in the third set when he found a haven for points to Mercur's right, and won the set, 6-4. Hall started rapidly in the final set after the first four games had been divided, and quickly gained a 4-2 lead. Mercur made his last bid at that point, winning three consecutive games. Hall then took the next three and the set and match.

As a result of his victory, Hall will meet the winner of the Bell-Seligson match in the semifinals tomorrow afternoon.

Pare, who is outranked in the national rating by Bowman, played his customary game of feeding the ball to his opponents either until it was netted or driven out of bounds or he was given the opportunity to make a kill.

Bowman attempted to meet the midwestern star at his own style and did it so successfully that the first two sets were forced into extra games. The final set, however, proved easier for Pare. The Chicagoan's opponent in the semifinals tomorrow afternoon will be the winner of the Grant-Gledhill match.

Bell, a chop-stroke artist, and Seligson, who mixed up his game, performed brilliantly in their incompleted match.

Games in the first set went with service until the fourteenth game, when the fiery Texan broke through Seligson's service with several splendid placements and captured the set, 8-6. Six of the fourteen games were deuced.

There was little difference between the young players in the first three games of the second set, but on the fourth, Bell again crashed through Seligson's service to take a lead of 3-1. By a series of placements, Bell then swept rapidly through the set to win, 6-2.

At the conclusion of the second set, the officials decided it was too dark for the players to continue.

The diminutive Grant proved an agile court coverer in his unfinished match with Gledhill. Making seemingly impossible gets, he took the first set, 6-1, and the second, 7-5. Gledhill's persistent volleying then began telling on the southerner, and the Californian pushed through for victory in the third set by 6-4.

Gledhill, who became a favorite overnight by eliminating Tamio Abe, Japanese star, and first seeded player yesterday, appeared stale and overlooked numerous opportunities. Both played almost entirely from the baselines.

Oaks Defeat Mission Band in Eleventh

OAKLAND, July 5. (AP)—The Oaks took the edge in their series with the Mission when they scored a 4-to-3 eleven-inning victory here this afternoon.

A triple by Tony Governor and Verges's sacrifice fly caused the winning run. Manager Red Killefer was chased from the game by Umpire Cady when he protested Lombardi's home run over the left-field fence was foul.

Howard Craghead and Herman Pillette of the Missions pitched the full game. Score:

CAMBRIDGE WINS OVER COLUMBIA

(Continued from Seventh Page)

will be one of American weight against British experience. The Browne and Nichols crew averages four pounds a man heavier than the British boatload, but must concede an average of three years in age and the advantage of added experience and watermanship. Quintin and Thames Club will race for the second berth in the finals.

A stiff gale that blew throughout the day brought distress to all the crews, Browne and Nichols suffering principally in the battle with Sidney Sussex. Although never headed and a final winner by more than two lengths, the New England youngsters experienced great difficulty keeping on the course and five times the bow of the American boat was blown two or three feet to one side.

The schoolboys, fighting into the wind that came from dead ahead, set a fast stroke at the start of the mile and five-sixteenths sprint and were never headed. With a lead of two lengths at the mile, the Boston eight sprinted and drew further away, finishing sitting up while the Englishmen were badly winded. The time was 8m. 33s., five seconds slower than Trinity's time in beating Columbia.

The American university oarsmen, winners of the Marlow eight and hitherto unbeaten abroad, never were able to get ahead in the battle with the wind and the heavier Trinity boat load.

Averaging only 150 pounds to a man, Columbia was a quarter-length behind at the quarter, and fell steadily back until clear water showed at the mile. Trinity set a blazing pace to the finish line and won by four lengths.

MALCEWICZ PERFECTS HOLD

Utica Panther Knocks Out Trainer in Workout at Main-Street Gymnasium

One of the new holds recently perfected by Joe Malcewicz, the Utica mat sensation, is as effective and as colorful as the backward body slam he has used with such great success here in the past.

He proved that to the satisfaction of several hundred rail birds at the Main-street gym yesterday during his workout for his finish match with Nick Lutze, scheduled as the feature finish event of Lou Daro's wrestling show at the Olympic Wednesday night.

NICK LUTZE.

Malcewicz, scored a clean knockout with what he termed his new slam hold during the workout with one of his big training partners. It required several minutes of vigorous massaging by both the Utican and Jack Daro, brother of the promoter, to restore the trainer to consciousness.

Lutze followed Malcewicz to the mat at the gym and worked out for almost an hour at a fairly good speed. He stated yesterday he intended to make this the fastest match in which he has ever taken part in. He believes that the only way to beat Malcewicz is to keep him moving so fast that he never has a chance to get set.

Mat experts here are more convinced than ever that Lutze is a much better grappler than he was last year, and that he has been slowly building himself up to championship material during the last three years. In Malcewicz Wednesday night he will meet the greatest wrestler of his own weight who has stepped into the ring in the last decade—a grappler who caused John Pesek to run out of a match on him the night of the bout, and who caused Joe Stecher to jump out of the ring on him in Boston.

Woodbury Off Racing Forever

ALTOONA (Pa.) July 5. (AP)—Cliff Woodbury, veteran automobile race pilot, who was seriously injured at the time Ray Keech was killed at the Altoona track, June 15, last, today made known he had retired as a speedway driver. The announcement came as Woodbury was discharged from a hospital where he had been a patient since the accident.

"It's time to quit," Woodbury commented as he left the hospital with his mother, a constant attendant at his bedside since he was hurt. They left tonight for their home in Chicago.

Woodbury said he expected to retain contact with racing from a promotion angle.

MORGAN HURT IN RING DRILL

(Continued from Seventh Page)

Miller but Miller didn't have the sock to cut the old veteran four-rounder down.

Eddie Mack, Denver college boy who boxes Baby Sal July 16, is due here today from the Rocky Mountain capital. Sal has opened a camp in Long Beach and will box in the Los Angeles gymnasiums all next week.

ERWIN BIGE DEFEATS CONTRERAS IN RING

SAN DIEGO, July 5. (AP)—Erwin Bige, Omaha welterweight, won over Joe Contreras, San Diego, in a sensational ten-round bout here tonight. Bige scored two knockdowns, one in the first round for two counts, and the other in the second for nine.

Ringsiders gave Bige six rounds, Contreras three and one even. The battlers set a terrific pace for the full distance with Bige weakening Contreras in the late rounds with a body attack.

Johnny Romero, San Diego Mexican, knocked out Kid Groves, Los Angeles, in one minute and thirty-nine seconds of fighting in a six-round bout.

GLOBE BEARS BEAT MIAMI TEAM, 11-6

GLOBE (Ariz.) July 5. (AP)—The Globe Bears made it two straight by defeating the Miami Miners in the second game of the series here this afternoon by a score of 11 to 6.

Four home runs featured the game, three for Globe and one by Miller, Miami second baseman.

Globe sluggers who clouted the ball over the fence were O'Connell, Prince Oana and Garry.

This seven-day subscription will give a complete and brilliant account of the convention, profusely illustrated—about delegates, places visited, proceedings of the Convention, the gigantic motion picture electrical pageant, interesting side-lights. It includes special pictorial convention scenes, showing officers, delegates, visitors, etc., printed in beautiful rotogravure. Every Elk will want to preserve these seven issues of the Los Angeles Times. Under this special offer—50 cents—mailed anywhere in the United States, Canada or Mexico.

FINANCIAL

EXCHANGE ADDS TO TRADING LIST

Total of More Than Million Shares Admitted

Aircraft, Fire Insurance and Bank Among Group

Addition to Pacific Finance Issue Also Made

Approval of the listing of stocks of the Pacific American Fire Insurance Company and Consolidated Aircraft Corporation, the new stock of Citizens' National Bank and additional issues of Republic Supply Company and Pacific Finance Corporation, aggregating in all more than 1,000,000 shares, was announced yesterday by the board of governors of the Los Angeles Stock Exchange. The Pacific American Fire Insurance Company stock as well as that of the Consolidated Aircraft Corporation have both been listed on the curb exchange.

Stock of Pacific American Fire Insurance Company, consisting of 105,000 shares of the company's authorised 125,000 shares of $10 par common stock will be called for trading Wednesday, the 10th inst. The company, listed on the Los Angeles Curb Exchange May 15, last, is one of the Pacific Mutual group and is headed by Lee A. Phillips. It operates approximately 150 agencies for fire and earthquake insurance in the Western States. It is estimated that the organization will have written $700,000 gross premiums in the seven months ending the 31st inst.

Consolidated Aircraft has an authorised capital of 750,000 shares of no par common stock, 550,000 shares of which will be called for trading at a date to be announced later. The company, designing, constructing and selling airplanes, owns Frontier Enterprises, Inc., and an airport, factory site and three plants at Buffalo. Present orders for the company's planes are declared to aggregate $1,000,000, a large part of which have been placed by the United States Army and Navy. The stock has been traded on the curb exchange since May 9.

Listing of 250,000 shares of Citizen National's new $20 par common stock was approved, with trading to be effective the 8th inst. Trading will also continue in the company's 50,000 shares of $100 par stock until Wednesday, the 10th inst., as new certificates are being issued and the substitution promptly effected. The change involves only the par value of the stock, not the capital set-up.

The board of governors also approved for immediate listing 100,000 additional shares of Republic Supply Company's no par common stock and 2020 additional shares of $25 par common stock of Pacific Finance Corporation. Total listed stock of Republic Supply will become 20,000 shares, and Pacific Finance's total listing will become 204,020 shares.

Signs of Trade Pace Slackening Noted in Survey

NEW YORK, July 5. (AP)—Dun's Review tomorrow will say:

There has been a natural absence of new and significant phases in general business at the turn of the half year, but distinguishing features have appeared in financial circles. Extending its recent trend, the stock market has developed greater activity and buoyancy, the movement being the more impressive because of the prevailing high rates for call money. The latter condition, reflected in heavy July settlements and a 15 per cent quotation, again disclosed the unusual aspects of the present credit situation. Offsetting that restraint, several factors, including discussion of possible tax reduction, have had a constructive effect, while current reports have emphasized the strong position of some of the major industries.

Financial statements soon to be issued are expected to reveal many further gains in corporation earnings, and the seasonal recession in operations that is logically to be looked for now is occurring gradually in most instances. More unrest among labor has been witnessed this year and a threatened strike in the garment trades has materialized, yet no serious and widespread curtailment of public purchasing power is indicated by the turnover in the retail field, which has responded in a satisfactory way to a period of sustained warm weather.

Weekly bank clearings $13,239,514,000, an increase of 14.7 per cent over a year ago.

Investment Unit Rights Offered

Continental Investment Company has been authorized by the State Corporation Department to issue an additional block of 206,200 shares of common stock which will be offered to common shareholders of record the 10th inst., at $4 each in the ratio of two new shares for each three held, it was announced yesterday.

The company was also authorized to issue common stock to provide for conversion of any prior preferred stock presented between the 11th inst. and August 15, next. The conversion is in the ratio of nine shares of common for each share of preferred.

WOOL MARKET

BOSTON, July 5. (AP)—Domestic wool of 56s. and 48s.-50s. grade are selling fairly readily in moderate quantities. Best bright 56 fleeces strictly combing staple bring 44 to 45 cents in the grease. Territory 56s. strictly combing is steady at 86 to 90 cents scoured basis. Bright combing 48s.-50s. sell at 42 to 43 cents in the grease, with the best lines firm at maximum figure of the range. Territory 48 to 50s. strictly combing wool is selling in fair quantities 76 to 80 cents scoured basis.

BORROWINGS OF BROKERS UP SHARPLY

Report of Reserve Bank Shows Gain on Previous Week of $227,000,000

WASHINGTON, July 5. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending the 3rd inst., were announced by the Federal Reserve Board as $5,769,000,000, representing an increase of $227,000,000 as compared with the preceding week. The amount lacked only $24,000,000 of the record established on March 20 of $5,793,000,000. The loans for the week ending July 3, 1928, totaled $4,307,000,000.

The detailed distribution of loans over the three weeks dealt with in the board's report:

	July 3, 1929	June 26, 1929	July 3, 1928
For own account:	$1,225,000,000	$1,038,000,000	$1,132,000,000
For account of out-of-town banks:	$1,380,000,000	$1,536,000,000	$1,494,000,000
For account of others:	$2,934,000,000	$2,968,000,000	$1,681,000,000

The Federal Reserve Board in computing these figures adds or subtracts from the above figures the odd thousands of dollars, so for this reason the total shown may not always be the same as that reached through addition of the columns.

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

Jan.	2	$5,330,103,000	$3,810,023,000
Jan.	9	5,312,799,000	3,819,572,000
Jan.	16	5,384,000,000	3,788,000,000
Jan.	23	5,442,000,000	3,789,000,000
Jan.	30	5,559,000,000	3,816,000,000

BANK MIX-UP STIRS RUMORS

Failure of Pacific National and Commerce Merger Causes Speculative Gossip

BY DOUGLAS A. McKAY

Cancellation of the proceedings to consolidate the National Bank of Commerce with the Pacific National Bank and the resignation of Thomas A. Morrissey from the presidency of the latter along with the simultaneous announcement of the resignation of seven directors from the board of the Pacific National Company has stirred up a variety of rumors which officials of both banks say are entirely without foundation and lack the dignity of denial.

The fact that the announcement came as a surprise to the street and to shareholders and interested depositors of both banks, aided the circulation of opinions and conjectures of gossips, many of whom have not troubled to weigh the facts carefully. Passed about, the rumors became magnified and no two proved to be similar.

Those close to the situation, however, pointed out that the most logical reason for terminating the merger proceedings was the failure of one of the banks to fulfill its agreement. Earle M. Leaf, president of the Commerce, declined to confirm a report that the Commerce took the initiative.

As far as the resignation of the directors of the Pacific National Company is concerned, those intimate with officials of the company say that since the board was not able to come to an agreement, it split into two factions with one resigning as a matter of principle. Mr. Morrissey was the only member of the resigning group on the board of the Pacific National Bank and the only one who was an official of the bank. It was assumed that he was on the dissenting side and consequently felt that he should give up the bank position.

The brief statement by Mr. Morrissey that he and others resigning were not in accord with the policies of the Pacific National Company was agreed upon by all those concerned and they further agreed to say nothing more for publication. This statement was repeated yesterday with the understanding that more explanations from one side might intimate that the other side was in the wrong.

The cash distribution of $3 a share by the National Bank of Commerce was declared as an adjustment of the differential in the agreed value of the stocks of the two banks and is, therefore, automatically canceled. This was understood by some to be a dividend, which was not the case.

WOOL MART SITUATION UNCHANGED

Buying Reported Light and Activity Confined Chiefly to Inquiries

BOSTON, July 5. (AP)—The Commercial Bulletin tomorrow will say:

There is interest, possibly more interest, in wool, although it is being taken out mostly in inquiry rather than in purchases this week, especially in consequence of the interference of the holiday and inventories. Prices are hardly changed for the week.

In the West, buying is irregular and chiefly conspicuous in Montana, New Mexico and Oregon, where prices are about on the level of a week ago.

London looks for 5 to 10 per cent decline at the opening Tuesday. Foreign secondary markets are generally quiet.

The goods markets show no special signs of new business but topmakers and spinners report it possible to make continued good deliveries on old contracts at the new price levels.

Mohair is quiet but steady.

The rail and water shipments of wool from Boston from January 1, 1929, to July 3, 1929, inclusive, were 88,889,000 pounds, against 84,446,000 pounds for the same period last year. The receipts from January 1, 1929, to July 3, 1929, inclusive, were 152,589,185 pounds, against 179,683,500 pounds for the same period last year.

The Bulletin will publish the following wool quotations tomorrow:

Domestic: Ohio and Pennsylvania fleeces—Delaine unwashed, 38; ½-blood combing, 43@44; ⅜-blood combing, 44@45; ¼-blood combing, 42. Michigan and New York fleeces—Delaine unwashed, 32@37; ½-blood combing, 40@41; ⅜-blood combing, 44@45; ¼-blood combing, 42. Wisconsin, Missouri and average Indiana and New England—½-blood, 37@38; ⅜-blood, 42; ¼-blood, 40@41.

Scoured basis: Texas—Fine twelve months (selected.) 88@98; fine eight months, 86@88. California—Northern, 85@87; Middle county, 83@85; southern, 75@78. Oregon—Fine and F. M. staple, 90@92; fine and F. M. French clothing, 88@90; fine and F. M. clothing, 85@87; valley No. 1, 88@90.

Territory: Montana and similar—Fine staple, choice, 93@95; ½-blood combing, 90@92; ⅜-blood combing, 87@88; ¼-blood combing, 77@78.

Pulled: Delaine, 1.05@1.07; AA, 1.00@1.05; fine A supers, 96@98; A supers, 93@95.

Mohair: Good original bag, Texas spring, 57@58; Texas kid, 68@70; good original bag, Arizona and New Mexico, 52@53; original bag, average twelve months, Oregon, 54@56.

Graded stock: First combing, 63@68; good carding, 45@50.

Foshay Adds to Utility String

MINNEAPOLIS, July 5. (AP)—The W. B. Foshay Company of Minneapolis, through its utility operating subsidy, the Public Utilities Consolidated Corporation, has purchased the California and Nevada Telephone Company of Kingman, Ariz., one of the oldest public service concerns in the Boulder Dam district.

The Public Utilities Corporation already controls the electric light company at Kingman. The telephone company has lines throughout Midwestern Arizona, with extensions into Southern Nevada and Eastern California. The Foshay interests also have bought the Chloride Water Company which supplies water to Chloride, a town twenty-eight miles from Kingman.

Prices Resume Upward Climb on Wheat Mart

CHICAGO, July 5. (AP)—Reports that 1929 spring wheat prospects both for Canada and the United States have been cut in half sent wheat prices soaring anew today. One of the foremost crop authorities in the grain trade was quoted to the effect that drought conditions over the greater part of spring wheat territory are now the worst on record, and that thousands of square miles have not received in a month enough moisture to lay the dust.

With buying on a big scale, Chicago quotations on wheat closed strong, 2⅝@3⅜c a bushel higher for the day, corn 2c@3⅛c up, oats 1⅛@2⅛c advance and provisions varying from 5c decline to a rise of 7c.

Intense heat and high winds have added severely to previous ill results of prolonged drought in the spring wheat belt north, as well as south of the Canadian boundary, according to comprehensive advices current here today. Despite big profit-taking sales on all the new bulges in price, the market finished within ½c of the day's topmost figures, notwithstanding that the harvest movement of new domestic winter wheat is exceptionally heavy, today's arrivals at five points Southwest totaling as much as 3434 cars.

Corn and oats prices jumped up with wheat. December corn and December oats outdid the season's previous top record quotations.

Provisions were firmer, influenced by strength shown both in grain and in hog values alike.

COTTON MARKET

NEW YORK, July 5. (AP)—The cotton market was generally lower today under liquidation which seemed to be combined with some local and southern selling prompted by rather higher private figures on acreage and end June condition. Trading was quiet with the midafternoon market showing net declines about 10 to 11 points on the new crop positions.

RANGE OF PRICES

NEW YORK, July 5.—Cotton futures:

	High.	Low.	Close
January	18.59	18.46	18.52

Spot	9.40	9.60

GASOLINE STRONGER

CHICAGO, July 5. (Exclusive)—Motor grade, 8¾ to 9¼ cents. Kerosene dull, 41-43 water white, 5½ to 5¾ cents. Fuel oil firm, 24-26 gravity, 65 to 70 cents.

JUNE TRADE IN DISTRICT SHADES OFF

Slight Decline Noted in Volume in Security-First Bank Survey

Although in some lines business activity in Southern California and in the Pacific-Southwest last month equaled or exceeded that for June of last year, generally it was maintained at a rate slightly less than that registered in the preceding months of this year, according to the monthly summary of business conditions issued yesterday by the Security-First National Bank of Los Angeles. The decline, the summary stated, may be ascribed to seasonal factors and is normally expected at this time of the year. The summary continues in part:

Industrial output, in the aggregate, continued at a high level during the month. Activity in the petroleum, iron and steel, and automobile tire industries was reported above that of May, 1929, and June, 1928. In a few industries, notably meat packing and furniture manufacturing, some seasonal curtailment in operations was noted during the month. Building operations in Los Angeles declined during the period both as compared with the previous month and with June a year ago.

Total volume of check transactions (bank debits) in Los Angeles was 1.5 per cent less during June, 1929, than during the same month a year ago, due in part, to the fact that there was one less business day in the month this year, and in part, to the fact that there was a large decline in speculative activity.

Total transactions of the Los Angeles stock market declined 64.5 per cent during the period compared with the same month last year.

Bank debits in eight cities, exclusive of Los Angeles, in the Pacific-Southwest territory recorded an increase of 5.9 per cent during the four weeks ending June 19, 1929, compared with the same period in June, 1928.

Radio Earnings Gain Forecast

NEW YORK, July 5. (Exclusive) The statement of the Radio Corporation of America for the second quarter of this year is expected to show net income of approximately $1,000,000, equal to about 80 cents a share on the 803,404 no par $5 cumulative Class B preferred shares outstanding, after allowing for three months' dividends on the $19,779,870 of $50 par 7 per cent cumulative Class A preferred stock, it was reported today.

This would bring the net income for the first half of 1919 to approximately $4,600,000, equal to around 30 cents a share on 6,526,310 no par common shares outstanding, after dividends on both classes of preferred, as compared with $4,524,779 in the first half of 1928, after deducting Class A preferred dividends, equal to $3.31 a share on the 1,155,400 shares of no par common stock then outstanding. On the basis of the present capitalization, however, the net income for the first six months of 1928 was equal to about 27 cents a share.

Bay City Bank in Giannini Chain

SAN FRANCISCO, July 5. (Exclusive)—Bank of America has purchased the Donohoe-Kelly Banking Company, the oldest banking firm in the city. Details of the sale have not been announced. Donohoe-Kelly Banking Company has a capital of $650,000 with a surplus of $235,000. It is understood the Donohoe and Kelly interests will reserve a certain part of the assets.

Joseph A. Donohoe has also given an option to the Investment Properties Corporation for sale of the Donohoe property at the corner of Sutter and Montgomery streets at a figure said to be $1,800,000. If the option is exercised, it is said the Investment Properties Corporation will construct a $5,000,000 to $6,000,000 office building.

GRAHAM-PAIGE CAR EXPORTS INCREASE

DETROIT, July 5. (Exclusive)—Shipments of Graham-Paige cars to export points in the six months ended June 30, last, totaled 7313 cars exceeding by 17 per cent the twelve months of 1928. To Canada, shipments for the six months amounted to 3611 cars, compared to entire year's total of 3480 cars in 1928. The latest official summary of automobile exports, all makes included, shows Graham-Paige has risen from twelfth place to seventh this year.

RAIL RATE CUT DUE ON COTTONSEED OIL

A saving of thousands of dollars annually to the cottonseed industry in California will result from action taken by the Railroad Commission in ordering the Atchison, Topeka and Santa Fe Railway Company, Southern Pacific Company, the Western Pacific Railroad Company and other major rail lines in California to establish within fifty days reduced rates on cottonseed oil, cottonseed cake and meal between practicaly all points in California where these commodities are now moved. The reductions range from 1 cent to 29 cents per 100 pounds. The commission likewise ordered the carriers to establish transit privileges on cottonseed cake.

BANK RATE UNCHANGED

CHICAGO, July 5. (Exclusive)—The Chicago Federal Reserve Bank today made no announcement of any change in the rediscount rate from 5 per cent.

HOOVER AIDE TACKLES JOB

Secretary Newton Starts Survey Preliminary to Co-ordination of Federal Bureaus

BY JOHN F. SINCLAIR

[Copyright, 1929, by North American Newspaper Alliance.]

NEW YORK, July 5.—Walter H. Newton, former Minneapolis Congressman, now one of President Hoover's secretaries, has begun the study which ultimately will lead to the reorganization and co-ordination of all of the executive bureaus of the government.

And there are more departments under the President direct than there are under the Cabinet. The last few years has seen a very large increase in them. The Veterans' Bureau, an independent organization, expends about $500,000,000 a year—while the Pension Bureau, also under the President direct, spends about $230,000,000 more.

Today there are about forty bureaus, boards and departments doing work that overlap in some degree. If it is possible to correlate similar work, much more efficiency and large savings should result. Mr. Newton's job is no sinecure. It is a big job for a big man.

Born in Minneapolis forty-eight years ago, Mr. Newton graduated from the University of Minneapolis law school in 1905. During the next five years he was in business as a wholesale saddler.

Then he became a partner of Judge F. M. Nye, a brother of famous Bill Nye, until his appointment as assistant County Attorney of Hennepin county in 1914. He served four years in that position and was elected to Congress in 1919, where he served for ten years.

In 1912, Mr. Newton was one of the Roosevelt leaders in Minnesota.

The rapid growth of branch banking is a constant source of worry to the small banker. He finds his profit gradually diminishing. In the State of Illinois, 172 banks have gone out of business or been forced into consolidations in the last three years. Forty-one lost their identity last year.

The independent banker is nervous over the possibility of the dominance of branch banking in Illinois. Congressional action permitting national banks to establish branches makes this imminent.

Most of the troubles of the down-State bankers in Illinois are due to the fact that there are too many small banks. Their net earnings are equal to only 3.25 per cent. Dividends average around $1200, while banks of the lowest class have had only $80 each to place in individual profit accounts.

The larger banks, however, make an excellent showing. Those with $10,000,000 or more at work showed 11.86 per cent net profit last year. Those whose earning assets were less than $750,000 paid dividends less than 4 per cent. The bigger banks, in turn, managed to hold losses on loan and depreciation down to a minimum.

In the face of the bogey of chain banking, the smaller institutions took toward a series of consolidations among themselves as an effective weapon.

Seaboard Names Bond Arm Head

George L. Browning, president of the Seaboard National Bank, yesterday announced the appointment of Wilson Lee, former well-known figure in Iowa investment banking circles, to head the newly established municipal bond department of the Seaboard company, which will buy directly from municipalities.

Mr. Lee has been in the municipal bond business for several years throughout the Middle West and became widely known as the head of the municipal bond-buying department of Carlton D. Beh Company of Des Moines, Iowa. Mr. Browning pointed out there is an increasing demand for municipal bonds by investors.

Bank Earnings Show Increase

Undivided profits of the National Bank of Commerce for the three months ended June 29, last, have increased $16,961.62, which is equivalent to the annual rate of more than 12 per cent on the outstanding stock of the bank, Erle M. Leaf, president, announced yesterday.

Since the present management took over control May 31, 1928, or thirteen months ago, resources of the bank have increased $2,137,449.49 or more than 57 per cent to a total as of June 29, of $5,865,849.04.

OAKLAND CAR SALES UP

DETROIT, July 5. (Exclusive)—Sales of Oakland and Pontiac sixes by the Oakland Motor Car division of General Motors Corporation for the first six months of the current year gained 6000 units over any previous first half year in the company's history, W. R. Tracy, vice-president, stated today.

BUTTER AND EGGS

LOS ANGELES

Two Brokerage Houses Formed After Split-up

Following the announcement of the dissolution of Bacon & Brayton of Los Angeles and San Francisco, Harold Brayton yesterday announced the formation of the San Francisco brokerage house of Brayton, Cutler & Cooke, while William R. Bacon revealed the organization of Bacon & Co., which took over the Los Angeles and Hollywood offices heretofore conducted by Bacon & Brayton.

Three former employees, Philip F. Travers, Robert E. Keane and Charles T. Jawetz, are associated as partners with Mr. Bacon in the new organization. Mr. Jawetz will represent the concern on the floor of the Los Angeles Stock Exchange. Mr. Travers will assume full charge of the San Francisco office which Bacon & Co. plan to open in the near future.

Leland W. Cutler of Brayton, Cutler & Cooke, who has been Pacific Coast manager for the Fidelity and Deposit Company of Maryland for many years, remains in an advisory capacity with that organization as vice-president and a director, but his active work goes to the new brokerage house. Frederick O. Cooke, former vice-president of the Mercantile Trust Company and for the last nine years a director and active executive of W. and J. Sloane, will be floor representative on the San Francisco Stock Exchange. The new house will hold memberships on both the San Francisco Stock Exchange and Curb Exchange.

PRODUCE MARKET

(United States Bureau of Markets)

Lighter receipts because of the holiday resulted in better movement and slightly higher prices in some lines. Apricots weak. Beans in lighter supply and firm. Blackberries unchanged. Large cantaloupes slightly firmer, with prices showing a wide range, according to quality and condition. Corn slightly higher. Cucumbers weak. Good fresh figs higher, but considerable stock heldover from Wednesday still on market. Grapefruit higher. Lettuce slightly firmer. Peaches dull. Tomatoes slightly higher.

APPLES—Northern, White Astrachan, pound, best, 8; small, 5@6.

APRICOTS—Local, pound, Royal, 3½@3; few high as 3½ and low as 2; lugs, 50@75; San Joaquin Valley, Tilton, pound, 3@4.

ASPARAGUS—Local, pound, 10@13; few fancy, 14@15; poorer, 7@8.

AVOCADOS—Local, pound, loose, Fuerte, 45@50; Taft, 25@30; Queen, large, 18@20; medium, 25@30.

ARTICHOKES—Arroyo Grande, boxes, 4-5 dozen, 1.50@1.75; 7-8 dozen, 1.00@1.25.

BAY CITY CURB

SAN FRANCISCO, July 5. (AP)—After a comparatively inactive morning, trading during the afternoon regained some of the animation which has been evident during the last week.

Pacific American preferred and common were again active. The preferred stock opened with a 1½-point loss at 107½ and regained its lost ground to close at 109. The common stock on the other hand gained ½ point overnight at 38½ and closed fractionally higher at 38⅝.

Pacific Mutual Life sold to a high of 116 from 113½. In the industrial group leadership was taken by Marchant with a 2½-point gain at 32½. Victor Welding up 2 points at 24. Pacific Equities at 44 and Superior Portland Cement up 4 points at 44.

Bank of America opened with a 5-point gain at 227 and continued to rise, closing with a net gain of 9 points at 231.

METAL MARKETS

CLEVELAND, July 5. (Exclusive)—Daily Metal Trade today says: despite a holiday slowing down furnaces in the Chicago district are still pressed by melters for deliveries. Steel works are unable to spare and iron for merchant sale. In the east, no real foundry pig iron buying movement has yet developed.

An offer to purchase No. 2 foundry iron at $14.25 Birmingham has been refused by an important southern producer. Reports of a sale of 1200 tons of southern iron considerably under $14.25 are in circulation but lack verification.

Demand for structural shapes in the east is better than a few weeks ago and mills are having no difficulty in maintaining operations close to capacity. The sheet steel market is firm and producers still have heavy order back logs.

METAL PRICES

NEW YORK, July 5. (AP)—Copper steady: electrolytic spot and future 18.

Iron steady: unchanged.

Tin steady: spot, 44.25; futures, 48.12.

Lead easy: spot New York, 6.90; East St. Louis, 6.70.

Zinc steady: East St. Louis spot and futures, 6.70.

Antimony, 8.50.

SUGAR MARKET

NEW YORK, July 5. (AP)—The raw sugar market was quiet with refiners taking a holiday. However, operators were showing some interest in offerings at 3.77 cents, duty paid, but no sales were reported.

The refined sugar market is closed.

Futures closed steady; approximated sales, 89,100 tons. July, 1.99; September, 206; December, 2.17; January, 2.19; March, 2.228; May, 2.30.

NAVAL STORES

SAVANNAH, July 5. (AP)—Turpentine, firm, 48½; sales, 954; receipts, 889; shipments, 5998; stock, 16077.

Rosin firm; sales, 1150; receipts, 2374; shipments, 6662; stock, 58,444.

Quote: B D, 7.10; E, 7.20; F G H I, 7.25; K, 7.30; M, 7.38; N, 7.65; WG, 7.85; WW X, 8.40.

DAILY EASTERN CITRUS MARKETS

[By the Associated Press.]

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were reported as follows:

SOUTHERN CALIFORNIA	Oranges.	Lemons.
July 5	481	182
Season to date	40,852	10,721
Last season to date	35,321	7,346
CENTRAL CALIFORNIA		
July 5	6	0
Season to date	9,793	173
Last season to date	8,677	200
NORTHERN CALIFORNIA		
July 5	0	0
Season to date	482	47
Last season to date	665	96

California oranges generally found higher prices at eastern and middle western auction centers yesterday, with numerous reports of spottedly higher, lower and unchanged markets. Lemons mostly were lower, with some unchanged and lower. Analysis of trading developed the following price range per box:

	ORANGES Graded above choice.	ORANGES Choice.	LEMONS Graded above choice.	LEMONS Choice.

PROFIT-TAKING CHECKS UPTURN

(Continued from Tenth Page)

first time that this stock, traditionally known as the bell weather of the list, has become eligible for the "Double Century Club." The stock closed 197 5-8, however, up but about a point. It was at first reported that it had gone over 200 in London yesterday, during the holiday here, but calculated on present sterling exchange, the London price was only about 198½.

Auburn Auto was again highly mercurial, shooting up 24½ points to 389½, falling back to 370, and closing at 380. Du Pont and National Biscuit rose 17 and about 15 points to new peaks and Allied Chemical, Coca-Cola, Fleischmann, Union Pacific and Sun Oil reached new peaks in substantial gains. General Electric jumped nearly 8 points to a new top at 360, but closed at 354. Westinghouse Electric also reached record territory, only to react.

Motors were supported more strongly than for several weeks, Chrysler selling up more than 4 points and Nash making a similar gain. Western Union made an extreme gain of about 9 points in response to rumors of favorable dividend developments, and Simmons jumped 6 points to equal its previous high on reports of heavily increased half-year sales and expansion plans.

EXPRESS SAGS

Adams Express had one of its wide movements, dropping 19 points, and Otis Elevator, which had advanced rapidly of late, lost more than 9. Allis Chalmers fell 7. Radio, reaching a new high for the movement at 92 1-4, fell back to 88 1-8, off ½ point. Utilities were again under pressure, Commonwealth Power dropping 7 points. Dunhill International sagged more than 5 points to a new low for the year.

In the commodities wheat mounted about 3 cents a bushel on reports of severe crop damage in Canada and bullish crop reports from Argentine. Corn sold 2 to 3 cents higher on bullish weather reports. Cotton, however, sagged a little in selling, attributed to larger private acreage figures.

Foreign exchanges were steady, sterling cables holding at $4.85 7-8, and the Canadian dollar rallying to 99 1-4 cents. The Japanese yen mounted 1-5 of a cent to 44.60 cents on statement of the new Finance Minister, Innouye, indicating that the gold embargo will be lifted within the year.

CLEARINGS. MONEY

Clearings yesterday were $41,364,557.26, an increase of $3,544,486.66 over corresponding day last year.

COMPLETE NEW YORK STOCK EXCHANGE REPORT

NEW YORK, July 5. (AP)—Following is the complete closing list of today's transaction of stock in the New York Stock Exchange:

(Continued on Page 13, Column 3)

NEW YORK CURB STOCKS

NEW YORK, July 5. (AP)—Mining shares were given a whirl upward in today's irregular session on the curb exchange, while profit-takers, interrupted by the July 4 holiday, resumed their selling of public utilities.

Conflicting price moves were partly attributed to nervousness of traders anticipating the $200,000,000 jump in brokers' loan reported after the close of the market. Call money held at 7 per cent.

Rumors of mergers and co-operative plans were extended from the public utility field to the oil and aviation industries. Dividend actions and trade news continued favorable.

Newmont Mining, on a heavy turnover, shot to 216½ and closed at 213½ for a net gain of 3⅝, and Noranda Mines finished at 61¾, its high price of the day, for a net advance of 3¾. Buying was in expectation of higher prices for copper as a result of reduced mine operations and better European demand for the metal. Newmont holds large blocks of stocks in American and South African copper companies and in United States oil concerns. Noranda is a large developer of Canadian ore fields.

Losses in the utilities ranged up to more than 6 points at the close, although practically the entire group wound up at the best prices of the day. A few of the more volatile issues converted early morning declines into gains. Middle West Utilities opening at 210, bounded to 220, a record high, for a net gain of 6⅞. Earnings are reported running well ahead of last year. Duke Power dropped 6⅛, Electric Investors 5, Columbus Electric Power 4, St. Regis Paper 4⅛ and Northern States Power "A" 3⅞.

United Light and Power "A," for which two Commonwealth and Southern common shares and two option warrants are reported being offered, closed at 49 for a net gain of a point, but Commonwealth finished down 1⅝ at 25⅛.

Announcement of 1,065,630-car output by Ford for the first six months of the year boosted Ford of Canada "A" stock 2⅞, and the "B" shares 4 points. Profit-taking was encountered by Franklin.

Aviation stocks held to a fairly steady course. Sikorsky, which is reported being taken over by United Aircraft Transport, sold at 48¼, for a fractional gain, the year's high price.

Cosden was the feature of the oils, opening at 75½ and bounding up to 80⅝ at the close, for a net advance of 3⅝.

Checker Cab reached 85⅝, but lost the fraction at the close. Since the pool took this stock in charge it has advanced from 65 in the last few weeks.

Aluminum Company made a spectacular jump of 24⅝, to a record high at 335. General Realty sold at a new high. Goldman Sachs picked up more than a point on the day.

The closing price is omitted when same as the low, and both low and close when same as the high.

NEW YORK BOND PRICES

NEW YORK, July 5. (AP)—The bond market gave liberal support today to the first-grade rails and the average price of ten representative carriers' obligations in this group made the best advance in several weeks. Other sections of the list, however, were mixed, secondary rails and utilities showing a nominal decline, while the industrials rose moderately. Time money at 7½ per cent for all maturities was slightly firmer.

Trading in several stock feature rails proceeded at a brisk pace throughout the session, particularly in the Southern Pacific 4½s, with warrants, which made a net gain of 1½ on the day. The issue, touching a high of 96, closed at 95⅞, also a peak. Missouri Pacific 5½s equaled their peak of 117½, but Atchison 4½s, on a sharply diminished turnover, yielded a large fraction. The two 5 per cent convertible debentures of the Allegheny Corporation, holding company for Van Sweringen Railroad stocks, traded in larger volume, but quotations at the close showed unimportant variations.

The best supported standard rails included many of the pivotal obligations. Gains ranged from a small fraction to about 1½ points in Atchison general 4s and Transcontinental Short Line 4s, Baltimore and Ohio refunding 5s, New York Central general 3½s, consolidated 4s and refunding 5s, Northern Pacific prior lien 4s and St. Louis and San Francisco 4½s. Advances of about the same proportions appeared in St. Paul adjustment 5s, Missouri Pacific 5s and Seaboard 5s.

Moderately active demand brought gain of as much as 2 points to Bethlehem Steel 5s and 6s, Crown Cork and Seal 6s, Illinois Steel debenture 4½s, Philadelphia and Reading Coal and Iron and Wheeling Steel 4½s. North American Cement 5½s jumped 3 points on a small transaction.

Utilities that suffered from selling pressure included Ohio River Edison 6s, Pacific Telephone 5s, Columbia Gas and Electric 5s, New York Telephone general 4½s and Laclede Gas and Light 5½s.

American Telephone convertible 4½s, opening above Wednesday's close, were unable to hold the gain and for a time were freely sold at lower levels. Resistance developed late in the session, however, and the closing quotation of 146⅞ was above the day's low, although it represented a net loss of 1⅝. The International Telephone stock privilege 4½s followed about the same course until the last half hour, when a rally resulted in a net gain of 1½.

United States government securities developed some irregularity when only slight support was given the Liberties and the Treasury issues. British United Kingdom 5½s dropped to within ⅛ of the year's low in the generally firm foreign list, while French Republic 7s sold at 109⅝, a 1929 high, closing ⅛ below that figure to equal the year's top.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

A PREVIEW IN PROFITS . . . is a discussion of how a group of Los Angeles investors have combined the rapid and *sure upbuilding of original capital, attractive cash dividends, security of capital investment, ready market and collateral value in one investment.*

At this re-investment period, this study will be of especial interest to men who are seriously thinking about their investment future. The problems facing investors who are still in their creative years are unusually similar. Any man who seeks sound investment will find both inspiration and profit in reading "A PREVIEW IN PROFITS."

Copies sent free on request to serious investors. Write to Research Department, United Properties, Inc. 304 Union Oil Building, Los Angeles.

INQUIRY CONCLUDED IN VESTRIS SINKING

BOARD OF TRADE ATTORNEY ARGUES AGAINST THEORY OF MISMANAGEMENT

LONDON, July 5. (AP)—With the conclusion of a lengthy address by W. N. Raeburn for the Board of Trade, the inquiry into the sinking of the steamer Vestris last November with heavy loss of life was concluded this afternoon.

Butler Aspinall, wreck commissioner, and the assessors sitting with him will now consider their judgment.

In his closing argument Mr. Raeburn said that he found no evidence of confusion in the launching of the lifeboats; both the crew and passengers following the example of Capt. Carey, who was a man of great bravery and capability.

Raeburn thought that "no doubt it would have been better if the S.O.S. had been sent out earlier but pointed out Capt. Carey's apparent hopefulness that the ship might survive seemed supported by the chief engineer's hopefulness.

There was no evidence, however, that a single life was lost that might have been saved by an earlier call, declared the attorney.

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, July 5.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.85; at 5 p.m., 29.85. Thermometer for the corresponding hours showed 65 deg. and 74 deg. Relative humidity, 5 a.m., 85 per cent; 5 p.m., 61 per cent. Wind, 5 a.m., southwest, velocity 3 miles; 5 p.m., southwest, velocity 6 miles. Temperatures, highest, 78 deg.; lowest, 64 deg. Barometer reduced to sea level.

WEATHER CONDITIONS.—July 5: Local showers and occasional thunderstorms have occurred during the past twenty-four hours in the lake region, the Ohio Valley, the Gulf States, and in Iowa, Nebraska, South Dakota, Colorado and New Mexico. The rainfall was generally light to moderate, but thunderstorms in Ohio and Western Pennsylvania were accompanied by heavy rain. Temperatures were considerably above normal on the North Atlantic Coast, but moderate temperatures were reported generally elsewhere. In Southern California clear weather prevailed yesterday, with temperatures near the normal. It was foggy or cloudy this morning in the coastal region, but clear weather was reported in the interior. Temperatures were close to the normal. Fair weather and moderate temperature will continue in Los Angeles and vicinity Saturday. Fog or clouds may be expected in the morning.

SUN, MOON AND TIDES.—Los Angeles, July 6: Sun rises 4:47 a.m., sets 7:08 p.m. Moon rises 4:18 a.m., sets 7:34 p.m. Los Angeles Harbor, July 6: High tides, 9:43 a.m. and 8:43 p.m.; low tides, 3:23 a.m. and 2:19 p.m.

LOCAL TEMPERATURES. — July 5: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	100	72
Los Angeles Harbor	75	62
Mt. Wilson	87	66
Pasadena	88	61
Pomona	89	60

EXTRA FUND SOUGHT FOR BUILDINGS

Hoover Plans to Request $2,500,000 Addition to Proposed Yearly Outlay

WASHINGTON, July 5. (AP)—President Hoover plans to ask Congress for an additional $2,500,000 annually for ten years in connection with the program of government building construction in Washington.

The President has conferred with Secretary Mellon and it has been determined that the present contemplated expenditure of $50,000,000 to be spread over a ten-year period will prove insufficient to carry out the work of adequately housing the various government departments.

The administration is particularly anxious to have some definite arrangement made for housing the departments of Justice and Labor and for storing government archives. These are not included in the present program, excepting so far as sites for the buildings are concerned.

Cabinet Parley Attended by Two

WASHINGTON, July 5. (AP)—The semiweekly meeting of the Cabinet was reduced today to a short conference between Secretary Mellon and President Hoover.

All the other members of the Cabinet had left the capital for Independence Day and had not returned. It is the first time since Mr. Hoover's inauguration that the regular Cabinet meeting was omitted.

MARCHIONESS KILLS BOY, GIRL AND SELF

LEGHORN (Italy) July 5. (AP)—Marchioness Strozzi Malaspina shot and killed her 8-year-old son Alarico and her 2 1-2-year-old daughter Rosanna, during a late afternoon promenade yesterday and then committed suicide. The Marchioness was the wife of Marquis Azzolino Malaspina, a lieutenant-colonel in the cavalry, who was on duty in Florence.

SWIMMER'S HURTS FATAL

SAN FRANCISCO, July 5. (Exclusive)—Injuries received by Melvin Dybdal, 18 years of age, while swimming in the Russian River at Guernewood Park Sunday afternoon proved fatal today. The youth dove into shallow water and struck bottom, breaking his neck.

Mrs. Mors's Estate Will Go to Parents

SAN FRANCISCO, July 5. (AP)—The $100,000 estate of Mrs. Theresa Mors, for whose murder, August 13, 1924, in Los Angeles, (Kid) McCoy, ex-champion boxer, is serving life in San Quentin Prison, was awarded her father and mother, Joseph and Mrs. Clara Weinstein, by the State Supreme Court here today.

The decision closed the case contesting a will bequeathing all her property to Albert Moers, her former husband, which he filed following her death.

Father Kills Suitor-Slayer of Daughter

KEWANEE (Mo.) July 5. (AP)—Irma Hendershott, 16 years of age, daughter of William Hendershott, a farmer, was shot and killed in the yard of her home near here yesterday by Claude Mayberry, 23, a suitor, who then was slain by the girl's father as he attempted to commit suicide.

The youth had shot himself once with a revolver with which he had slain the young woman when Hendershott shot him down with a shotgun.

Doctors Hear Prince George

LONDON, July 5. (AP)—Prince George, youngest of the British ruler's sons, spoke today at the opening of the Homeopathic Congress, the delegates of which include 250 American homeopathic doctors.

He asked that they carry home warm memories of British hospitality, a fresh realization of which is important to the world's peace—"the unbreakable friendship between our peoples of one race and language."

MASH ESTATE PLEA FILED

SAN FRANCISCO, July 5. (Exclusive)—Miss Tabitha Mash of Los Angeles filed a petition for letters of administration today for the $100,000 estate of the late Samuel Lawrence Mash, negro attorney who died the 1st inst.

NOTAS TELEGRAFICAS

España Formula Nueva Constitución

MADRID, Julio 5.—Ha sido presentada hoy a la Asamblea Nacional, para que los asambleístas la estudien y examinen durante el verano, una nueva constitución de la Monarquía Española.

Contiene el proyecto once secciones y 14 artículos, en los que se promenorizan los distintos conceptos relativos a la nación, el estado, la nacionalidad, los derechos individuales, la monarquía y la sucesión al trono.

La nueva constitución será sometida en Octubre próximo a la votación del pleno de la asamblea.

En ella se legisla que sea España monarquía constitucional con una religión de estado: la católica romana. Se les garantizan a los súbditos españoles los derechos de libre expresión del pensamiento, salvo en ciertos casos de excepción.

El poder ejecutivo del estado radica en el Rey, quien debe, con todo, consultar a sus ministros responsables sobre los asuntos importantes. El poder legislativo corresponderá a un solo cuerpo llamado las Cortes.

La mitad de éstas será elegida por sufragio universal, treinta miembros serán nombrados por real decreto, y el resto, será elegido de acuerdo con clasificaciones especiales, que fijarán las leyes reglamentarias.

Cada 100,000 habitantes eligirán un diputado a Cortes, sin restricción relativa a sexos. Tanto mujeres como hombres podrán ser diputados.

Escuadra Norteamericana en Nápoles

NAPOLES (Italia), Julio 5.—El contraalmirante Harris Laning, con su estado mayor de la Escuadra de Acorazados No. 2—el Utah, el Arkansas y el Florida—fondeada hoy en este puerto, ha visitado a las autoridades municipales y al gobierno provincial. Mañana en la mañana le serán pagadas esas visitas.

Los acorazados van a estar abiertos al público. Permanecerán aquí hasta el 11 del actual. Mañana saldrán para Roma los oficiales.

Ejecución de un Sacerdote en Méjico

CIUDAD DE MEJICO, Julio 5.—El ministerio de la Guerra ha confirmado hoy oficialmente la ejecución de Aristeo Pedrosa en Arandas (Jalisco), después de su captura el martes, durante un encuentro que tuvo cerca de ese sitio con tropas federales. Dícese que Pedrosa era sacerdote católico.

Pedrosa, que era, según se asegura, uno de los más destacados jefes cristeros, fué cogido, al decir del parte oficial, con las armas en la mano.

El Presidente Hoover Revistará el Desfile

WASHINGTON, Julio 5.—El presidente Hoover pasará revista el lunes 15 del actual, en Baltimore, del desfile de la División del Arco Iris. Irá el señor Hoover a Baltimore en auto, y asistirá allí como huésped de honor a un almuerzo que van a dar los oficiales de dicha división, que, en la mencionada fecha, celebrará su convención anual en Baltimore.

Después del almuerzo, revistará el jefe del Ejecutivo la parada de veteranos, y luego se marchará en automóvil a Washington.

Ni el Heroísmo de su Esposa Salva de la Muerte a un Marido

ATLANTA (Georgia), Julio 5.—La señora Warren Sanders se interpuso para recibir anoche dos balazos destinados a su marido; pero, no bien cayó ella mortalmente herida, una nueva bala privó de la vida al esposo.

Hayward Sanders, hermano de 18 años del marido muerto, que contaba 28, ha confesado hoy en la cárcel, al decir de la policía, que, durante una disputa trivial había disparado los fatales tiros. Durante toda una tarde habían estado disputando los hermanos; el menor, según propia confesión, se apoderó al fin del revólver del mayor, y cometió con él el doble crimen.

"No tires", le gritó la señora Sanders, quien, acto continuo, corrió a ponerse frente a su marido.

NOTAS LOCALES

Ayer Tarde Fueron los Ritos Funerarios de Gladys Brockwell

En presencia de muchos preeminentes actores y actrices de la pantalla, directores y productores, celebráronse ayer tarde, en la capilla del cementerio de Hollywood, los ritos fúnebres de Gladys Brockwell, conocidísima peliculera. El cuerpo de la artista fue incinerado. Dirigieron la ceremonia las autoridades de la Iglesia de Ciencia Cristiana.

Formaban rimeros en la capilla numerosas ofrendas florales enviadas por amigos y admiradores de la artista, pues la señorita Brockwell era una de las personas más populares de la colonia peliculera de Hollywood. Tenía quince años de trabajar en el cine, y fue una de las primeras estrellas que representaron papeles dramáticos. En estos últimos tiempos apareció en papeles importantes de cintas habladas. Antes de figurar en la pantalla, había sido actriz de teatro.

Falleció la señorita Brockwell la noche del martes en el Hospital Osteopático, de resultas de lesiones sufridas en un accidente de automóvil ocurrido en el camino real de Ventura, cerca de Calabazas, el 27 de Junio. Viajaba la actriz en compañía de T. Stanley Brennan, empresario de anuncios de Los Angeles, cuando, de pronto, el coche en que iban se salió de una curva, y cayó de bastante altura. Bajo el coche roto quedó la cabeza de la señorita Brockwell. Brennan también resultó lesionado; pero se dice que va de alivio.

Fruit Inspection Service Improved

SACRAMENTO, July 5. (AP)—For the purpose of improving the quality of fruits and vegetables taken by motor trucks into large cities, principally Los Angeles, the State Department of Agriculture and horticultural commissioner of Santa Barbara county have established a twenty-four-hour inspection station at Buellton.

The department announced today that during the first week of inspection more than 1800 crates of lettuce from the fields in San Luis Obispo county and particularly around Santa Maria were inspected daily and that on Sundays more than 3000 crates or nearly nine carloads were passed by the inspectors.

Dr. Ainsworth Passes Away

SAN FRANCISCO, July 5. (Exclusive)—Dr. Frank Kenley Ainsworth, former chief surgeon of the Southern Pacific Company, and one of the best-known members of the medical profession in the West, died today at his home in San Francisco at 72 years of age.

He entered the employ of the Southern Pacific Company in Los Angeles in 1886. In 1903 he was named chief surgeon and manager of the company's hospital department with headquarters in San Francisco, holding the post until his retirement in October, 1926.

Navy Squadron Visits Naples

NAPLES (Italy) July 5. (AP)—Rear-Admiral Harris Laning with his staff of the Battleship Squadron No. 2, comprising the Utah, Arkansas and Florida, now in port here, visited the city authorities and Provincial Governor today. The visit will be returned tomorrow morning.

The battleships will be opened to the public and will remain here until the 11th inst. The officers will leave for Rome tomorrow.

COUNCILMEN PAY TRIBUTE TO MALLARD

City Governors Adjourn in Memory of Co-worker; Funeral to be Today

The City Council on motion of Councilman Burns adjourned yesterday out of respect to the memory of Walter Mallard, who died Wednesday with a record of thirty-seven years in public service behind him. City Clerk Dominguez was instructed to draw up engrossed copies of a resolution of condolence and send them to the family. A resolution reciting the various public services rendered by Mr. Mallard also was adopted by the Board of Public Works.

The funeral of the late Councilman will take place today at 1 p.m. at the W. A. Brown mortuary, conducted by Dean Harry Beal of St. Paul's Cathedral. Interment will be in Inglewood Park Cemetery. The following will serve as pallbearers: Coey Dunkelberger, Frank Ainsworth, Edward Nicol, Daniel Cooper, W. W. Van Dusen and Ralph Davis.

Social Work Group Stops Here for Day

Stopping here for a day while en route to their homes in various parts of the country, 160 delegates to the national conference of social workers held in San Francisco were guests of the Chamber of Commerce yesterday at a luncheon at the Deauville Beach Club. Later they were escorted on a tour of the studios, Beverly Hills and the beaches by the Survey Club and the Los Angeles chapter of the American Association of Social Workers.

The group was headed by Alexander Johnson, 82 years of age, Miss Edith Shatto King of New York, Mrs. Frances W. Hawes of Cleveland, the Misses Lucy and Barbara Young, daughters of the Governor, and Mrs. H. L. Carnahan, wife of the Lieutenant-Governor.

Mrs. T. H. Dudley of the Assistance League was chairman of the hospitality committee, and was assisted by Mrs. Hancock Banning, Mrs. Abraham Lehr, Miss Catherine Mellus, Miss Dorothy Wysor, Miss Sidney McGuire, Mrs. Ethel Turk and Mrs. Ethel Lynch. The itinerary was arranged by George Hjelte of the Playground Commission and transportation by Mrs. R. M. Heath, chairman of the Red Cross Motor Corps.

OPERA STAR SINGS "GUILTY"

Lawrence Tibbett, Arrested After Row in Cafe, Pays Fine for Disturbing Peace

A young man, who when arrested gave his name as Lawrence Merivale, but who was later identified as Lawrence Tibbett, Metropolitan Opera Company star, raised his voice in an unusual melody yesterday when he remarked "Guilty, Your Honor," to Municipal Judge Ambrose and subsequently paid a $25 fine for disturbing the peace. He was represented in court by Ernest Orfila, City Public Defender, who identified him as Tibbett.

Tibbett, with Richard Alter, well-known musician, and two friends, who gave their names as Guy Bathaway and James D. Horton, was arrested outside Marchetti's Cafe at Fifth street and Western avenue at 4 a.m. yesterday after turning a stream from a hose on the automobile of W. H. Howry, manager of the restaurant, and on William Brown, 1437½ West Thirty-fifth street, who was walking along Western avenue at the time.

Police Officer Norman, who made the arrest, reported that the hose was turned on after Howry had ordered the four men to leave the restaurant, where he said they created so much disturbance that many customers left the place. They were taken to Wilshire Police Station and later removed to Central Station and then to Lincoln Heights before appearing in court.

All four entered pleas of guilty and after some delay, during which they were detained in the "bull pen" at the Hall of Justice, succeeded in locating friends who paid their $25 fines.

When booked at the police station, Tibbett gave his name as Lawrence Merivale, 32 years of age, of 1350 Laurel avenue. According to "Who's Who," the opera star's middle name is "Mervil." He gave his occupation as an actor. Doubt of the identification of Merivale as Tibbett was dispelled later by Public Defender Orfila, who said he had gone to school with Tibbett, knew him intimately, and that the man taken to court was the operatic star.

The arrest was Tibbett's second brush with the law in two days. Motorcycle Officer Hayden of Santa Monica arrested him in the beach city on a reckless-driving charge on which the singer is scheduled to appear there on the 12th inst.

ANGELENO TO EDIT SORORITY JOURNAL

Miss Jessie K. Grant of 4516 West Twenty-eighth street has been elected editor of the Urn, monthly magazine of Beta Sigma Omicron Sorority. The election carries with it elevation to the executive council of the national sorority. Miss Grant is associate editor of the Tax Digest, published by the California Taxpayers' Association.

BROCKWELL LAST RITES CONDUCTED

Prominent Film Persons Attend Funeral Services for Cinema Actress

In the presence of many prominent motion-picture actors, actresses, directors and producers, the funeral rites for Gladys Brockwell, well-known motion-picture actress, were conducted yesterday afternoon at the chapel of Hollywood Cemetery. The service was in charge of officials of Christian Science Church. The body was cremated.

Numerous floral offerings from admirers and friends were banked in the chapel. Miss Brockwell was one of the most popular members of the film colony. She had been in pictures for fifteen years and was one of the early emotional stars. Recently she had prominent roles in talking picture productions. She was a stage actress before she appeared on the screen.

Miss Brockwell died Tuesday night at the Osteopathic Hospital as a result of injuries received in an automobile acident on the Ventura Highway near Calabasas June 27. She was riding with T. Stanley Brennan, Los Angeles advertising man, when his car plunged off a curve pinning her beneath the wreckage. Brennan was injured, but is reported to be recovering.

BAURHYTE FUNERAL TODAY

Interment of Former Gas Company Chief's Body Will be Private on Monday

Funeral services for William Baurhyte, former president of the Los Angeles Gas and Electric Corporation, who died unexpectedly at his home Thursday night, will be conducted today at 4 p.m. in the chapel of Pierce Brothers' undertaking establishment, 720 West Washington street. Dr. Bradford Leavitt of the Neighborhood Unitarian Church in Pasadena will officiate. Interment will be private on Monday.

Mr. Baurhyte, 69 years of age, was stricken in his residence at 1033 West Edgeware Road. Mrs. Baurhyte and his physician were with him. For more than twenty years he took an important part in the commercial and industrial life of the city. He came here in 1903 as second vice-president of the gas corporation. He was named president in February, 1924, and served in that capacity until his retirement March 31, 1928.

BEGAN AS CLERK

His business career started in San Francisco fifty-five years ago as a law clerk. Ten years later he entered the public utility field.

Mr. Baurhyte lost his father when he was 14, and his mother passed away three years later. Thereafter he supported a brother and three sisters until their maturity. His first important business venture was with the Sulphur Bank Silver Mine in Lake county in 1880.

NO CHILDREN

He married Miss Elizabeth Grant of Alameda in 1888. They had no children.

For many years Mr. Baurhyte was the "heart of the gas corporation," according to his associates. He was one of the most universally beloved officials among the employees that the organization has had, they declare.

He leaves his widow and three sisters, Mrs. J. A. Burdette of Belmonte, Cal., Mrs. Kate Vassault of San Francisco, and Mrs. George Branch of Salinas. They will arrive from the North today.

CONGO TREK FOUND TAME

Iowa Engineer Tells of Failure to See Elephant or Lion in Long Jaunt on Dark Continent

More than 11,000 miles through the heart of the Dark Continent without glimpsing an elephant or a lion is the unusual claim of Jansen Haines, mechanical engineer of Des Moines, who stopped over in Los Angeles yesterday en route home after a fourteen months' trip around the world.

While here on a visit to his former fellow-townsmen, Edward A. Adams, local attorney, Mr. Haines related some of his experiences abroad, especially those met with in the Belgian Congo where he spent five months.

Particularly vivid in his recollection was last Christmas, which he spent at an interior outpost near the head of the Congo River. He was the guest of a small group of American missionaries at the time and, in celebrating the occasion, a feast was given to a number of native teachers who had gathered on the river settlement from all over the district. Instead of turkey, however, baked monkey was the feature of the menu.

Another gala occasion that impressed the adventurer was a national holiday declared by a jungleland chieftain to celebrate the gift of a couple of sacks of salt, which Mr. Haines presented to the tribe.

During the five months spent in the Congo forest, the engineer says he enjoyed exploring many out-of-the-way settlements and was amazed at the success achieved by the Belgian government in developing its one and only colony.

His mode of travel after flying inland from Leopoldville was by boat up the Congo River and many of its tributaries, thence by Ford across to the Nile.

From the gold-mining district around Ewele the Belgian govern-

PORTER WHETS AX IN SILENCE

Legal Opinions Requested on "Firing" Procedure

City Hall Still All Agog on Who'll Feel Blade

Speculation Rife on Naming of New Commissioners

Before he moves toward the anticipated "clean-up" of the City Hall, Mayor Porter will arm himself with full knowledge of the legal procedure for removing various and sundry office-holders. He admitted yesterday that he has called on City Attorney Werner for formal opinions as to the proper methods to be pursued.

Mayor Porter said he has not asked Chief of Police Davis and City Prosecutor Nix to resign, but he wants to know how to go about removing them before "I have them before me, so I'll know where I stand."

CITY HALL BUZZED

In addition he wants to know how to remove members of the boards and commissions. Nix is appointed by the Mayor, the Chief by the Police Commission and the commissioners by the Mayor with the consent of the City Council. Removal of the Chief must be initiated by the Police Commission, on charges, as he is a civil service employee. Removal of the others, it appears, must be with the consent of eight of the Council.

Mayor Porter continued his retirement in his protective shell of secrecy yesterday while the City Hall hummed and buzzed, and little work was accomplished, everybody wondering when and where the ax is to fall. Vacancies on the city's seventeen boards fell due last Monday, but no appointments have been made. Meanwhile, the Cryer appointees, whose terms have expired, continue to function until their successors are named. The best of these jobs is Public Works Commissioner, the salary being $500 a month. The new $325-per-month Mayor's secretary, who is to make "personal investigation on the outside," has not been named as yet, as Mayor Porter has not received formal notification of the Council's action last Wednesday creating the job.

NIX "IN FULL ACCORD"

Nix said yesterday that the Mayor has not asked for his resignation. Meanwhile, he says, he is moving forward "in full accord" with Porter's policies.

Mayor Porter suggested to newspaper interviewers that they do not indulge in "guesswork" as to his appointments. However, speculation by City Hall observers leans toward the appointment of former Dep. Dist.-Atty. Joos to Nix's place, former Councilman Workman to the Board of Public Works and W. J. Mosher or Merle Allen as the new secretary.

Public Works Commissioner McGuire and Fire Commissioner Wenning, whose terms do not expire this year, have submitted their resignations.

Fahy Puts Off His Speed Dash

Herbert J. Fahy yesterday postponed his attempt to lower transcontinental nonstop records to the latter part of next week. He called off his scheduled takeoff from Los Angeles Metropolitan Airport at midnight tonight so that he can complete tests on the new plane which Harold Bromley plans to fly from tacoma to Tokio.

Bromley's plane will be taken aloft at noon today from the Burbank field of the Lockheed Aircraft Company and landed at Metropolitan. If Fahy is satisfied with its flying Bromley will take off for Muroc Dry Lake later today for load and speed tests.

HER FACE UNMARRED BY AUTO ACCIDENT

Bessie Love

This picture was taken yesterday morning after removal of bandages.

BESSIE LOVE WILL ESCAPE SANS SCARS

Bandage Removal Reveals Forehead Unscathed from Automobile Injuries

"The best news I ever received," exclaimed Bessie Love yesterday when Dr. E. B. Jones told her there will be no disfigurement whatever of her face due to the injuries she received in an automobile accident June 27. The bandages were removed from her forehead yesterday.

Since her injury the many friends of the motion-picture actress have been apprehensive as to a permanent scar on her face. She has received hundreds of telegrams and telephone calls, many of them from distant points, since she has been confined to her home. It erroneously was reported at first that Miss Love had received a broken nose as well as permanent disfigurement.

"Everything is all right now, and I feel fine," she said yesterday. "When you can get out of an accident like that without it even leaving a mark it surely is a miracle. And Dr. Jones says I can go back to work real soon, too, which is more good news."

Miss Love suffered her injuries when her automobile was crowded off the road while she was en route to a local airport to meet a friend arriving by plane.

She said yesterday she plans to resume her work at the Metro-Goldwyn-Mayer studios in another week.

Oil Fire Refuses to be Muzzled

The McKeon oil well No. 2, in Santa Fe Springs continued to blaze last night despite efforts of engineers to muzzle it with additional side pipes.

Another line will be hooked on from an underground chamber and another drive probably will be made early today to stop the fire.

SPECIAL MUSIC FOR WOOD'S ORDINATION

John E. H. Wood, associated rector of St. James' Episcopal Church, will be ordained to the priesthood tomorrow at the 8 o'clock service. The full choir will render a special musical program under the direction of Sibley G. Pease, organist and choirmaster. The church is at Wilshire Boulevard and St. Andrews Place. The ordination music will be repeated at the 11 o'clock service.

DAVIS PREPARES TO TAKE STAND

Ex-Aide of Keyes to Testify Monday in Bribe Case

His Wife Denies Charges of Getzoff About Gifts

Fate of Suspect Will be in Jury's Hands Soon

Harold L. (Buddy) Davis, former chief deputy District Attorney under Asa Keyes and now on trial on bribery charges in Superior Judge Wilson's court, will take the witness stand in his own defense as the first witness when court reconvenes Monday morning.

This announcement came from Chief Counsel for the Defense Paul D'Orr at the concusion yesterday of what proved to be a bad day for the defense.

Seven witnesses were called during the afternoon session, after the prosecution had rested at noon and the jury had been shown both the basement of the Hayward Hotel, where Davis is charged with having accepted a $7500 bribe from Ben Getzoff, Spring-street tailor, briber and confessed fixer, and the Getzoff tailor shop where he is asserted to have discussed the matter.

A motion to dismiss made by D'Orr just before the defense case started was denied by Judge Wilson. In his motion D'Orr declared that no case had been proven by the prosecution and that Getzoff's statements stood in the record alone and unsupported. Before denying the motion Judge Wilson pointed out that he believes that the testimony does establish the fact that a crime has been committed and that if no defense was offered by D'Orr he would sustain a verdict of guilty if the jury should so find.

With the opening of the defense it became apparent that both a direct and indirect attack on Ben Getzoff, convicted felon but now the State's star witness, is to be developed as a part of the Davis defense.

WOMAN EXCLUDED

Then after three witnesses had taken the stand and contradicted portions of Getzoff's story Judge Wilson began to rule against D'Orr and before it was over the latter had failed to bring the name of Miss Estelle Johnson, "mystery woman" of the case, by direct testimony into the record.

Miss Johnson first appeared in the case during the cross-examination of Getzoff. After having asked Getzoff a number of questions regarding his asserted purchase of gifts for a woman out of the money Ed Rosenberg is asserted to have paid him to bribe Davis, D'Orr turned to the spectators' section of the courtroom and asked Miss Johnson to stand. He then asked Getzoff if he knew her. This Getzoff denied. Miss Johnson also later denied that she was acquainted with Getzoff and declared the charge she had received gifts from the Spring-street tailor was untrue.

Yesterday the offer to prove was renewed but the same was denied by the court and all testimony relative to the woman ruled out.

ANOTHER SETBACK

Also by rulings of the court Davis was prevented from presenting testimony relative to some of his statements classed by D'Orr as "verbal acts" during the prosecution of the Julian stock-fraud case, where he is charged by the prosecution with "letting up" on Ed Rosenberg after he had accepted a bribe from Getzoff.

D'Orr protested over and over again that he wished to place the entire matter before the jury and wanted that body to know all of the facts surrounding the case but Judge Wilson ruled that much of the testimony offered by D'Orr had no place in the testimony. The offered testimony and evidence to support the defense assertions regarding Miss Johnson came under this ruling.

However, while unable to offer a large part of the proposed defense, D'Orr, by his first witness, Forrest Murray, a former chief deputy District Attorney, did get before the jury a direct denial of a portion of the story told by Getzoff.

DENIAL VOICED

On direct examination the Spring-street tailor declared that he had visited with Davis, his wife and Forrest Murray on Christmas Eve, 1926. Murray declared under oath that this was untrue and that not

(Continued on Page 3, Column 1)

LINDBERGHS HERE TODAY

Pilot and Bride Expected to Arrive from Winslow; T.A.T. Officials Plan Greeting

Col. and Mrs. Charles A. Lindbergh are expected to fly to Los Angeles from Winslow, Ariz., today, it was indicated in dispatches received here last night.

The couple took off from Albuquerque, N. M., shortly after noon yesterday and landed at Winslow at 5 p.m. They are traveling in an open Falcon biplane and planned to spend the night in Winslow.

They should make the trip from Winslow to Los Angeles today in not more than five hours—a distance of approximately 500 miles.

DUE IN AFTERNOON

Their take-off time for today was not announced, but preparations to receive the newlywed flyer and his bride will start at noon, it was stated at the Grand Central Air Terminal in Glendale, where the Falcon probably will land.

Col. and Mrs. Lindbergh will be welcomed by Transcontinental Air Transport officials, including Maj. C. C. Moseley, vice-president; Max Cornwell, superintendent of operations on western division; H. W. Beck, traffic manager of western division, and Jacques Scanlon, western division publicity director.

No arrangements had been made last night to entertain Col. and Mrs. Lindbergh during their visit here. Col. Lindbergh will spend much of his time in the air, however, and Mrs. Lindbergh may stop at the home of one of her husband's friends, possibly at the J. L. Maddux residence in Beverly Hills. Final arrangements await the arrival of the couple, T.A.T. directors stated.

MARY TO CHRISTEN IT

Mary Pickford will christen the T.A.T. flagship City of Los Angeles just before it takes off with Col. Lindbergh at the controls for the first scheduled eastern flight at 8:45 a.m. Monday from Grand Central Air Terminal.

City officials of Los Angeles and Glendale and directors of T.A.T. will be at the field to wish the City of Los Angeles bon voyage on its maiden flight.

Visitors at the field to witness the getaway will be allowed free use of the Grand Central grand-

(Continued on Page 2, Column 4)

The Lancer

by Harry Carr

FARM legislation may not be interesting; but it is the most important question that confronts the world. If it isn't solved, we are due for a crash.

The real trouble is that the modern farmer is an anomaly—an anachronism.

HAY FOR COWS

The farmer of an older day did not attempt to make money. He raised pigs to eat; cows for milk, and hay to feed them both. Farming was a manner of life; not a business. A farm was self-contained and largely self-sufficient.

THE FINE ARTS

The only people in America who have solved the farm problem are the desert Indians. They raise corn to eat; but they make their cash money by the fine arts —silver work, rug-weaving . . . They live a balanced life. Also their religion is a direct part of their farm work; their farm work is part of their religion.

SCULPTORS MAYBE!

There seems to be difficulties in the way of asking an Iowa farmer to earn his necessary cash by the fine arts.

FACTORY METHODS

If farming is to be put on a business basis—food raised for the markets—then it is necessary to transform the farm into a factory. Like other factories, the work will have to be done on a basis of large capital from the cities and the laborer supplanted by machines.

PIFFLE FOR FLAPPERS

One of the tragic errors of American industrial life is that the best brains and the working capital are devoted to the manufacture and sale of unnecessary things. If the men behind the motion-picture business, the perfume business, the cosmetic trade were to turn their money and time to raising corn and hogs, there wouldn't be any farm problem. Small, ignorant men are trying to struggle on alone.

ARTIFICIAL YOUTH

A doctor in Venice has discovered a way to make men young again by squirting young blood into their veins. A man 83 years old has been made to frisk like a colt. But I wonder, if it really came to the point, whether the average old man would have the courage to face the long struggle again.

BUZZ BUZZ

As a general principle I am against the changing of the old names; but I can bear a new name for the town of Zelzah with Christian fortitude.

STILL MISSING

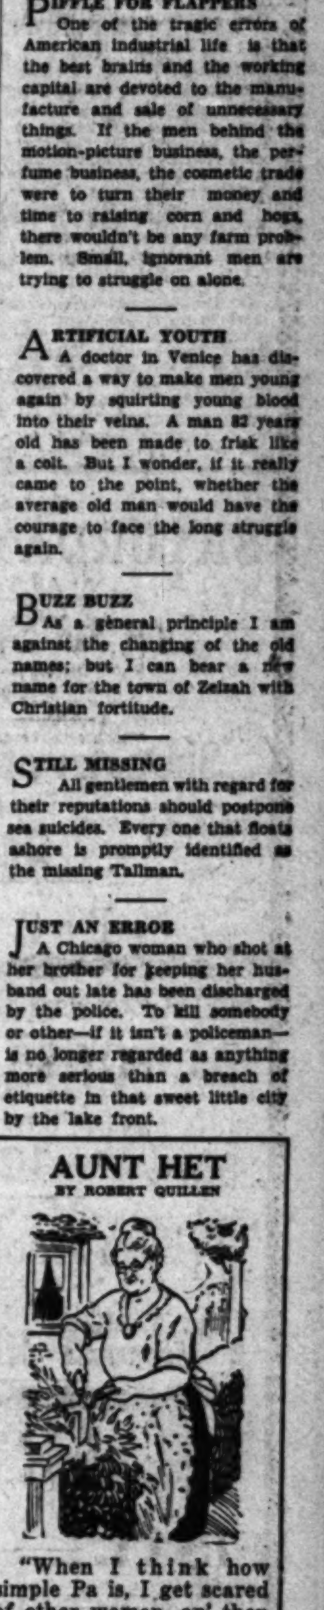
All gentlemen with regard for their reputations should postpone sea suicides. Every one that floats ashore is promptly identified as the missing Tallman.

JUST AN ERROR

A Chicago woman who shot at her brother for keeping her husband out late has been discharged by the police. To kill somebody or other—if it isn't a policeman—is no longer regarded as anything more serious than a breach of etiquette in that sweet little city by the lake front.

AUNT HET

BY ROBERT QUILLEN



"When I think how simple Pa is, I get scared of other women, an' then I look at his bald head an' realize it protects him like a pure heart."

(Copyright, 1929, Publishers Syndicate)

POLICE RETURN TO JOBS VALID

Opinion of City Attorney Sustains Davis

Ruling Asked on Jacobson Case Officers

Commissioners Had Passed Matter to Werner

An opinion sustaining the action of Chief of Police Davis in reinstating—subject to approval of the Police Commission—Captain of Detectives Hubert J. Wallis and J. Frank Williams and Patrolman Frank B. Cox to the police force as the result of dismissal of charges against them in connection with the asserted frame-up case against Councilman Jacobson, was issued by City Attorney Werner yesterday.

The Police Commission, when confronted last Tuesday with the necessity of approving or disapproving the action of the Chief, passed the matter up to Werner for his views, and as the result of the opinion will act next Tuesday.

TEXT OF OPINION

The opinion in full is as follows:

"In answer to your request for an opinion whether or not the recent dismissal of the charges of conspiracy against Captain of Detectives Wallis, Captain of Detectives Williams and Patrolman Cox, who, pending the termination of the charges, were suspended from the police force, I beg to advise as follows:

"This office has no transcript of the evidence in the case before it, but merely knows that the above-mentioned officers, together with certain others, were charged with conspiracy to frame Councilman Jacobson. Pending the investigation of these charges the officers were suspended.

TWO TRIALS HEARD

"Two trials were heard on the frame-up charges, and in both trials the jury failed to agree, and as a result the charges were dismissed against these officers. In fact, we were informed that the charges against Capt. J. Frank Williams were dismissed prior to the time the case was submitted to the jury.

"Unless your commission has evidence before it that would warrant it in refusing to confirm the reinstatement of these officers by the Chief of Police, your commission would be bound by the dismissals in the above action.

"However, if your commission has any evidence before it, or if charges are later preferred against these officers, your commission may then act to determine the sufficiency of such charges."

KNIGHTS OF COLUMBUS WILL TOUR EUROPE

A party numbering approximately 100 will leave today aboard the Santa Fe Railroad for a tour of Europe under the auspices of Los Angeles Council No. 621, Knights of Columbus, and will visit France, Germany, Switzerland, Holland, Italy, England and Ireland, and on returning home will visit Canada. The party will leave from New York the 10th inst. While in Rome the party will have an audience with Pope Pius, the first since the pact between church and State has been signed. The committee in charge of arrangements includes Rev. Joseph A. Sullivan, John J. Schumacher, Thomas B. Flanagan, Thomas P. White and Peter Spellacy. The party was booked through the Mullin Travel Service.

PRIESTS ON WAY BACK TO MEXICO

Party of Twenty-seven Will Return to Parishes After Three-Year Exile.

Headed by Rt. Rev. Emanuel Palomar Aspeitia, Bishop of Tepic, twenty-seven Catholic priests who came to Los Angeles three years ago following the adoption of new laws by the Mexican government, yesterday boarded the Argonaut at Central Station and began the return trip to their former parishes in the southern republic, their movement being the result of the recent compromise effected by President Portes Gil and officials of the Roman Catholic Church.

"We have loved Los Angeles," said Bishop Aspeitia. "We have made many friends whom we regret to leave but, after all, our home and our duties are in the south and our hearts thrill at the thought of returning. La Golondrina returns to her nest."

Since coming to Los Angeles the Mexican priests have been serving at various churches and missions and one of them, Rev. Martiano Cordero, recently built a new church for Spanish-speaking people on East Second street. He is returning to Tepic. They all will return to their old parishes in and near Guadalajara.

Those who left Los Angeles yesterday are Bishop Aspeitia and Revs. A. P. Cardenas, Manuel Horta, Guillermo Estrada, Gil Cozares, Jose De Jesus A. Sanchez, Francisco Escobar, Regino Xieyra, Manuel Guydex, Julio R. Oliva, Vincente Ponce, Tobias Forneri, J. R. Huerta, Eduardo Huerta, Salvador Martinez, Francisco Garmica, Eusebio Martinez, Andres Cardenez, Francisco De la Pena, Justo Borajas, Ignacio Romeo, M. Cordero, Jose De Jesus Luna, A. Huertodo, Juan F. Cisneros, Toribio Galaviz and Antonio Galaviz.

Lodge Will Act at Adams Rites

The Odd Fellows Lodge will conduct the services for Henry Adams, Los Angeles resident for twenty-six years and well known in that fraternal organization, on Monday at 2 p.m. at the Ivy H. Overholtzer chapel, 1719 South Flower street. Burial will be in Inglewood Park Cemetery.

Mr. Adams, who lived at 927 West Eighty-fourth street, virtually saw that section of the city grow up around him. His death occurred Thursday, at the age of 55 years. He leaves his widow, Mrs. Annie B. Adams.

MORRILL FUNERAL PLANNED FOR TODAY

The funeral services for James H. Morrill, who died while crossing the desert near Blythe Wednesday, will be conducted at 1 p.m. today at the Pierce & Lowe chapel, 925 West Washington street. Interment will be in Inglewood Park Cemetery. Mr. Morrill was with the Gordon-Harrison - Russell Builders Material Corporation. His death was caused by apoplexy while he was on a motor trip with his sister. He was a member of the Eagles. He leaves his mother, Mrs. Rebecca Snow, 1810 West Forty-second street, and two sisters and a brother, all of whom live in Los Angeles.

NORWALK DEATH QUIZ TO OPEN

Inquest on Actor's Son Set for 9:30 a.m. Today

Marks on Body Cause Nance to Order Inquiry

Father of Siegel Says Son Never Drank Liquor

Coroner Nance yesterday announced he will conduct an inquest at 9:30 today into the circumstances surrounding the death at the Norwalk State Hospital on the 2nd inst. of Albert Siegel, 28 years of age, son of Bernard Siegel, character actor of 666 La Pierre street, West Hollywood, whose statement that the dead man never had used intoxicants prompted an investigation by Deputy Sheriff Pantrase. The inquest will be conducted despite the verdict of Autopsy Surgeon Webb that Siegel died as the result of a serious mastoid condition of long standing and aggravated by pulmonary trouble.

The quiz is the outgrowth of revelations made by attaches of the LeRoy Bagley funeral parlors at 5440 Hollywood Boulevard to the effect that Siegel's body, when delivered there, bore bruises on the jaw, knee and head.

PRISONER TRANSFERRED

It then developed that Siegel's incarceration at the Norwalk institution resulted from his arrest on June 21, last, on a charge of drunkenness. He first was held in the City Jail, from which he was transferred to the Lincoln Heights Jail, and then, when he showed signs of serious illness, to the prison ward of the General Hospital. There, according to the report, he exhibited symptoms of mental ailment, which brought about his removal to the psychopathic ward for observation and later to the Norwalk State Hospital for treatment.

NEVER DRANK LIQUOR

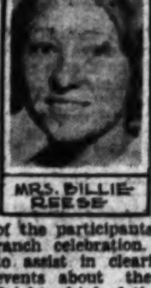
The father of the dead man expressed the belief his son had suffred an unexpected attack of illness and that his condition was mistaken by the police for intoxication; the actor being positive in his statement, which was confirmed by Herman Siegel, an uncle, that the patient never had tasted liquor.

In a preinquisitorial statement, Coroner Nance said he believes the bruises assertedly found on Siegel's body might have been caused by the bonds with which he was secured while being subjected to medical treatment at the hospital.

FIVE SOUGHT BY OFFICERS IN SHOOTING

Woman, Three Men and Boy to be Questioned on Wounding of Party Host

A woman, three men and a youth were sought last night by Deputy Sheriffs Penprase and Gompert for questioning in connection with the possibly fatal shooting of James Hopper, 29 years of age, a Lennox chicken rancher, during an Independence Day party.



MRS. BILLIE REESE

With Hopper lying near death with a bullet in his spine, the officers questioned at length Mrs. Billie Reese, 22, one of the participants in the chicken-ranch celebration. She has failed to assist in clearing the muddied events about the shooting, Capt. Bright, chief of the Sheriff's homicide squad, said.

Those sought are Mrs. Jackie Hopper, wife of the wounded man; Carl Thorne, a 15-year-old brother of Mrs. Reese; Carl Reese, her husband, and Harry and Raymond Harter, who are asserted by the officers to have been present when Hopper was wounded.

According to Capt. Bright and his deputies, a holiday party was in progress at Hopper's ranch at 11221 Kenwood avenue, Lennox, when he was shot. Hopper says the wound is accidental and self-inflicted. Mrs. Reese says she does not know how it happened.

NINE TAKEN IN RAID AT RIOT SCENE

Police Arrest Seven Men and Two Women in Place Where Sailors Fought

Making an unexpected raid on an apartment at 532 South Fremont street, which on Thursday night was the scene of a riot in which thirty sailors and six women participated, four detectives yesterday arrested two women and seven men and booked them all on charges of suspicion of robbery pending investigation of their records.

The prisoners identified themselves as Mrs. Mabel Lawrence, housewife, 27 years of age, 8017 Hooper street; Pearl Gordon, typist, 21, 356 Columbia Drive; Al King, lawyer, 28, who refused to give his address; Howard Brooks, 28, 233 North Figueroa street, Virgil K. Emerson, 22, no address; Hugh Hutchinson, 21, no address; Eugene Brannon, 26, a sailor attached to the naval station, San Diego; and Herman C. Ackerman, 35, and Edgar A. Pechin, 26, attached to the destroyer base at San Diego. An additional charge of Wright Act violation was filed against Brooks, Emerson and Hutchinson, and of drunkenness against King.

The raid was conducted by Detective-Lieutenants Alsup, Ballister, Morris and Boydston.

Americans on First Trip to America

Mr. and Mrs. Albert Lee

LINDBERGH WILL FLY HERE TODAY

(Continued from First Page)

stand, officials of the field stated. Passengers on the first flight will be announced today.

When Col. Lindbergh brings the City of New York, the flagship of the east-to-west run, into Grand Central a second celebration will be conducted. It will start at 4 p.m. next Tuesday.

EARLY ARRIVAL EXPECTED

The plane is scheduled to arrive at 5:52 p.m., but it is believed the flight from Clovis, N. M., depending shortly after 4:30 p.m., depending on winds encountered on the trip.

Passengers on this trip will leave the Pennsylvania Station in New York City at 2:05 p.m. tomorrow, Pacific time.

Tentative arrangements call for Col. Lindbergh pressing a button here to signal the train away from the eastern station.

Members of the Nature Club of Southern California will present Miss Betty Brainerd, a passenger on the west-bound plane, with a corsage of columbines when she arrives. Miss Brainerd is on a campaign advocating the columbine as the national flower. A committee of the club, headed by Miss Charlotte M. Hoak, will present the corsage.

Gloria Swanson will christen the City of New York at the Glendale terminus.

Inaugural ceremonies are in charge of a general committee consisting of Dudley Steele, chairman, and R. J. Pilcher, vice-chairman. A subcommittee includes C. C. Spicer, chairman; Jacques Scanlon, W. N. Creakbaum, W. S. Thomas, Victor Clark and E. Powell.

During the two weeks' rehearsal flights, the T.A.T. ships flew 50,652 miles and carried 261 passengers, it was announced yesterday in St. Louis by Paul F. Collins, general superintendent of the line. The service, Collins said, did not miss perfection by more than 2 per cent.

The transcontinental service includes an overnight trip by rail between Clovis, N. M., and Waynoka, Okla., and from Columbus, O., to New York City. The remainder of the trip is made by air.

Planes equipped with sleeping berths already have been recommended by Col. Lindbergh, and it is expected that all the trip, excepting over the Alleghenies from Columbus to New York, will be in the air within a year.

LINDBERGH INVITED TO BLERIOT CELEBRATION

PARIS, July 5. (AP)—Louis Bleriot has cabled Col. Charles A. Lindbergh an invitation to be his guest at the twentieth anniversary celebration of Bleriot's feat of flying the English Channel, July 25, 1909.

NINE PLEAD NOT GUILTY OF GAMBLING

Arraignment Aftermath of Spectacular Raid by Police on Greek Club

Pleas of not guilty to charges of gambling were entered yesterday by nine defendants arrested and booked following a spectacular raid by police on the California Greek Club headquarters at 221 1-2 East Fourth street early Thursday morning.

The nine who were apprehended by members of the police vice squad led by Detective Lieutenant Hoy and Sergt. Chambers, gave their names as George Lubin, Joe Shelley, Harry Gaston, Isadore Fisher, Sam Morris, Charles Lamb, Charles Winkler, Sam Leon and Jimmy Wheat.

At the preliminary hearing it developed that the raid was conducted by the police after obtaining a search warrant through Deputy City Prosecutor Jack on an affidavit from investigators that the premises were used for gambling purposes. The club furniture was smashed and windows and walls broken during the raid.

All defendants are at liberty on $50 bail, and their trial set for the 30th inst., before Municipal Judge Ambrose.

LEVY MAPS SUBMITTED

The City Engineer yesterday transmitted to the Council for approval the assessment district map for the improvement of Dolores street between Broad avenue and Avalon Boulevard. The map was referred to the Public Works Committee.

PASSENGER LIST OF SHIP WHO'S WHO

Lassco Liner Debarks Notables of Many Lands at Harbor Here

Albert Lee, field auditor of the Hawaiian Territorial government, set foot on American continental soil for the first time yesterday when the Lassco flagship City of Los Angeles arrived from Honolulu.

ARTHUR COLLINS

Mr. Lee and his wife, who accompanied him, are native Hawaiians, their families having residied for centuries without once leaving the island group. Both are graduates of the University of Hawaii, where Mr. Lee was an outstanding football star.

Also among the City of Los Angeles' 348 cabin passengers was Arthur Collins, English vaudeville actor, and his wife, known to the stage as Betty Ross Clarke. They are here from a stage tour of Australia and New Zealand to work in talking pictures. Mr. Collins declared Australian theater-goers up in arms over the accent of the majority of American actors and actresses now appearing in talking pictures.

BETTY ROSS CLARKE

"Talkies are fast gaining in popularity, both in Australia and in England," he said, "but unless some of your younger stars can rid themselves of what they think is an English accent I am sure our people will boycott their productions.

"On the other hand, Australians have wholeheartedly accepted straight-out dialect pictures."

Others arriving on the liner were Jack Mulhall, motion-picture player, returning with Mrs. Mulhall from an island vacation; Jacques Vinmont, head of the Pacific Western Oil Company, with his family; Eugene Zellerbach, paper manufacturer, with Mrs. Zellerbach; Tod Ford, Pasadena millionaire sportsman, with his family, and Howard Parsons, local investment broker.

TREK IN CONGO DECLARED TAME

(Continued from First Page)

ment, which owns the mines, exports in excess of $2,000,000 of the precious metal monthly "and the development of these mines has just started," Haines says.

En route home from Africa, Mr. Haines stopped off at Perth, West Australia, where President Hoover resided during his early engineering days. The office occupied by the young engineer, including the desk at which he worked and the chair in which he sat, serves the American Consul there, who, according to Mr. Haines, takes great pride in telling visitors about Hoover and permitting them to sit in his chair.

With the Des Moines engineer, on the trip abroad, was his 18-year-old son, D. Jansen, Jr.

Dynamite Cap Blast Injures Three Boys

Dynamite caps yesterday injured three boys who were exploding them with a radio battery in a belated Fourth-of-July celebration. Robert James, 12 years of age, 2320 Forney street, may lose the sight of both eyes, it was said at General Hospital, where he was taken for treatment. Eric Evans, 9, 2355 Forney street, received injuries to one eye. He was treated at home. John Hanna, 10, 2314 Forney street, received minor injuries.

Detective Lieutenants Roselli and Bradley of the Lincoln Heights division, and Katzenberger and Kleinfeldt of central division, who investigated, report that the boys said they found the caps in a vacant lot. They detonated them in the James garage by attaching a radio B battery.

CONVICTION IN BANK HOLD-UP

Jury Finds Maybury Guilty of First-Degree Robbery

Defendant Faces Penalty of Seven Years to Life

Wife's Alibi Testimony Fails to Help Husband

Caught after he had paid $900 of his debts, including the bill of the doctor who attended the birth of his child, Harry L. Maybury was tried yesterday in Superior Judge Schmidt's court for the robbery of the California branch bank at Indiana street and Whittier Boulevard. After deliberating two hours, the jury convicted Maybury of robbery in the first degree, the penalty for which is seven years to life in prison.

W. T. Rogholt, cashier of the bank, testified that on May 9, last, a man wearing dark glasses, whom he identified as Maybury, presented a note to him, reading: "Give us all you've got, and make it snappy. [Signed] John P. Doe." Rogholt passed out $1414. Later he ran out of the bank, after the robber escaped, and noted four figures of the number of an automobile speeding away.

Police detectives, checking auto numbers, found that Maybury had taken a small sedan out for a trial for purchase, and asserted they found one finger print on the wheel apparently made by the accused man. They also testified they learned that Maybury, shortly after the robbery, had paid $900 in debts. Among these debts were $250 rent, an installment on his furniture, and a bill of the doctor who attended Mrs. Laura Maybury in April, when her child was born. Maybury also purchased a radio and a mechanical refrigerator.

Dep. Dist.-Atty. Kearney prosecuted Maybury, who was defended by the law firm of Paonessa & Pierce.

Mrs. Maybury, with her child in arms, testified to an alibi for her husband, but the jury only deliberated on whether or not Maybury had used a pistol in the robbery, it was stated after the verdict. The accused man denied he had a pistol, but detectives found one loaded in his room.

PROCEEDINGS ABANDONED

Ordinances ordering the abandonment of the proceedings for the improvement of Poinsettia Place between Melrose and Oakwood avenues and the improvement of the Moore Drive and Schumacher Drive improvement district were adopted yesterday by the Council.

Poison Victim's Family Sought

Police yesterday were asked to seek Mrs. Maime O'Connell and her 13-year-old daughter, Edith Synder, by J. E. Downing, 1253 West Sixtieth street, following Mrs. O'Connell's husband's attempt to commit suicide Thursday afternoon by drinking poison.

Yesterday O'Connell was said to be in a serious condition at the General Hospital where he was removed following his discovery by Downing, who is his brother-in-law.

ELKS WELCOMED TO ITALO-AMERICA FETE

Visiting Elks, it was announced yesterday, will be admitted free of charge to the first annual picnic of the Italo-American Welfare League to be held tomorrow at Rose Hill Park. The program will include addresses by Secretary of State Jordan and Harbor Commissioner F. M. Andreani, vaudeville numbers, operatic solos, foot races and a wrestling match between Bull Montana and George Kotsonaros. More than 4000 persons, including Gov. Young, are expected to attend.

Although but recently formed, the Italo-American Welfare League is regarded as the largest among Italian-speaking organizations in the city. It maintains its own hall, theater and clubrooms at Seventeenth and South Flower streets.

ORDINANCE ADOPTED

The ordinance of intention for the improvement of Klump avenue between Burbank Boulevard and Cumpston street was adopted yesterday by the Council, with the hearing of protests set for August 12, next.

Asserted Kni User Held Cutting A

Charging assault with a weapon, a complaint against Lloyd Roberson by Dep. Dist.-Atty. the result of an asserted affray last Monday night Joe Allen was wounded.

Roberson is asserted wielded a knife upon of Allen during an alterc apartment at 1306 West street, injuring Allen, in the General Hospital.

Thelma Holmgren, a Roberson, for a time was in the County Jail as a ness, but was released day.

Send them the Los Ange Times, July 7 to 13, inclusive, postpaid anywhere the United States, Canada or Mexico, for 50c. includes the beautiful pictorial B.P.O.E. supple printed in rotogravure to be issued with the Times of July 7.

Special order blank printed elsewhere in today's

The world takes for granted many things it values most

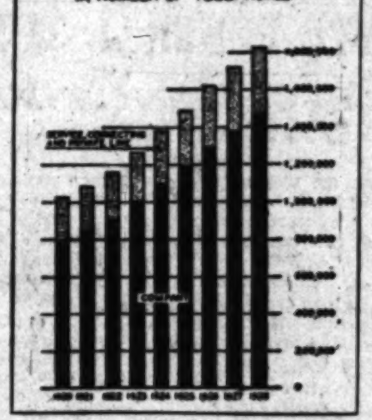
FORTUNATE it is that things of the greatest value and usefulness do not cost in proportion to that value. For example, the Telephone.

What would its cost be, if charged for in ratio to its usefulness—this convenient instrument that broadens your social contacts, summons the doctor, opens your door to business profits, or lets you hear the voice of a loved one far away?

If no telephone had ever been seen in this city, and such a service were suddenly created, the well-to-do would willingly pay $50, $100 or even $500 a month to have it in their homes. A single successful business deal would pay its cost for weeks. A single life saved thru prompt telephone communication would justify such outlay forever.

Yet—the telephone is available to everyone. It costs only a few cents a day.

And there are more telephones being installed every day, thereby making your own telephone even more useful.



This chart tells a graphic story. It reveals that the Pacific Coast's telephones will have doubled in the ten years 1920 to 1930. Each new telephone adds just that much to the potential usefulness of your own.

SOUTHERN CALIFORNIA TELEPHONE COMPANY

FORMER KEYES AIDE GETS WIFE'S HELP

Mrs. Harold Davis

The whole examination, both direct and cross, took only about fifteen minutes.

COMPLAINT RECALLED

The first witness of the day was John J. Kessler of 659 South Mansfield avenue. He declared that he had complained to Davis of the actions of Jack Rosenberg in selling 200 shares of Julian stock for himself and his wife and then not turning over the money. Kessler testified that when he told his troubles to Davis, then engaged in the Julian stock-fraud trial, that Davis said:

"John, wait until the trial is over and I will get you your money. Keep quiet about this."

Kessler testified that Davis made this statement to him after he had informed the then chief deputy District Attorney that Jack Rosenberg had told him that the Julian case was "fixed," and that Ben Getzoff was the fixer.

Following the conversation in Davis's office and after Davis had left the District Attorney, Kessler again approached him and employed him to attempt to recover the money involved in the deal, Kessler testified.

TELEPHONE CALLS

Then the witness told of Davis calling him by telephone and stating that he thought he could get a check covering Kessler's losses from Jack Rosenberg. Then the witness declared he saw Davis on the street and followed him to Getzoff's tailor shop. When Davis came out of the establishment he encountered his client and told Kessler that he had been unable to get the money, it was testified. Mrs. Rose Kessler took the stand and repeated most of her husband's testimony.

From Mrs. Jessie Barrett, former private secretary to Davis, the prosecution proved that Ben Getzoff was in the habit of calling Davis by telephone and visiting his office from time to time. She was excused from cross-examination.

As a last prosecution witness David Getzoff was called to the stand and told of the money transaction between his father and Davis. The prosecution closed at 11:45 a.m. In all, six witnesses were called by the State, beginning with Ben Getzoff and ending with his son.

PLEA MADE AT DINNER FOR NEGRO

Not Alms But Opportunity Asked for by Speaker at Urban League Gathering

"Not alms but opportunity" was given as the credo of the National Urban League by its national executive secretary, Eugene Kinckle Jones, at a dinner given in his honor by the Urban League of Los Angeles last night at the Twenty-eighth-street branch of the Y.M.C.A.

The Urban League, as explained by Mr. Jones, is an organization whose purpose primarily is to increase the economic well-being of the negro and also, as a means to this end, to raise the standards of health among negroes and to break down the race barriers holding back their progress.

The speaker surprised the diners, who included both white and negro citizens prominent in social work, by stating at the outset that the negroes of the United States are more favorably situated than any group of colored people anywhere else in the world. He argued that race prejudice is not the result of a natural inescapable state of mind but is essentially a matter of economics.

Therefore, he said, raising the standards of living and working of the negroes of America would result eventually in minimizing racial antagonism. That, essentially, he said, sums up the work of the Urban League and he told of the progress that has been made throughout the country along this line.

Presiding at last night's dinner was Col. LeRoy Smith of the Better American Federation of California, who also is vice-president of the Urban League of Los Angeles. Among the guests from out of town were Dr. H. C. Hudson, president of the National Association for the Advancement of the Colored People, and Forester B. Washington, director of the Atlanta School of Social Research, the only school of its kind in the country for negroes. Mr. Jones will speak tomorrow at 3 p.m. at a mass meeting at the First Methodist Episcopal Church, Eighth and Hope streets.

BLAST CHARGE NAMES LARSON

Cashier of Grain Exchange Formally Accused

Dynamiting of I. W. Hellman Building Asserted

Sentence of One Year to Life Faced if Convicted

Perry E. Larson, 47 years of age, cashier of the Los Angeles Grain Exchange, was charged formally in a complaint issued yesterday by Dep. Dist.-Atty. Broker with dynamiting the I. W. Hellman Building last Wednesday.

According to the District Attorney's office, a confession was made by Larson that he placed the explosives in the building in an effort to destroy records disclosing shortages in his accounts.

Larson will be prosecuted under the Penal Code section specifically dealing with the criminal use of explosives, according to Broker. It provides for a prison sentence of from one year to life.

He was arraigned late yesterday in the court of Municipal Judge Ballard and bail was set at $5000, pending a preliminary hearing next Friday.

Fearing a pending audit of the exchange's books would reveal his defalcations, Larson, according to his asserted confession made to police following his arrest, used five sticks of 40 per cent dynamite in an effort to destroy incriminating records. A premature explosion of a part of the dynamite is believed to have extinguished other fuses.

Larson was arrested when he attempted to leave the building with part of the records he sought to destroy, according to police. He had been an employee of the exchange for more than six years.

ELKS REGISTER BY THOUSANDS

(Continued from First Page)

Hayden of Alva, Okla.; Grand Esteemed Lecturing Knight John J. Powel, Wilmington, Del.; Grand Treasurer Fred A. Morris, Mexico, Mo.; Grand Tiler Thomas J. Brady, Brookline, Mass. and Grand Inner Guard William H. Mustaine, Nashville, Tenn.

Members of the Good of the Order Committee also arrived yesterday. They include James R. Nicholson, chairman, Milwaukee; Robert S. Barrett, Alexandria, Va.; Carroll Smith, St. Louis, Mo.; Charles C. Bradley, Portland, Or., and John R. Coen, Sterling, Colo.

With various committees reporting themselves in readiness to present their programs, details on prize awards for various events were available yesterday as follows:

Band contest, Class A, three cash prizes totaling $1250; Class B, $850.

Drum, rifle and bugle corps, two cash prizes of $350.

Drill team contest, Class A, one prize, $500; Class B, two prizes, $750; special prize for Zouave or novelty drill organization, $250 grand prize for best team, open to winners of all classes, $500.

PARADE PRIZES

Prizes in the Grand Lodge parade next Thursday will be awarded as follows: Best appearing band in parade, two prizes, $300; largest band coming from greatest distance, $200; Antlers' band, two prizes, $150; best appearing uniformed body in line, $600; best singing, marching uniformed glee club, $100; lodge with most original costume (from outside California,) three prizes, $600; California lodge having most original costume, $250; best decorated float by organization outside of California, two prizes, $750; best California float, two prizes, $750; lodge bringing greatest number of ladies from outside California, $100. Prizes of $25 each will be given to the tallest, the shortest, the heaviest, the thinnest, and the oldest Elk.

In the golf tournament there will be $2000 in trophies awarded. In the trapshoot, there will be $2000 in cash and $1500 in trophies, in addition to the Elks Magazine trophy.

ZOUAVES GIVE DRILL

Entertaining a large crowd attracted by the unusual sight, the famous Elks Zouave squad from Jackson, Mich., went through its various drills at 11 a.m. yesterday on the south lawn of the City Hall Building. The sixty members of the drill team, dressed in snappy uniforms, went through various formations, including pyramiding, wall-scaling and other maneuvers at the command of their leader, Capt. William Sparks. They will perform in the same place at 7 p.m. tomorrow, Monday, Tuesday and Wednesday.

Visiting Elks of the Jewish faith are invited to attend services in the new Temple B'nai B'rith on Wilshire Boulevard at 10 a.m. today. Rabbi Dubin will deliver and explain the murals in the recently completed synagogue, considered one of the finest in the world.

MANY NEW ENGLAND ELKS TO BE AT BILTMORE

A large section of New England, with its "rock-bound coast" but without its Puritan atmosphere, is being carried across the continent and set down in the Biltmore here. This was revealed yesterday when a check-up of hotel registrations for the sixty-fifth annual convention of the Benevolent Protective Order of Elks showed hundreds of New Englanders assigned to the Biltmore.

From Massachusetts the Elks of Boston, Brookline, Leominster and Taunton; from Vermont the Elks of Brattleboro; from Maine, the Elks of Bangor, all, numbering several hundred, will have their headquarters at the Biltmore. But they will not be alone, for to the same hostelry are coming Brother Bills from New Orleans and Louisville; Key West and St. Louis, Charleston, S. C., and Cleveland, O.; Couer d'Alene, Idaho, and Ossining, N. Y.

No less than thirty-six lodges of Elks, from every part of the country, have made reservations for their delegations at the Biltmore, it was revealed yesterday.

NO ELKS' ORGAN RECITAL

On account of the Elks' State Association meeting and the national convention there will be no organ recital tomorrow afternoon at the Elks' Temple. On the following Sunday, the 14th inst., the recitals will be resumed with a special program of French music by Sibley G. Pease, organist.

THREATS DIRECTED AGAINST MAYOR

Mrs. Hattie Treaster

TEMPORARY FITTS AIDE QUITS POST

George Bush Resigns as Deputy Under Agreement Made When Appointed

The resignation of George Bush as deputy District Attorney, effective the 15th inst., was announced yesterday by Dist.-Atty. Fitts.

The appointment of Bush to the District Attorney's staff last December was only a temporary one, Fitts said, and his resignation at this time is the culmination of the arrangement whereby Bush was to serve in a temporary capacity for six months.

Bush was temporarily named as special adviser to the 1928 grand jury and served in that capacity until Fitts could complete the reorganization of the office when he became District Attorney. He is an attorney of repute, served as legislative counsel for the State of California and has been active for some time in State political affairs. He was connected with the Hoover nomination and election campaigns. Bush will return to private law practice.

DISTURBER PLACED IN MIND WARD

City Hall Visitor Held for Observation as Result of Her Outbreak

The first open threats directed at Mayor Porter created much ado in the City Hall yesterday morning and resulted in Mrs. Hattie Treaster, 42 years of age, of 616 Roberta street, Glendale, being taken to the psychopathic ward for observation.

While the Mayor's office was crowded with visitors, Mrs. Treaster approached Miss Marian Voss, the Mayor's assistant secretary, and asked to see the Mayor. Miss Voss recognized her, she said, as a woman who had created a disturbance two years ago in former Mayor Cryer's office, at which time a knife was taken from her. After asking the woman's name and address Miss Voss told her it was unlikely she could see Mayor Porter.

Thereupon the woman screamed she would "burn the Bible" if she couldn't see the Mayor. Mrs. Aletha Gilbert, a city mother, was in the office at the time. She and the policeman guarding the City Treasurer's office, took charge of the woman, leading her to the city mother's offices, the woman mumbling threats against the Mayor on the way. It appears that she was wrought up about a picture adorning a church. Her husband, E. E. Treaster, signed an insanity complaint late yesterday afternoon.

Youth Drowns in Gravel Pit While Bathing

Despite efforts to save his life yesterday, Charles Russell Charleson, 22 years of age of 700 Santa Barbara street, Pasadena, was drowned in a water-filled gravel pit at McBroom and Wheatland streets, Roscoe. His swimming companion, Richard Johnson of 77 East Villa street, Pasadena, had gone ashore and was half dressed when Charleson dived from a raft in eight feet of water. Johnson said that Charleson was a poor swimmer and appeared in distress.

Johnson swam to his friend's aid and tried to save him. Charleson was panic-stricken and struggled so wildly that Johnson was forced to get away to save himself. After twelve minutes' delay, the body was drawn out by Charles Kietch of Pacoima. The inhaler of the Burbank Fire Department was applied but failed to resuscitate Charleson. Dr. L. A. Cavanagh and Dr. K. P. Stadlinger of Van Nuys pronounced the youth dead. The body was sent to the Pillbach undertaking establishment, Burbank.

ELKS' MEET LURES HIKERS HERE

Co-eds and Boy Scouts Come From East

California, Here We Are

Left to right—Ardelle Kahn, Marie Christianson, Henry Sinda and Raymond Birt.

WITH nothing but words of unstinted praise for the chivalry of western men, two co-eds of the University of Illinois yesterday arrived in Los Angeles after hitch-hiking their way from their homes in Oak Park, a suburb of Chicago, for the purpose of getting a close-up of the Elks' convention next week.

Ten minutes later, two 14-year-old blond and bronzed Boy Scouts hopped nimbly out of another automobile in front of the City Hall and thus completed the same kind of trip here from Tampa, Fla.

The girls, who will return to their university in the fall as juniors, are Marie Christiansen, 19 years of age, and Ardelle Kahn, 20; while the little Scouts are Henry Sinda and Raymond Birt.

Starting out on June 17, last, with only $6 between them and aiming to reach here before their fathers, who are coming by train with a delegation of brother Elks from Oak Park Lodge, No. 1295, the co-eds chose a route that took them through the Black Hills of North Dakota, and the plains of Idaho. They kept a diary, which revealed that they were given lifts by eighty motorists, including a game warden in one of the Dakotas and a wealthy Chinese cafe proprietor of Preston, Idaho.

They survived a windstorm in Nebraska and proposals of marriage from cowboys in the Dakotas, went broke and postponed several meals in Utah, and slept in the park at Needles, but nevertheless arrived without being able to recount a single unpleasant incident. They hit upon the idea of singing to their "chauffeurs" who out of appreciation invariably crossed their palms with a bill for a meal.

It is their intention to remain here as guests of Miss Kahn's uncle, Eli Schneider of 1070 North Rowan street.

As for the Boy Scout hitch-hikers, they left Tampa on June 2, last, but have been traveling only eighteen days since then. They took a circuitous route that took them first to Northern New York State, where they visited relatives. Their bankroll at the start was only $5, but they never went hungry, motorists never failing to "shell-out."

Let the weather be warm . . . what care we as long as we can have the delicious Guasti Concentrated Grape Juice we desire to make good old grape juice out of! You know all you do to make this refreshing beverage, is add three parts water—simplest thing in the world to do and oh, but it is good! Visitors here will be interested to hear that Guasti Concentrated Grape Juice is made from grapes grown by the Italian Vineyard Company on their 5000 acre ranch . . . the largest in the world, to be exact, at Guasti, California.

That their product is the finest to be had goes without saying! Have you tried it yet for cooling summer drinks and desserts? If not by all means get a quart or gallon from your nearby grocer. If he can't supply you call MUtual 2134 and ask the Order Dept. to send you the desired amount—reminding them to enclose with your order one of their free booklets known as "Grape Drinks and Desserts." It will be of utmost interest, that is certain, and solve the question "what to serve this summer" most beautifully.

What care are you taking of your valuable rugs—you know dirt cuts them and causes them to wear out quickly. Do have them properly cleaned now while you can spare them by John Bloeser, City Steam Carpet Cleaning Works, which concern does very excellent work, and is thoroughly reliable and satisfactory. TRinity 4739 is their number. Call them today, why don't you?

What could taste better these lovely mornings than country sausage and pancakes—but the sausage must be bought from the Western Sausage Company because it is made out of government-inspected eastern shoulder pork—the best as you know, which is ground very fine and has added the finest of seasoning. Why don't you get a pound or so this very day? Seeing it made in the window will help to convince you of its superiority. Go to one of these addresses: 302 S. Hill or 6400 Hollywood Blvd.

The same excellent service that you have always enjoyed—and the same delicious food is to be had at Travaglini's Roma Rotisserie and Food Shop which is now under the management of "John" and his brothers. Remember the address—1801 W. 7th, corner of Burlington, and stop in for dinner soon or for cooked food to take home.

At Schwabacher-Frey's third anniversary sale you will find all the things you have been needing and wanting for ages, now well within your means due to the small prices of everything—for instance, there is a table of boxed novelties values up to $1.50 priced as low as 85 cents. It will certainly pay you to drop in! Their address you know is 736 South Broadway.

This is the season of the year to use slip covers and the West Coast Slip Cover Company are just the concern to have make them. They do perfectly beautiful work, charging very modest prices. Then don't forget their drapery department is splendid as well. 1245 West Eighth (DRexel 6428) are the address and phone number.

Fluff rugs—that you have wanted so long to have made out of your old carpets—can be had if you will send for the Hoffman Rug Works, 2914 West Jefferson (EMpire 2048.) They turn out lovely rugs very inexpensively, making also colonial rugs out of rags.

To remove wine stains from linen quickly, dip them into boiling milk; keep the milk boiling until the stains vanish.

How many more beach and picnic parties you can have now that you know you are able to buy box lunches and sandwiches from the Sur-Val Box Lunch Co., 608 Mateo St.—Phone number being FAber 1176. Why, the cost is a mere nothing while the quality of their lunches and sandwiches is the very best! You see buying in such large quantities makes it possible to give you the very finest at small prices. Have all the parties you want from now on and remember the Sur-Val Box Lunch Co., will serve you at all times with what you need.

To strike safety matches when the box is lost, strike them on the window pane or any piece of glass.

You won't forget, will you, to take your worn and perhaps broken silver to the Peerless Platers, 239½ S. Spring street (upstairs) to be replated and mended! You may take your brass to them as well for they are thoroughly reliable and modest in their charges. Telephone number is VAndike 5417.

Tea or fruit stain on linen should be smeared with glycerine and left for about two hours; then wash stains in warm soapy water; repeat if necessary.

Any jewelry you have which is in need of repairing may be taken up to Mr. Kent of the Peerless Platers, 239½ S. Spring street (upstairs.) He does special work such as designing and copying of any article you may desire. Isn't this interesting news? Be sure to go up to see him soon. VAndike 5417 is the phone number.

For a sprain—Salt and vinegar, bound on a sprain, relieves the pain in a little while. For severe sprains, mix one tablespoonful each of vinegar and spirits of turpentine with white of an egg; bottle, shake well and bathe sprain well at once. The white of an egg, beaten stiff and stirred thick with salt, is also excellent; bind it on, renewing when dry.

Won't you accept Mr. Travaglini's invitation which he extends to his numerous friends and all the public, to motor down to San Clemente—the "Spanish Village by the Sea" and there enjoy one of his unusually delectable dinners at his Cafe San Clemente? Mr. Travaglini is a perfect host; his food beggars description, while the sea air at San Clemente will make you feel like a new person. The drive down takes but two hours for it is just halfway between Los Angeles and San Diego with such a real reward at the journey's end. If you care to you may phone down for reservations.

To tighten the tiny screws in eye-glasses a small steel pen answers as well as a screwdriver.

Remember that you contribute to a real charity when you sent all old clothes and miscellaneous articles you no longer have any use for, to the Children's Hospital Salvage Department at 712 Maple avenue, TUcker 1203. Couldn't you get up a bundle for them today?

Connelly mayonnaise dressing—To one cupful of mayonnaise dressing add one-half cupful of cold boiled rice.

Wedding photographs, graduating photographs, and pictures of every kind should be framed when received or bought, in order to keep them in good condition so that is why I am suggesting that you take them one and all to the framing department of any one of Mathews Paint Company's three stores. You will find there the perfect molding for each study, each lovely, and the last word in design and color! There in this same department are frames already to use and splendid pictures too, some beautiful flower studies as well as prints of every description. Oh, Mathews Paint Company's framing and picture department is most worth while so remember these addresses and use them. Here they are: 1245 S. Hill; 1559 Vine (near Selma,) Hollywood; and 740 E. Green, Pasadena.

To remove medicine stains, soak them in alcohol; then rinse well.

When the children come to you begging for the required amount of pennies for an ice cream cone don't deny their request, for ice cream (if it's Hughes' especially) is beneficial and gives them the nourishment growing boys and girls require. Why I lay stress on your insisting upon Hughes is because it is made of thick pure cream, fresh fruits and unsurpassed vanilla and chocolate. There is certain to be a Hughes dealer in your immediate neighborhood!

Peanut sandwich—Pound freshly roasted peanuts to a smooth paste; season with a pinch of salt and moisten with a little thick cream; spread as usual.

To soften paint brushes that have been used for varnishing and not been cleaned, soak them in turpentine. To soften brushes that have dried paint in them soak them in hot vinegar or in turpentine or gasoline for about an hour. When brushes are dry and hard, heat some vinegar to the boiling point and let brushes simmer in it about ten minutes; then wash well in strong soapsuds.

TWO KILLED, ONE INJURED IN TRAFFIC

Woman Dies When Sedan Crashes Truck Head-on; Train Strikes Pedestrian

Mrs. Harriet Wilson, 47 years of age, of 4904 Wilton Place, was killed instantly yesterday when the sedan automobile in which she was riding with her husband, Horace B. Wilson, crashed head-on into a truck at a point near the Dennis crossroads between Palmdale and Lancaster, according to a report received by the Sheriff's office last night. Mrs. Wilson suffered a fractured skull when her head struck the road.

The asserted driver of the motor truck, Leo Espinosa, was uninjured, according to the report, while Juan Ortega and Jose Mora of Perris, who were riding in the truck with Espinosa, escaped with minor cuts and bruises, as did Wilson.

Crug Acosta, 27, 313 North Mission Road, was injured fatally yesterday when he was run down by a Pacific Electric train at Howard and Aliso streets. He died in General Hospital shortly afterward. A few minutes before his death he was identified by his brother, Ansell Acosta. Police reported that Acosta walked in front of the train which struck him. The body was sent to the county morgue.

In a crash last night between his motorcycle and an automobile, Charles E. Elvin, 19, 976 Hyperion avenue, received a skull fracture which, police surgeons said, may cause his death. Elvin was riding a motorcycle west on Santa Monica Boulevard, West Los Angeles, following a car driven by C. H. Rich, 52, 3412 Ocean Drive, Manhattan Beach. Rich made a left-hand turn into Manning avenue and the motorcycle crashed into the automobile, throwing Elvin forty feet on his head. He was treated at the Sawtelle Emergency Hospital and then sent to the General Hospital.

Visiting Elks! The seven Convention issues of Los Angeles Times, July 7 to 13, mailed postpaid anywhere in North America, 50c.

Pear Shipping Period Delayed

SACRAMENTO, July 5. (AP)—Under the new provisions of the State standardization laws pears must have a greater degree of maturity than formerly was required and this is resulting in shipments being made later than in previous years, the Department of Agriculture announced today.

Shipments began last year with a pressure test of more than twenty-six pounds. This year twenty-three pounds is set as the maximum at which fruit may be marketed. As pears ripen they become more mellow and stand less pressure hence they are being held until they reach the required point. A later season and the tests will delay arrival of shipments to the markets about two weeks, it is estimated.

Heat Subsides; Jordan Better

PALO ALTO, July 5. (AP)—Moderation of the heat of the last week was welcomed by Dr. David Starr Jordan, chancellor emeritus of Stanford University, today and he told interviewers he expects to be "as well as ever again" within a few days.

Dr. Jordan was ordered to bed by physicians Wednesday as a precautionary measure after he showed signs of being affected by the recent heat wave.

Viscount's Niece Jailed for Arson

MALONE (N. Y.) July 5. (AP)—Mrs. Mary Fitzhugh Thomas Cecil, said by police to be a niece by marriage or Lord Cecil, Viscount Chelwood of England, today was sentenced to not less than one and one-half and not more than three years in Auburn prison for arson.

The arson charge was placed against her after a summer camp in the Adirondacks was destroyed by fire.

Mexican Troops Execute Priest

MEXICO CITY, July 5. (AP)—The War Department today officially confirmed the execution of Aristeo Pedroza, described as a priest, at Arandas, Jalisco, after his capture near there on Tuesday, in a fight with Federal troops.

Pedroza, asserted to be one of the foremost Cristero leaders, was captured, according to the government announcement, with arms in his hands.

Rabbits Break Marital Bonds

SAN FRANCISCO, July 5. (AP)—Mrs. Gracia N. Kock of this city today obtained an interlocutory decree of divorce from Andrew Kock, Long Beach rabbit rancher, on the ground that he cared more for his rabbits than for her.

NEW MARK FOR LONG NAMES ESTABLISHED

A new mark for long names was established yesterday at the marriage license bureau when Johannes David Holm Von Hallor Von Holstein-Rathlow, 43 years of age, of Universal City, applied for the legal permit to wed. Names of four and even five sections are not a rarity at the bureau, but when an applicant disclosed an eight-section appellation a record was made.

In making the license applications, which disclosed the name of the bride as Zasel Roe Frost, and which the couple expect to use Tuesday, the soon-to-be-groom said that his business name is just plain John David Hallor, and that he is an American citizen and World War veteran. The long name is the baptismal or legal name, but five sections were dropped to facilitate pronunciation and conform to American practice.

>
> *—Abraham Lincoln.*

Today's Bible Text

If ye fulfill the royal law, according to the Scripture, Thou shalt love thy neighbor as thyself, ye do well. James ii:8.

NOT NECESSARY

Gabriele D'Annunzio has lost his appendix, but his line of writing doesn't call for an appendix, anyhow.

COURT MODELS

The court costume which Helen Wills wore at her presentation at Buckingham Palace would last her about seven seconds were the lady in action on a tennis court.

LAYING PIPE

Now that they are talking of spending another $40,000,000 for piping natural gas from some of our newer fields it would seem that noble efforts were being made to correct the wastage that has followed this branch of the oil industry.

CHINESE RATES

Now they have a modern taxicab and bus service in Harbin, junction point on the Siberian Railway in Manchuria. The fares to points within the city are 2 cents, but there is no use in trying to use this as an argument with the taxi driver here.

THE GARLIC SCHEDULE

California gardeners are calling for a tariff of half a cent a pound on garlic. There is a feeling that we should be protected from the pauper garlic of foreign lands. Our garlic will make a strong bid for this recognition. The Senators can hardly help but recognize it.

OUT OF THE DEEP

King George is only an uncle of King Alfonso, but the English and Spaniards are all brothers since a British warship salvaged the heroic Spanish flyers from the deep after they had virtually been given up as lost. The incident carries an emotional appeal that is not lost on the Castilians.

MUCH MARRIED

Husband is seeking a divorce on the ground of the wife's misrepresentations. He says that she told him she had but two husbands before he came on the scene. Now he learns that she has had nine and is even now casting about for the eleventh. He figures that marriage cannot mean much to a lady of this pattern and he would feel safer off the range.

IMMIGRATION LAWS

Under the immigration schedule which now applies and which President Hoover sought to amend, about the only countries which can gain increased representation in our ranks are Italy and Poland. Most of the others will be pared down. Any immigration law is bound to cause friction, yet it is evident that we cannot open our gates to the wide, wide world. The next step is to apply the regulations and see what happens.

HANDS OFF!

President Hoover has stopped shaking hands for the balance of the summer, and Washington thinks it likely he will forget to start up again in the fall. The nation would applaud a complete abolition of this senseless custom, which takes up the President's time and energy without doing anybody any good. For a couple of decades the President's real duties have been so heavy that the morning receptions have been a real burden, and of late years an almost insupportable one.

THE GOLF WONDER

Last year in the national open golf championship Bobby Jones was tied with Johnny Farrell at 294. This year he was tied with Al Espinosa at the same 294. Last year he was beaten in the play-off. This year he won the tie with ridiculous ease. He has been three times champion in the last ten years and four times as a virtual second. This is a wonderful showing as of an amateur against the pick of the world's professionals. So far the country has never produced a more perfect golf performer than this Bobby Jones of Georgia. There are no weak spots in his game. Yet his best score in the national was the 289 made in 1922, when he was only tied for second place.

GREEN ON ORGANIZATION

President William Green of the American Federation of Labor has frequently furnished valuable material to critics of labor organization methods, but seldom has he uttered anything quite so absurd as his attempted comparison between the Actors' Equity Association and the California State Bar, made in a telegram to President Gillmore of Equity. The incorporated bar of this State resembles a labor union in only the remotest possible degree.

Perhaps the most striking difference is that the State Bar is an organization to prevent illegal and unethical practices among its members, while most, at least, of the unions under President Green's headship are organizations whose officials make it their business to foment illegality, to take unfair advantage, and to try to protect their members from the consequences of criminal and quasi-criminal acts.

No bar association has ever called a strike, picketed the courts, refused to permit its members to do business with particular individuals, hired an "entertainment committee," conducted a sabotage campaign or thrown bombs. No bar association has ever even attempted "collective bargaining" or tried to fix fees. No craftsman is entitled, as of right, to membership in a union on proof of competency to practice his craft—lawyers in this State are automatically members of the State Bar as soon as they pass their examinations.

Green's statement that the actors need an organization is, of course, measurably true, but they already have the kind of an organization they really need in the Motion Picture Academy of Arts and Sciences, which is as different from a labor union of the Equity type as day is from night. "It is difficult to understand," he said, "why your organization is confronted with open hostility and determined opposition from those who know the value of organization and who claim the exercise of that right for themselves." The right to organize and the value of organization may readily be conceded without loss of the right to object to the wrong kind of an organization.

An organization to promote industrial warfare is the wrong kind of an organization, always and everywhere, in the motion-picture business and outside of it. Equity is such an organization. An organization to promote industrial peace is the right kind of an organization; the Motion-Picture Academy of Arts and Sciences is such an organization. It adjusts disputes, redresses grievances, prevents trouble, smooths the way for both actor and producer, sets proper standards for the industry, but makes no attempt to hamper, to restrict or to coerce, or to impose a "closed shop." Its doors swing freely in both directions.

Both Green and Gillmore have called the academy a "company union" in an attempt to disparage it. But it, and not Equity, is truly comparable with the bar associations, medical associations and other organizations of which Green speaks so highly and points to as analogous to labor organizations.

As Miss Lillian Albertson, one of the producers opposed to Equity domination, points out, such organizations "do not tie up industries by strikes, disorganize the life of the community, throw stink bombs nor slug, knife or shoot those who do not join."

President Green will have to think up some other argument or make a total and radical reform of his own organization. His parallel is no parallel at all.

WILLIAM BAURHYTE

One of the leading and in many ways most notable figures in the business growth of Los Angeles passed to the last honors and rewards of a life well spent when the summons came for William Baurhyte, a little more than a year after his retirement from the presidency of the Los Angeles Gas and Electric Corporation.

How much Mr. Baurhyte accomplished during his twenty-five years connection with this important public utility is best evidenced in the expansion and progress made by the Los Angeles Gas and Electric Corporation and the admirable way, due chiefly to his unremitting service and devotion, in which it has filled one of the first needs of an ever-growing metropolis. Next to his own family and his immediate friends, numbering among them the best-known and respected names in the business and social life of the city, the sincerest mourners at his unexpected demise are the hundreds of men and women carrying on the work of the corporation today who knew him and were closely associated with him in the daily routine of his active duties.

No finer tribute is possible for the greatest of earth's leaders than the simple statement that he left behind him the love of the lowliest of those with whom he came in contact among his fellow-workers. That tribute belonged essentially to Mr. Baurhyte in all his human associations. He may well be classified as a pioneer in the new business movement, today sweeping the whole United States, in which the social welfare of the employee is recognized and cared for and the idea that a corporation has no soul is being relegated to darker ages.

With Mr. Baurhyte betterment of conditions for all workers and the knitting of an industry into a social human family had equal weight with keeping a business on a solid financial footing. He, indeed, proved how largely success today in any undertaking rests on the proper adjustment of these fundamentals. And because in addition to a remarkable foresight and appraisal of business conditions he possessed a spirit that reacted instantaneously to the true and beautiful in art and nature, he has left behind him a better record than mere business success, that of adding something to the human happiness of the wayfarers he met or sojourned with along the highway of life.

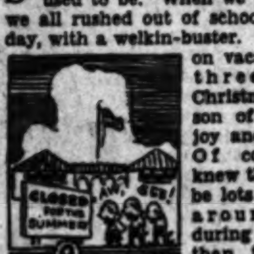
LEGISLATIVE TRICKS

Efforts of Senator Brookhart to restore agricultural debentures as a stowaway in the tariff bill show that juggling is a notable adjunct to modern politics. If there is a bill to increase the pay of letter carriers the President would have to watch and study it lest it also contain a declaration of war against the planet Mars.

The LEE SIDE O' L.A.

BY Lee Shippey

SCHOOL vacations aren't what they used to be. When we were a kid we all rushed out of school, the last day, with a welkin-buster. We looked on vacation as a three-month Christmas, a season of unalloyed joy and freedom. Of course, we knew there would be lots more jobs around home during vacation than there were in the seasons when it was a job to get us up and washed (in front, at least) and partly breakfasted before school time. But there would be no grammar, no 'rithmetic, no long, long days of captivity.



But when the Ourville school closed the other day it was announced that a summer health school would open there one week later—and all four of our twenty-mule-team quartet of boys wanted to get in it, and were aggrieved when informed they were too healthy. They hung around, trying their best to cough and look hollow-chested, but only one was a good enough actor to get admitted. But another summer school started in the Community Church the Monday after grammar school ended, and all four of them crowded in, though they never attend the Community Church the rest of the year. Even the boy who had succeeded in getting admitted to health school couldn't endure a whole week vacation, but trotted along with the others.

School More Attractive Than Home

We suppose it's because school is made so attractive nowadays. Recreation used to be left to the children, now it is assisted, encouraged, made an important part of school life. The whole theory of modern teaching, too, is to attract rather than terrify the child, and encourage his originality rather than make him conform to a mold.

And these summer health schools are a great idea. Through them, many a child whose health otherwise might soon vanish is interested in building himself into strength. His toothbrush is dramatized, the little germ that used to lurk behind his ear, far above high tide so long as the boy did his own face washing, now is hunted to its lair. Breathing and proper exercise and proper rest and healthful food combinations are taught. The county health department, co-operating with the public schools, is operating sixteen of these health schools this summer; but Los Angeles city, strange to say, seems to have decided to get along with only three.

SUMMER SCHOOL OPEN

Getting His Dickens Now

Lee: Evidently the literary Mr. Tunney hadn't read his Dickens as he should, especially the advice of Samuel Weller: "Beware of vidders."
—Constance Reid.

Our Own Samuel Weller

The sort of lady who would demand heart balm in one crisis is likely, if she goes broke later on, to need to have her heart balmed all over again.

Balmy Notes for Balmy People

Many a balmy vacation evening has been followed by a heart-balmy conference in the autumn.

Our Unemployment Problem

Leeside: I've heard some folks talk about unemployment. There's one man in my neighborhood who stands around the corner drug store and harangues about it by the hour.

So I thought if there was so all-fired much I'd get some unemployed man to clean up my yard instead of doing it myself.

I offered the job to the drug-store knocker, but he hastily looked at his watch and said he had to hurry away to fill a speaking date on the breakdown of our social order.

He said he'd be too busy for weeks to take on a single other thing.

I called up an employment agency and they said they'd put my application on file, but the waiting list was rather long.

I pleaded with a bum who came to my door asking for a "cup o' coffee and a piece o' bread" to accept the temporary situation, but he said something about him was very lame. His excuse, I suspect.

The Foreign Menace

All those men had been 100 per cent Americans. I had tried to see Americans first. But at last I had to interview a Japanese gardener. He pulled out a notebook and looked over several pages.

"Can do next Thursday," he said. "Five dollar day."

"But I need you only about two hours."

"Too busy. No can do less than half day. Half day $3. Whole day more better for you."

So I paid him $3 for four hours' work, and as I came home that evening saw him finishing up a job on the yard of the lecturer on unemployment, from whom he had earned another $3 that day.

But it was well worth the money to the latter. It suggested to him a corking new speech on the way foreign workmen, especially Mexicans and Japanese, are taking the bread out of the mouths of American labor.
—X. N. Yorker.

A QUEEN OF THE MAY POLE

This country is a melting pot all right. Miss Leocaditska Abratowski, niece of Stanislaus Pawlowski, is leaving Illinois on a trip to the old family home in Kolaczyczeko as a result of winning an American beauty contest. She expects to have a good timesky.

ATTEMPTING THE IMPOSSIBLE

By James J. Montague

New York's Police Commissioner has ordered traffic policemen to be courteous

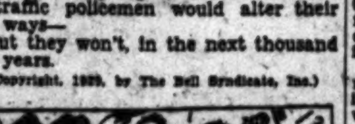
If a traffic policeman should ask you to halt
In a tone that was far from acerb
And observe: "I beg pardon, I may be at fault,
But I wish you'd pull up to the curb.
Of course, in the case of a wrongful arrest
To the court you may promptly appeal,"
You might look him straight in the eye and protest,
But you'd probably faint at the wheel.

If a traffic policeman should say: "I'm afraid
That you drove your car past a red light,
And you may be in need of an oculist's aid—
Correct me if I am not right."
You might be convinced for an instant or two
That your vision was just a bit hazy
And that passing the light was a fool thing to do;
But you'd probably think he was crazy.

If a traffic policeman should follow your car
And when he had caught you at last
Remark:: "It may be I am going too far,
But I fear you were going too fast."
Perhaps you might say you were keeping the pace
Set by all the cars on the block,
But observing a smile on the officer's face
You would probably die of the shock.

If traffic policemen should all turn polite
And be gentle and kindly and bland,
The whole population would think with affright
That the end of the world was at hand.
And motorists mostly would sit in a daze
While attempting to credit their ears.
If traffic policemen would alter their ways—
But they won't, in the next thousand years.

(Copyright, 1929, by The Bell Syndicate, Inc.)



WHAT OTHERS THINK ABOUT IT

NOT AT BOULDER DAM

(San Francisco Chronicle)

This time the government in business intends to use business sense. The government intends to get the power phase of Boulder Dam off its hands in the shortest possible way. This way is to sell the power in the water at the crest of the dam and let the buyers take the grief of manufacturing and selling the electricity.

This policy of keeping government out of the business that belongs to private enterprise goes beyond Boulder Dam. The Secretary made explicit an intent to apply the same principle to other national irrigation and flood-control developments where power is a by-product. So far as this administration is concerned the government is not going to embark in the electricity business if it is avoidable.

This is a blow to the faddists who would start by putting the government in the power business and wind up, probably, by having it make our tooth paste and deliver our milk.

But this policy is strictly consistent with everything Mr. Hoover said about the relation of government and business in his campaign for election. And it stands out against the background of the horrible muddle made by the government in the test of its power business ability at Muscle Shoals.

There is to be no such muddle at Boulder Dam. Fortunately Congress left to the discretion of the Secretary of the Interior the question whether the Boulder power should be sold in the water or should be extracted in a government plant and distributed to consumers. The Secretary, who has discretion and has the discretion of the President behind him, is going to wash his hands of the power as it goes over the crest of the dam.

Thereby he rids himself of a peck of troubles and reduces the cares of government to the one item of collecting the price of the water energy sold.

TRADE AND RECOGNITION

(Christian Science Monitor)

The assertion is made that the soviet government hopes, as a result of far-reaching business associations, that its endeavor to secure political recognition from the government at Washington may be materially assisted. Probably this is true. It would be highly improbable that intimate and extensive business relations between the two countries should not exert some influence upon the political attitude of the Federal administration. If American business men find Russian officials straightforward and honorable in their business dealings, they will naturally attempt to impress upon Washington the theory that honor and good faith in political relations may likewise be expected. But if they find that their customers, while professing good faith, are seeking to undermine them and to overthrow their business, as the soviet government, through its relationship with the Third Internationale, steadily plans to overthrow the governments for which it professes friendship, the whole association will go down, destroyed by such evidences of bad faith.

More important than the question of the repudiation of the Russian debt, vastly more important than the form of government which Russia elects to maintain for its own purposes, is the question of the determination of Russian leaders to foment what they call the world revolution and to bring down friendly governments in the same chaos into which Russia fell.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Legislative Absurdities

LOS ANGELES, July 3.—[To the Editor of The Times:] Your cartoon of this morning's paper and your recent editorials asking us to teach children to respect the law are all very well, but they do not answer the most perplexing problem of the good citizen today: How shall one teach respect for the law when he knows that so many laws are not worthy of respect?

In saying this, I am not thinking of the Eighteenth Amendment and the Volstead Act, for everyone must respect these as an honest effort to improve our political and social conditions, even though he doubts the wisdom of passing such legislation. I am thinking of the laws forced through our legislatures by fanaticism—frantic ignorance, afraid that it will learn something—such as the laws passed against the teaching of the theory of evolution in several States. I am also thinking of tyrannical laws like those that forbid divorce on any grounds and those which make it a crime to play golf or go fishing on Sunday. And also the laws inspired by jealousy, which include some of our trust-busting legislation, and the silly laws like those regulating the length of hotel bed sheets and forbidding the shooting of rabbits from street cars.

It will be easier for us to respect the law when our legislative bodies cease to be swayed by organized minorities (those organized by greed, fanaticism, exhibitionism and other unpleasant traits of human nature) and pass only such legislation as they can respect themselves. When our lawmakers show more respect for lawmaking we will all show more respect for the law.

EDMUND SHAW.

Who Is the Christian?

LOS ANGELES, July 3.—[To the Editor of The Times:] Judge Hahn, in a speech on law enforcement, last Sunday in the Hollywood Bowl, said, in part: "Our jails shelter 14,000 criminals, and those who will, in a large measure, take their places in the future are in our public schools today."

It was a startling statement, but true nevertheless. While he did not intend it as such it is one of the best reasons for placing the Bible in the public schools. It is the great textbook of Christianity. Christians are not found in our jails.

"So shall my word be that goeth out of my mouth. It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Isaiah 55:11.

God proposes, and is able, to take care of the Bible. Those who oppose His sending it into the schools are simply afraid that, in prospering His word, He will not favor their particular creed. If they were certain He would do so they would shout the loudest and longest for it to be read.

Fourteen thousand souls at stake. They seem to say, what is that to us. If we cannot be permitted to teach them our creed to the exclusion of all others, we prefer to see them become criminals.

L. V. SHEPHERD.

"Man, Proud Man . . ."

SANTA MONICA, July 4.—[To the Editor of The Times:] The subject of Charley Dawes's silk breeches (or lack of them) has produced much discussion and newspaper comment, serious, silly and humorous; even our good friend and philosopher, Will Rogers, has thought it not unworthy of his witty pen.

If our dignity abroad rests upon a basis of pants vs. trousers we are in a bad way, indeed.

Millions of American men and women disport themselves daily in short pants, knickerbockers, plus fours, walking breeches or "what have you," of all shapes, sizes, patterns and materials, yet nothing the less is thought of them.

Why then should it be so ridiculous for an American Ambassador abroad to conform to an age-old court custom in the matter of silk breeches?

If we demand that our Ambassador must declare his American independence sartorially, why not refuse to wear the dress suit altogether, which is not an American invention, as some writers would appear to think, or, better still, go without his socks like the late lamented Jerry Simpson of undying fame.

D. R. DUPUIS.

On the Other Foot

EL CENTRO, July 3.—[To the Editor of The Times:] A writer in yesterday's Times claims that Germany kept her armies in France till the debt was paid, but that was only a reasonable amount.

Germany has paid ten times as much as France paid her in 1870, and still they demand $25,000,000,000 more.

If the European nations had demanded full reparations of France after Napoleon had devastated and laid half of Europe waste, France might be paying yet.

S. P. SORENSEN.

Hill Moved Into Swamp

Moving a hill into a swamp was accomplished in a short time in Germany recently by the use of a huge traveling crane mounted on tractors. The crane had two swinging arms that lifted the soil from the slope and deposited it into the wet ground.

HE TRUSTED GOD

By The Foothill Philosopher

"Pahdon me, suh, but is we on Broadway?"

Through the din of traffic the soft accents penetrated my consciousness, like an echo from the old South. One of the old-fashioned colored brethren he was, between 50 and 60 years of age, white-haired and faltering in his footsteps, but with a good-natured grin on his ebony face and eyes that reflected the light of his soul.

"Yes," this is Broadway. Where are you going?"

"To de bank, between Thud an' Fo'th street. You goin' down dat way? Thankee, thankee! Sometimes I still gits mixed up a little downtown, 'cause I seldom comes to de heart o' de city. Had to come down today, though. Got to draw a little money to do me ovah de Fo'th of July. Want to give de chillun a little celebration."

"You have a family, then?"

"Well, I has an' I hasn't," he replied. "It ain't my fam'ly, but it is, too. My remediate fam'ly's all gone, includin' de wife—bless 'er saintly heart! But ye see my brothah died here awhile back an' left nine youngsters an' I agreed to do de bes' I could fo' 'em. 'Course I's gittin' old an' don't make much money but I figgers dat de good Lawd allus pervides fer a man an' whoever is 'pendent on 'im. Here's de bank! Dis is de place! I comes here ever now an' den. I may not look much prosperous an' of course I ain't comparin' myself wid lots o' de folks in here, but at leas' I got a bank book. Do you mind makin' out a check fo' me? I can sign my name, but I has a little difficulty writin' out de dates an' amount an' all dat sort o' stuff."

"A checking account?" I asked.

"No, it's one o' dese little books wid a number on it," he explained. "Sabin' account, dey calls it—but what it's called don't make much dif'ence wid me. Not much use to put money in a bank dese days. Man has to take it right out ag'in. Well, I 'spose de Lawd'll pervide. I jes' trustes God an' let's it go at dat. Make out de check fo' five dollahs, will ye?"

He held up a little greasy book so I could see the number and I made out the "check" for him, leaving him to sign his name in a scrawly hand.

"Thankee, mistah, thankee!" he said, beaming as he took his place in line. "I see you's quite a scholah, de way you makes dat little curley-cue at de end of 'July.' Me, I nevah had much schoolin', but I s'pose a man don't need much edgecation unless he's goin' into some sort o' perfession. I ain't s'posed to draw on dis book, but de bank man said I could draw a little once in a while if I needed it. Not much use puttin' money in de bank when a man has to draw it right out. But dem nine kids wants some fishworks an' I hates to have 'em think I's stingy. If dey wants fishworks, fishworks dey shall have, even if dey has to go light on pancakes fo' a few days. Well, I s'pose de Lawd'll pervide—"

As he rambled on, I left the bank, smiling—probably to keep from crying.

"The Lord do so unto me, and more also" if ever again I grumble at my lot in life.

JAMES WARNACK.

WHERE CAN I LEARN

Typing?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

In the June Remington contest for perfect typing the standard typewriter was won by a student of Polytechnic Evening High School, Eugene Stelzer. Stelzer works for the United Parcel Service during the day, and in the evenings he attends the advanced typing class at Polytechnic, 400 West Washington Boulevard.

The instructor in this class, Mary E. Harrison, has had office experience in Chicago and other cities in the United States. She has also taught typing for several years. The work of the class includes rhythm drills, tabulation, legal, dictation to machines, transcribing office practice and international typing tests.

Typing classes at Polytechnic are continuous throughout the year, with the exception of Christmas and Easter vacations, the first week in July and the last two weeks in August. Classes meet Monday, Tuesday, Wednesday, Thursday and Friday evenings from 7 to 9, and students may go as early as 5 o'clock to practice on the machines. There is no charge of any kind. Classes meet in rooms 307 and 311 of the main building, and include all degrees of advancement from beginning drills to 107 words a minute.

SOPHISTICATED WASHINGTON

There is a popular belief that it takes a visitor to appreciate the nation's capital. Which isn't far wrong. Many residents of the seat of government have only been induced to visit many local places of interest because they felt duty bound to show them off to guests. Others have taken in the sights because of hearing the glowing praise of outsiders.

Yet there are thousands of Washingtonians who have never visited the Washington Monument, the Lincoln Memorial, the Bureau of Engraving and Printing and other places of interest. The reason is simple: All these things are at the front door of a Washington resident, yet he never finds time to go. The visitor, on the other hand, does all the rubber-necking he can in the time at his disposal. But whether resident or visitor, no person has been known to regret visiting the show places of Washington—your city, every American's city.

SUSPECT FOUND TO BE "IN" AGAIN

Thomas Harris, Suspected as Forger, at Reformatory

Officers Wondering How He Managed to Get There

Parole Apparently Failed to Keep Him on Outside

Bringing a search of several weeks to an end, the Sheriff's office yesterday located Thomas Van Ness Harris, youthful forgery suspect, in the State reformatory at Ione.

Just how Harris, believed by deputy sheriffs to be responsible for numerous bad checks and other assorted irregularities in dealings with business concerns, contrived to reenter the State institution after having been paroled from there a few months ago, is puzzling Capt. [illegible] of the burglary detail.

Steps will be taken to bring Harris here to face charges, according to [illegible], who yesterday assigned two deputies to ascertain the means by which he affected his apparently voluntary incarceration.

Harris originally was sent to Ione for petty theft and on several occasions since his release forged the name of Clive M. Brook, motion-picture actor, of 722 Camden Drive, Beverly Hills, to checks, according to Sheriff's office reports. He also is asserted to have obtained radios from dealers without payment by paying a small amount down and then moving. Identification of Harris, who has made use of several aliases, was made through fingerprints on one of the assertedly bad checks, according to Stens[illegible].

COMPANY'S PLANES UP ALL TIME

Western Air Express Has One in Sky Every Hour of Day in New Schedule

Western Air Express has joined the ranks of the few air transport companies which have at least one plane in the air every hour of the day and night, according to facts revealed in a new time table issued by the company.

It is also announced that with the inauguration of service between Los Angeles and San Francisco next Saturday planes operated by the company will be flying 7570 miles a day or more than once around the world every four days.

Planes leave Los Angeles for Kansas City every morning at 5 o'clock, arriving at destination at 7 p.m. Eastbound, they leave Kansas City at [illegible] a.m. and arrive here [illegible].

Salt Lake City planes leave here at [illegible] a.m. and 7 p.m., arriving at 1:25 p.m. and 1 a.m. Southbound they leave Salt Lake City at [illegible] a.m. and 9 p.m., arriving at [illegible] p.m. and 6 a.m.

To San Francisco, under the new schedule, planes leave Los Angeles at 8:30 a.m. and 5 p.m. From San Francisco, they leave at [illegible] and 5 p.m. Three hours is allowed for the trip.

There is additional daylight service between Los Angeles and Catalina, Los Angeles and Agua Caliente and Cheyenne and Pueblo.

Western Air Express is to move to its new airport on Valley Boulevard, near Alhambra, next Wednesday.

Latest Airplane Will Get Test

The last word in airplane construction will make its bow to the public tomorrow, at the Metropolitan Airport when a new cabin [illegible] constructed by the Air[illegible] Manufacturing Corporation of [illegible] is given its initial test at 1:30 p.m. Maj. S. C. Parr, [illegible] and chief engineer, will be in charge of the flight and Eric [illegible] will be the pilot.

The plane, under construction for some time, is said to be unusual in its many refinements, among them being the N.A.C.A. cowling used by Capt. Hawks in his recent [illegible] transcontinental flight. It has an unusually roomy cabin designed for transportation with places for seven passengers and is powered by a J 5 Wright Whirlwind motor.

Court Decision in Contest Over Child Delayed

After hearing the last of the testimony, Superior Judge Wilson yesterday took under submission until [illegible] his decision on the motion filed by Mrs. Mary Filer to [illegible] her divorced husband, Kenneth, to show cause why she should not be allowed to have the custody of their daughter, Alice [illegible], 2 years of age.

[illegible] and Mrs. Filer, who figured in a secret marriage at San Barbara several years ago, were divorced, the decree being granted to [illegible]. He also was given custody of the child.

At the hearing on the motion [illegible] gave a dramatic recital [illegible] had been held against [illegible] in a religious institution [illegible] City and was unable to come to Los Angeles to fight for her [illegible] at the time of the divorce action. [illegible] told Judge Wilson that she escaped from the institution.

REALTY CLASSES

[illegible] of the keen interest displayed by real-estate brokers and [illegible] the University of California extension division course on "Real Estate Principles and Practice," Ivan A. Thorson, [illegible] of the course, announced that it will be divided into two sections, one to meet on Monday [illegible] the other to meet on [illegible] at the Hillstreet [illegible] South Hill street.

ANNE HANIFY CREW GETS INTO HARBOR

Tug Brings Capt. Laddart and Twenty-three Men of Wrecked Steamer

Capt. Frank Zaddart, 68-year-old master of the lumber steamer Anne Hanify, and twenty-three members of his crew arrived at the port yesterday morning aboard the Red Stack tug Sea Rover, following abandonment of the wrecked Anne Hanify, lying broken and waterlogged on a sand spit in Honda Bay. Those of her crew returning on the Sea Rover left their stranded ship by her own lifeboat, while two others were taken ashore Thursday night in a Coast Guard breeches buoy.

Capt. Zaddart and all members of his crew were high in their praises of the ability of Boatswain Theodore Roberge and the crew of the Golden Gate life-saving station of the Coast Guard, from San Francisco, who successfully shot a line more than 4000 feet to the wrecked Anne Hanify from atop the 500-foot cliffs of Point Honda. The breeches buoy gear was rigged from this line in record time by the Golden Gate crew, said Capt. Zaddart.

Capt. Zaddart explained yesterday that the Anne Hanify lost her bearings in a "pea soup" fog off Point Honda on the morning of the 2nd inst., and thus ran aground. Loss of her rudder at first grounding, said Capt. Zaddart, prevented her being worked clear.

The 235-foot wooden vessel, built in 1920, was valued with her lumber cargo at approximately $170,000.

BANK THEFT WARRANTS NAME TWO

E. A. Nelson Accused With Le Roy Coffman of Being Participant in Hold-up

Warrants for robbery were issued yesterday against Le Roy Coffman, 25 years of age, and Edward A. Nelson, 30, who police charge were the men who held up John Maharg in the Bank of Italy branch at 5123 West Adams street, Tuesday and escaped with $2000.

Mrs. Marie Sterling, who was arrested as the driver of the car in which the bandits escaped, is being held in the County Jail. Her arrest came two hours after the hold-up, when detectives trailed her to 1643 Orange Grove avenue through the license number on the roadster she drove.

Coffman is described as 5 feet, 8½ inches tall, weight 156 pounds red face, dark hair and his left hand is larger than his right. Nelson is 5 feet, 11 inches tall, weighs 150 pounds, round face, pug nose, light complexion and blonde hair.

The men obtained the money after they handed Maharg a note asking for $15,000 and containing the threat that the bank was covered with a machine gun.

WILD WEST ROLE LEADS TO CAPTURE

Man Wanted for Wounding Another in Row Tries to Shoot Lock from Door

Wild west tactics led to the capture early yesterday morning of Robert Ocana, alias Robert Shaparo, 19 years of age, who was captured by Detective Lieutenants Romero and Torres at his home, 4621 Gleason avenue, and charged with assault with intent to commit murder.

Ocana, the detectives declare, was one of three Mexicans in a shooting brawl at midnight Thursday near Utah and Kearney streets, which was the outgrowth of a quarrel over liquor.

Christopher Silva, 22 years of age, victim of the shooting, is in General Hospital with a bullet wound through his left lung and right arms. His condition is critical.

A few hours after the shooting Ocana, or Shaparo, went to the home of Mr. and Mrs. Jessie Benevente, 109 North Utah street, and fired half a dozen shots into the front door lock in an effort to gain entrance, police charge. It was this act that led to his arrest.

He denies shooting Silva.

Rudell Heath Faces Return Trip to Texas

Steps are being taken to return Rudell Heath, 21-year-old girl, to her mother's home in Texas if the forgery charges now pending against her are dismissed, her attorney, S. S. Hahn, told Municipal Judge Ballard yesterday. Miss Heath was sent back to her mother, Mrs. Alta Heath at Houston, Tex., last year, but the effort failed to stick, the girl being arrested in Phoenix, Ariz., before she reached home.

By stipulation, part of the girl's hearing on the forgery charge was held before Judge Ballard yesterday. Ethel Mason, an employee of the Los Angeles Investment Company, whose name Miss Heath is asserted to have forged to three small checks on May 19, 1928, testified she does not know Miss Heath and did not sign the checks.

CLOSING HOURS CHANGED

Effective the 8th inst., Sears, Roebuck and Co.'s four local retail department stores will close daily at 5:30 p.m. instead of 6 o'clock, as heretofore, according to an announcement made yesterday by Col. G. E. Humphrey, regional manager. The Saturday closing hour will be 10 p.m. henceforth instead of 9 p.m. No change will be made in the opening hour, which is 9 a.m. every day, including Saturdays.

DELAY GRANTED IN RAID HEARING

Police Commission Will Hear Debate the 12th Inst.

Anti-Saloon League Lawyer Asks for More Time

Each Side to Get One Hour in Warrant Fight

More time in which to present arguments, legal and otherwise, against the Police Commission's order to the police department against searching homes for liquor without warrants was sought by and granted to the Anti-Saloon League interests yesterday by the commission, which set the 12th inst. as the new date for the hearing.

Dr. S. T. Montgomery, head of the Anti-Saloon League of Southern California, who had arranged for yesterday's special session for the hearing, was accompanied by Ben F. Geis, counsel, and A. H. Briggs, superintendent, of the Anti-Saloon League of California.

HOUR FOR EACH SIDE

Present to give argument in support of the Police Commission's order were Attorney George Rochester, member of the State Legislature; Attorneys Saul S. Klein and Lew Head as taxpayers, and Clinton J. Taft, director of the Civil Liberties Union of Southern California. Each side had other supporters in the audience.

Acting President Gollum opened the proceedings by stating that each side would be given an hour to present arguments, after which each could submit written arguments later for the commission to study before it takes action either for or against reconsideration of its order.

Attorney Geis suggested that the matter be disposed of all at one meeting. He said the matter all is new to him and that he desired more time than one hour in which to present his case. He stated that as one man's opinion his is that the order is obsolete and void not only under the State Constitution but in the opinions of the State courts. He asked a week or ten days in which to prepare and present what he considers to be the law on the subject.

EXTENSION VOTED

Gollum said he requested Dr. Montgomery at last Tuesday's meeting of the commission to fix a date on which he would be ready to present arguments, and that yesterday had been chosen. Dr. Montgomery declared he did not personally ask for yesterday as the date of the hearing, but that when the commission set the date he did not differ from it.

The commission decided to go into executive session to consider setting the hearing over and a recess of three minutes was taken. When the members reassembled Commissioner Pierce moved, seconded by Thorpe, that the hearing be arranged for on the morning of the 12th inst. The motion carried unanimously, and the Anti-Saloon League representatives appeared satisfied with the extension of time.

Denny and His Bride to Sail on Honeymoon

The honeymoon of Reginald Denny, film actor, and his bride, the former "Bubbles" Steiffel, which terminated suddenly following a call from the studio subsequent to their marriage on November 24, last, is to be resumed.

The actor is to complete his contract with the Universal Pictures Corporation by next Friday. A new three-year agreement financed by English bankers was recently consummated by Denny and is to become effective August 1, next.

REGINALD DENNY

Under the terms of this contract the actor is to make four feature all-talking productions each year, two to be made in Hollywood and two abroad, Denny to receive approximately $150,000 remuneration per picture.

MRS. REGINALD DENNY

Pending the selection of a studio and story by his manager, Vernon Wood, the actor, accompanied by Mrs. Denny, will embark for Honolulu to resume their honeymoon.

Stepin Fetchit, Negro Actor, Sued for Balm

Stepin Fetchit, negro film comedian, who was married June 27, last, yesterday was sued for $100,000 breach of promise by Yvonne Butler, 17-year-old negro girl. She charges that the defendant, whose real name is Lincoln Theodore Perry, deceived her under promise of marriage and finally cast her off.

The plaintiff asserts that the film actor on October 31, 1928, promised to marry her on November 28, following. On the latter date, she says, he insisted on postponing the wedding for a month and finally, on December 28, last, refused absolutely to enter a marriage contract.

The suit, which was prepared by Attorney Charles W. Cradick, sets the damages suffered by Miss Butler at $100,000. Superior Judge Yankwich, on petition of Attorney Cradick, yesterday appointed Althea Weston, the plaintiff's mother, as her guardian pendente litem, the girl being a minor.

Coulter Dry Goods Co.

FOUNDED in 1878

Store Open for Business All Day Today

Girl's Blocked Linen Ensembles $10

Little girls acquire "grown-up" chic in these gay new ensembles! Two piece styles for summer, beach and sportswear.

Dresses of plain white linen are sleeveless, with linen jackets of the same, blocked in brilliant color combinations.

Kimono sleeve or sleeveless, V, round and square necklines; white or flesh colored. Buy them for gifts, for yourself, for your guest room.

(Fourth Floor—Coulter's)

COURT DELAYS USURY TRIALS

Judge Bogue Cited in Order of Supreme Bench

Legal Status of "John Doe" Warrants Questioned

Defendants Say True Names Known to Prosecutor

An order was on file in the State Supreme Court here yesterday directed to Municipal Judge Bogue and the Municipal Court of Los Angeles, to appear before the Supreme Court here on September 3, next, to show cause why complaints against Herman Gutterman and E. M. Hackel, Julian usury-case defendants, should not be dismissed.

The order is based on a petition filed with the Supreme Court by attorneys for Gutterman and Hackel, who contend that the complaints against their clients are void because they were issued under the name of "John Doe," when their true names were known to the City Prosecutor and his aide. The newspaper publicity given the defendants during the trial of the Julian case is assurance that they were known to the prosecutor's staff, it is contended.

TRIALS DELAYED

Gutterman and Hackel were scheduled to go to trial in Municipal Court on the 16th inst., but trial date will be set over as a result of the issuance of the Supreme Court order.

The petitions for writs of mandate point out that during 1926 and 1927 Gutterman and Hackel had dealings with Jack Bennett, Julian Petroleum Corporation, A. C. Wagy & Co., and S. C. Lewis. It was out of these transactions that the present complaints grew, it is argued.

DISMISSAL FAVORED

After the Julian Petroleum Corporation went into the hands of a receiver, a settlement was effected with regards to the asserted usury and the receivers recommended dismissal of the complaints.

Both defendants, their petitions state, were under the impression that the complaints had been dismissed.

Warrants for their arrest were void, it is claimed, because neither is named John Doe.

It was revealed that approximately 145 complaints charging usury were issued out of Municipal Court in 1927 as an outgrowth of the Julian case and that a majority of these actions are pending.

Charges Filed Against Youth

Donald A. Murdock, 18 years of age, asserted "boy friend" of Rudell Heath and her sister, Bernace, yesterday was charged with three counts of robbery and one of grand theft in a complaint issued by Dep. Dist.-Atty. Broker.

Murdock is asserted to have held up two oil stations and a candy store and to have stolen an automobile.

CHILEAN PRESIDENT ASKS HEALTH DRIVE

SANTIAGO (Chile) July 5. (AP)—President Ibanes has proposed the investment of 50,000,000 pesos (about $6,000,000) in public hygiene activities. Of this amount 20,000,000 pesos would be devoted to a campaign against tuberculosis and cancer.

NEGRO SPIRITUALS

I must not forget to tell you the most humorous thing that ever happened in our family. Nora and I are invited to luncheons, teas, and dinners, so we have discovered, not because we are beautiful, wise, rich, or gifted, but because we are reputed to sing so delightfully together! I hardly expect you to believe it, for you know our repertory of old plantation melodies, negro spirituals, and Spanish folk-songs. We were never asked, never, indeed, allowed to sing in our native land, at least to "company," yet here we are led to the piano and begged to honor guests with some of our quaint American songs. We have a little upright piano in our sitting-room and enlarge our collection daily, singing everything from memory, as has always been our habit.

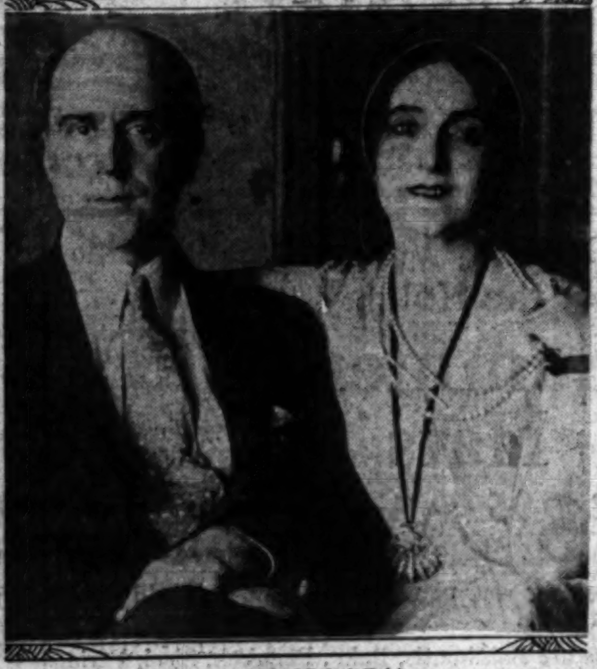
One evening at a diner at Lord Dunedin's we were asked if American ladies sang! We acknowledged that we could sing old plantation melodies and the like, and went to the piano. We were not self-conscious, for many of our good friends were there. There was Henry Johnstone, known as "Scholar Johnstone" at Oxford—a . . . lover of boys and a wonderful master at Edinburgh. Rev. Cameon Reid of St. Giles's was there—you will hear much of him from us—and Rev. Hugh Black of Free St. George's, perhaps the most admired, discussed, and loved of all the younger ministers in Scotland. There was Mrs. Sellar, the belle of every dinner, even at seventy years; Miss McLeod, daughter of the famous Dr. Norman McLeod, Queen Victoria's favorite preacher; James Cadenhead and Robin Lorimer, both well-known painters, and several others.

To our surprise they loved and demanded a second hearing of "Nelly Was a Lady," "Doan' You Cry, Ma Honey!" "Swing Low, Sweet Chariot," and "Lubly Melinda" (your favorite!) We thought of you when Mrs. David Masson, wife of the noted professor at Edinburgh University, leaned forward and said: "Do sing it again! Melinda is such a gay little name!"

"I doan' want to stay here no longer!" so full of the indescribable pathos and . . . yearning of negro music, brought Hugh Black to the piano, with a request for its repetition. "Dem Lubley Little Courtin's by de Door" received special applause and at the end a grave and distinguished doctor of philosophy asked: "Do I understand that this—this—custom is common in America?" I laughed and answered, "I thought it was practically a universal custom, sir!"—[From "My Garden of Memory," by Kate Douglas Wiggin.

A professor on the Continent is able to read and write in 200 languages and dialects.

Fame Gained as Ballet Creator



Mr. and Mrs. Michel Fokine

NOTED DANCE MASTER HERE

Russian and Wife Arrive for Performances at Hollywood Bowl Next Month

Michel Fokine, dancer and ballet master of international repute, arrived in Los Angeles yesterday for his first glimpse of the Pacific Coast. He was accompanied by Mme. Vera Fokine, his wife, who also is a dancer, and they made the trip here from New York to give two performances in the Hollywood Bowl in August. In the meantime, both of them will be hard at work in preparation for their programs.

"I cannot work with a ballet that does not know my principles," said Fokine, "so I shall open a master class to train forty dancers for the Tannhauser ballet on August 16, next, while Mme. Fokine devotes herself to preparation for our program of divertissements for the evening of August 9. We have seen the Bowl since our arrival this morning and think it a wonderful spot."

DID SOMETHING DIFFERENT

Fokine, who, for fifteen years was ballet master of the Imperial Ballet of Petrograd before the Russian revolution, achieved his fame as a dancer and creator of a new conception of the ballet only after years of struggle and opposition, and today his principles are the ones used in most ballets.

"I was hardly more than a boy," he said, "when I rebelled against the old-established conception of ballet and made up my mind to do something different. I was not known and all I could do was to jump high and do a fairly good twirl in the air. And I had a lot of nerve."

LAUDS AMERICAN GIRLS

With this equipment he set out to break down traditions, prejudices and rabid opposition with the result that he finally carried out his reforms and laid the foundation for the modern Russian ballet. Unity is his cardinal principle. That is, unity of motion, color and music, which serves to interpret his themes with a human touch. He also feels that this principle has opened the way for the development of other arts as well, such as painting, costuming, designing and the like which were ignored totally in the old type of ballet.

Twenty years ago when Fokine started his revolt against the old traditions, he said, he discovered that it took great courage to do something new and modern. As things have progressed, he now finds that it takes great courage not to be modern and he finds himself feeling personally responsible for many of the atrocities that have been committed in the name of the modern dance.

Fokine conducts a dance studio in New York City and he says that he finds American girls good pupils.

OLD-TIMER SUCCUMBS

POMONA, July 5. — Allan W. Towne, 57 years of age, for forty-one years a resident of this city, and one of the early pioneers who developed the citrus industry in the Pomona Valley, died this morning at his home, 1680 Washington street, following an illness complicated by pneumonia. Born in Bethel, Me., on August 4, 1871, Towne settled in this city with his mother in 1888 as a boy of 16.

DON'T UNDERSTAND US

In traveling about Spain we come across many people who speak English. But the odd thing is that we have a hard time understanding them. They may talk English—but they certainly don't talk American. At first we thought these were English people who had settled in Spain—because they used the ultra-English broad accent and the English slang. Finally we found the answer. These are native Spaniards, but they learned to speak English from English teachers and hence they adopt all the oddities of the English style of speech.

One day in a restaurant in Madrid we were amused at two men who were trying their best to speak English to each other. They were strangers who had just happened to meet and wanted to exchange travel experiences. But they were making a laughable mess of it. I joined in the conversation, to help them out.

I soon discovered what the trouble was. One of them was a Vienna man who had learned his English from a Jewish teacher. The other was an Italian and he had learned his English from a Scotchman who was living in Venice. The result may be imagined. One of these men spoke with a decidedly Jewish accent, while the other used a rich Scottish brogue. Each one thought he was talking perfect English, but each found it almost impossible to understand the other.

In short, after knocking around Europe and hearing all sorts of people speak what they suppose is good English, I have concluded that there are almost as many kinds of English as there are people. Americans in Europe, as a rule, betray themselves by their sharp voices and a sort of drawling, lazy accent. This is not noticeable at home, where everybody speaks the same way—but it is much in evidence when they visit the Old World.—[Pathfinder.

Change in Words' Meaning

The words flotsam and jetsam, by present usage, travel together and are accepted as meaning practically the same thing, but formerly there was quite a difference between them. "Flotsam" is indirectly derived from the Latin "flottare," meaning to float. Flotsam, in the words of Lord Coke, is "when a ship sinks or otherwise perishes, and the goods float on the sea. "Jetsam" is derived from the Latin "jactare," meaning to throw. Jetsam, to quote Coke again, is "when goods are cast out of a ship to lighten her when in danger of sinking, and afterward the ship perishes." In other words, flotsam was swept from the ship while jetsam was thrown overboard by the crew.

The United States makes 80 per cent of the world's great motion-picture output.

FLAMING YOUTH COOLS OFF

High School Pupils Growing More Serious Now, Christian Endeavor Session Hears

KANSAS CITY, July 5. (AP)—The youth of America in high schools are getting over their jazzy views of life and are doing more serious thinking than some of their parents, Rev. Frank D. Getty of Philadelphia today told delegates attending the international convention of Christian Endeavor.

"One youth told me the other day that boys and girls as he knows them observe that carrying of hip flasks by men does them no good," he continued.

Mr. Getty is young peoples' secretary of the Presbyterian Church in the United States of America.

Evangelism of sorority and fraternity groups also was recommended by the speaker.

Substitution of the gospel for other world news was sought by Dr. F. G. Coffin, Columbus, (O.) editor of the Herald of Gospel Liberty. "The world is news-bent on politics, finances, sports and scandals," he declared.

Dr. Daniel A. Poling, New York, president of the organization, declared in favor of modern women's dress, in a question and answer period. He said short dresses are more sanitary.

GERMAN FORGERS' TRIAL HINTS OF FORD DEALS

BERLIN, July 5. (AP)—Testimony that Henry Ford, through a New York attorney, paid Peter Pavlonowski $7000 for documents to be used in the suit brought against Ford by Heeman Bernstein was presented at today's hearing of the trial against Vladimir Orloff, Pavlonowsky and several others accused of forging documents.

Paul Siewert, German secret agent, testified that Boris Brasol came to Berlin in 1925 to negotiate with Pavlonowsky, who furnished him with much material. Some of the documents he thought were genuine, while others were falsified. He expressed belief that the fabricated material came from Orloff.

Among the documents was one signed by the head of the foreign department of the Gaypayou, or secret police, whose signature also appears on one of the documents included in the so-called Borah letters subsequently shown to be false.

The Prussian Minister of the Interior today declined to issue permission to police officials to testify in the Orloff case.

ELKS TO AID AT CHURCHES

Many Visitors Will Take Part in Services Either as Speakers or as Part of Audiences

Prominent representatives of the Benevolent Protective Order of Elks in Los Angeles for the national convention of the Antlered Herd next week, will participate tomorrow at services of exceptional interest to be conducted at various churches, while scores of ministers will devote at least one of their sermons to the discussion of charity, a virtue especially emphasized by the Elks.

Dr. John Dysart, grand chaplain of the Order of Elks in America and rector of St. Paul's Church at Flint, Mich., will be the guest preacher at St. Paul's Cathedral tomorrow morning. In the evening Dean Harry Beal will preach on "When Faith Plays."

A mass meeting for local and visiting Elks and their friends will be conducted tomorrow evening at First Methodist Church. A chorus of 150 trained voices has prepared special anthems and chorals in honor of the B.P.O.E. national convention. Brief addresses will be given by noted orators of the order and Dr. E. E. Helms will preach on "The Greatest of These is Charity." At the morning hour Dr. Helms will tell of his experiences while on a recent tour of Virginia and New England.

DR. HAROLD GRIFFIS

"The Three Arch Enemies of Human Happiness" will be discussed by Dr. Harold Griffis at Wilshire Boulevard Christian Church tomorrow at 11 a.m. At 9:45 a.m. Frank G. Tyrrell will address the Community Bible Class on "Education by Disaster." At the evening hour Pedro M. Blanco, Filipino orator, will give an address on "What American Democracy and Missions Have Accomplished for the Philippines." Music will be furnished by the orchestra of the Los Angeles Filipino Christian Church.

REV. J. W. BROUGHER

Members of Temple Baptist Church tomorrow will welcome Rev. J. Whitcomb Brougher, Jr., who will supply the pulpit in the morning and evening. The sermon topics for morning and evening are, respectively, "Through the Mountains and Valleys of Life With Christ" and "Hitting the High Spots." Mr. Brougher, who is pastor of First Baptist Church at Glendale, is the son of Dr. J. Whitcomb Brougher, who was pastor of Temple Baptist Church for sixteen years. The evening service will be featured by an organ recital by Dr. Ray Hastings and solos by Ada A. Pillow and Lawrence R. Lehigh.

CHRISTIAN SCIENCE

"God" is the subject of the lesson-sermon for tomorrow at all Churches of Christ, Scientist, of Los Angeles, branches of the Mother Church, the First Church of Christ, Scientist, in Boston. All Los Angeles branches conduct Sunday services at 11 a.m., and some of them repeat their services at 8 p.m. On Wednesday evenings meetings are held at which testimonies are given of Christian Science healing; and Third Church of Christ, Scientist, conducts additional testimonial meetings Wednesday, at noon.

MRS. LEILA CASTBERG

"Breaking Your Bondage" is the subject of a lecture to be given at Belasco Theater tomorrow morning by Mrs. Leila Castberg, pastor of the Church of Divine Power. A song service, with Morris Stoloff as violin accompanist, will precede the address. Sunday-school will be conducted at 9:30 a.m. at 2828 Reservoir street.

DR. HUGH WALKER

"The Cause and Curse of Discouragement" will be discussed by Dr. Hugh K. Walker tomorrow morning at First Presbyterian Church. The sermon subject for evening is "Militant Stars and Soldier Saints." Beginning at 7:15 p.m. a musical program will be given which will include organ numbers by David Wright and selections by the First Church Quartet.

REV. PAUL CARTER

The first Communion service to be conducted by Rev. Paul C. Carter, new pastor of West Hollywood Baptist Church, will be observed tomorrow morning when Mr. Carter, will preach on "A Pledge of Faith." In the evening Mr. Carter will preach on "What is Duty?"

REV. E. D. GAYLORD

The motion-picture "King Lear" and a sermon on "Gratitude" by Rev. E. D. Gaylord will feature the program tomorrow evening at the Church of the Messiah. In the morning Dr. Gaylord will preach on "Rest," the sermon being based on one of Whittier's poems.

REV. CHARLES DRAKE

"Teach us to Pray" is the subject of a sermon to be preached by Rev. Charles R. Drake tomorrow morning at Magnolia Avenue Christian Church. The evening service will be in charge of the King's Daughters. The vested choir of young people will sing at both services.

DR. C. R. HUDSON

Prof. Shirley Shaw of California Christian College will be the preacher at Arlington Avenue Christian Church tomorrow morning, according to announcement by Dr. Charles R. Hudson, the pastor. Prof. Shaw will preach on "The Essential Function of the Church." There will be no evening services at this church in July and August.

DR. G. A. BRIEGLEB

The first of a series of sermons on "Satan, the God of This World" will be preached by Dr. G. A. Briegleb tomorrow evening at St. Paul's Presbyterian Church. The topic for tomorrow evening is "Politics and the Devil," a sermon in which local political and social conditions will be discussed. A feature of the program will be selections by the Detroit Elks Chanters. Dr. Briegleb's serman subject for morning is "Christ Died for Our Sins."

REV. BOB SHULER

"Hearst's war on the Eighteenth Amendment" is one of the topics to be discussed by Rev. Bob Shuler in his sermon on "A Barefoot Boy and An Air Castle," to be preached tomorrow evening at Trinity Methodist Church. In the morning Mr. Shuler will preach on "A Frank Personal Talk as to Trinity's Pastor and the Future."

REV. R. A. HADDEN

The pulpit of First Fundamental Church, 920 South Grand View street, will be supplied tomorrow by Rev. Robert A. Hadden, whose subjects for morning and evening are, respectively, "The Testimony of Christ Concerning Himself" and "Body, Soul and Spirit." Sunday-school will be conducted at 9:30 a.m. and the Christian Endeavor Society will meet at 6 p.m.

DR. BIRNEY HUDSON

"All Enemies Under His Feet," is the subject of a sermon to be preached by Dr. Birney Hudson tomorrow morning at Southwest Baptist Church, Twenty-ninth street and Orchard avenue. A group of new members will be received into the church at the communion service, following the sermon. In the evening Dr. Hudson will preach on "How May We Know Ourselves?"

DR. JAMES H. LASH

The motion-picture "Ice Thrills" and a lecture by George E. Lewis will feature the services tomorrow evening at Hollywood Congregational Church. In the morning Dr. James Hamilton Lash, the pastor, will preach on "The Meaning of Life." The Vacation Bible School is conducted every day at 9 a.m.

DR. THOMAS HARPER

"We hear much about the 'good old days,' but what do people mean by that expression? In what way were the old days better than modern days? Can we look forward to better days in the church, the city and the nation?" These are among the questions to be discussed by Dr. Thomas Harper tomorrow morning at Wilshire Boulevard Congregational Church.

DR. W. E. ROBERTS

The new organ at West Adams Presbyterian Church will be dedicated tomorrow morning, according to announcement by Dr. W. E. Roberts, pastor of the church. A special program of vocal and instrumental music has been arranged for the occasion. William E. Sacket, organist of the church, will open the dedicatory services. At 4 p.m. William Ripley Dorr, assisted by Wilshire Presbyterian Church singers and the West Adams Choir, will give another musical program.

SWAMI DHIRANADA

"Gita's Solution of the Paradoxes of Devotees," is the subject of a lecture to be given by Swami Dhirananda at 11 a.m. tomorrow at Figueroa Playhouse, 940 South Figueroa street. Vocal selections will be rendered by Leslie Brigham. A class on Yoga philosophy will be conducted at the Playhouse next Wednesday evening.

DR. O. P. GIFFORD

The preacher at First Baptist Church tomorrow morning and evening and on the morning and evening of the 14th inst. will be Dr. O. P. Gifford, known among ministers of the Pacific Coast as "The Grand Old Man." Dr. Wallace Petty, pastor of First Baptist Church at Pittsburgh, will supply the pulpit of First Baptist Church of Los Angeles on the 21st and 28th inst.

DR. JAMES GORDON

"How can I Develop Psychic Power Within Myself?" is the topic of a sermon to be preached by Dr. James L. Gordon tomorrow morning at Ambassador Hotel Theater.

CHURCH NOTES

"A Divine Paradox" is the subject of a sermon to be preached by Rev. H. I. Rasmus, Jr., tomorrow morning at Mt. Olive Methodist Church. Dr. Frank Warren, psychologist, will be in charge of the vesper service at 6:30 p.m.

Dr. Bruce Baxter, chaplain of the University of Southern California, will preach on "Intellectual Religion" at Westlake Theater tomorrow morning, supplying the pulpit of All Souls' Church for Dr. C. F. Aked.

Hyde Park Congregational Church, Rev. J. M. Schaefle, pastor. The preachers for tomorrow morning and evening will be respectively, Rev. H. L. Hoyt and Rev. John Hester. At Pico Heights Congregational Church Mr. Schaefle will preach in the morning and Mr. Hoyt in the evening.

Genevieve Behrend, mental scientist, will give a lecture on "David and Goliath" tomorrow morning at 940 South Figueroa street.

The nonsectarian Bible conference at Fiftieth and Figueroa streets now is in its third month and will be continued indefinitely, according to announcement made yesterday. Rev. Nels Thompson will preach tomorrow at 3 p.m. and tomorrow evening.

First Friends (Quaker) Church, 930 West Seventeenth street, Rev. H. R. Keats, pastor. Morning topic, "Life and Knowledge;" Young people's meeting, 6:30 p.m.

Immanuel Baptist Church, Dr. Frank Durham, pastor. Morning theme, "Sure of God;" evening, "Never a World Like Our World, Never a Day Like Our Day."

Dr. William Evans, Bible teacher, will preach at the Church of the Open Door tomorrow morning on "What Happened on the Cross?" and in the evening on "What and Where is Heaven, and Who is There?"

Rev. Murvill C. Hutchinson will preach at Hollywood Christian Church tomorrow morning on "The Verse of Scripture Which All Men Believe."

Dr. William P. White, president of the Los Angeles Bible Institute, will be the preacher tomorrow morning and evening at Vermont-avenue Presbyterian Church.

Highland Park Christian Church, Rev. A. L. Hill, pastor. Morning topic, "A New Name for God;" evening sermon by Dr. Earl Cochran.

Highland Park Lutheran Church, Rev. W. O. Ruehle, pastor. Morning theme, "Understandest Thou What Thou Readest?"

Figueroa Boulevard Christian Church, Rev. F. E. Hagin, pastor. Morning sermon by Rev. P. T. Porter; evening homily by Mr. Hagin.

Mt. Olivet Community Congregational Church, Rev. W. H. Hopkins, pastor. Morning topic, "How Soon Shall We Have the United Church in America?" evening, "Finding the Joy Unspeakable."

Dr. Ernest Holmes, dean of the Institute of Religious Science, will speak on "The Yardstick of Eternity" tomorrow morning at Ebell Club Theater. In the evening, at the Institute headquarters, 2511 Wilshire Boulevard, Miss Helen Van Slyke will speak on "Talking to Satan."

Following is a list of Lutheran churches of Los Angeles, the names of the pastors and their sermon topics for tomorrow: Sunset Boulevard, Rev. B. H. Saager; 10:45 a.m., "The Religion of the Pharisees." Trinity, Rev. A. E. Michel; German, 9:30 a.m.; English, 11 a.m., "Men Vainly Seeking to Enter into the Kingdom of God." Emanuel, Rev. O. E. Theiss; 10:45 a.m., "Christian's Preparedness." El Sereno, Rev. Daniel Coyner; 10:30 a.m., "God Knows." Bethany, Rev. George Witte; 10:30 a.m., "Baptism." Christ, Rev. R. F. Kushnert; German, 9:45 a.m.; English, 11 a.m., "The Religion of the Heart."

Services tomorrow at Ananda Ashrama will be conducted by Sister Daya, who will speak at 3:30 p.m. on "True Self Expression." Another service will be conducted next Wednesday evening at the Ashrama library, 207 Music Arts Studio Building. The Ashrama is at the north end of Pennsylvania avenue, La Crescenta.

"Unity and What it Has Taught Me," is the subject of an address to be given by Dr. Sheldon Shepard tomorrow morning at First Universalist Church. Dr. E. Lee Howard will address the Open Forum at 9:45 a.m.

Edward Spirer will supply the pulpit of Hollywood Lutheran Church tomorrow morning. In the evening the young people will discuss the question "What Made America?" Dr. and Mrs. J. George Dorn are en route to Omaha, Neb., to attend the National Luther League Convention.

Visiting Elks! The seven Convention issues of Los Angeles Times, July 7 to 13, mailed postpaid anywhere in North America, 50c.

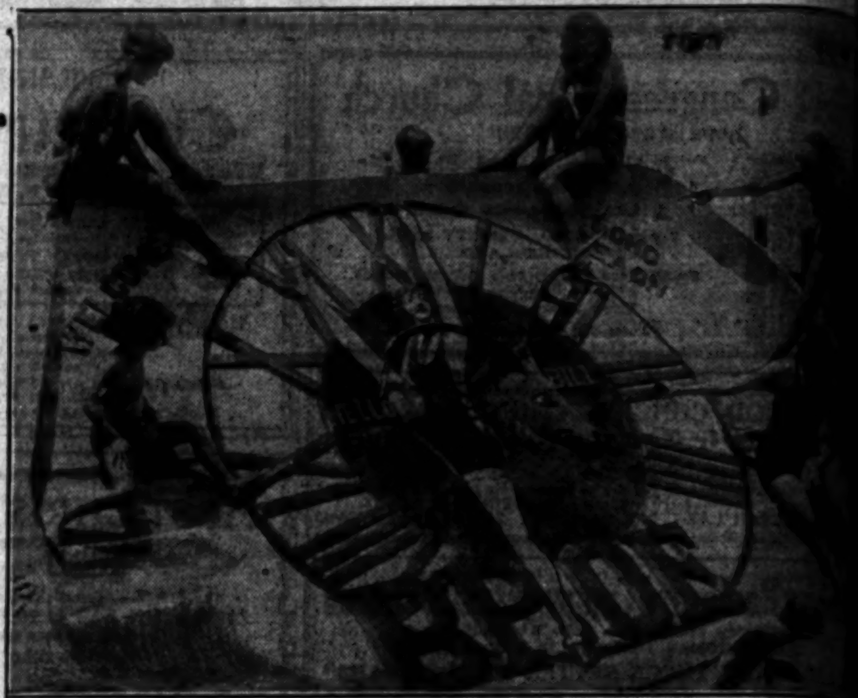
Mountaineers Continue Search for Body of Climber on Mt. Rainier

A Party of Trained Mountaineers Is Attempting to Recover the Body of Forrest Greathouse, one of two men killed when a party of six climbers plunged into a crevasse on Mt. Rainier, Wash., Tuesday. The body of Edwin Wetzel of Milwaukee, Wis., the second victim, was found by guides. The four other members of the party were not seriously injured. Five of the six men roped together when accident occurred are shown above at left, left to right, Greathouse, Wetzel, D. Y. Bradshaw, E. P. Weatherby and L. H. Brigham. At right is a typical Mt. Rainier crevasse. (A. P. photos.)

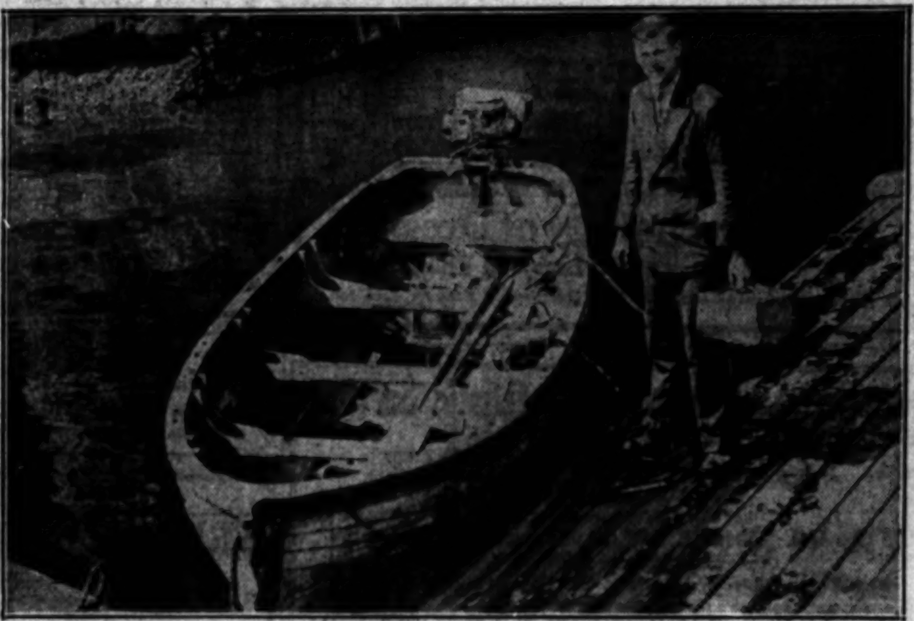


The Strand at Long Beach Has Taken on the Appearance of an Outdoor Exhib art as a result of the efforts of Ross Yost, sand sculptor, who has created a ber of masterpieces in honor of the Elks convening here next week. This given an added attractiveness through presence of Southland mermaids. Powell Press Service.)

Checked Rayon Gingham is proving one of the popular summer materials. This smart ensemble is set off by a clever selection of hat and shoes. (P. & A. photo.)

Trying a Comeback, Frank Tinney, once Broadway's favorite comedian, has signed to appear in an act at a boardwalk night club at Atlantic City. (A. P. photo.)

Just What Happened to W. H. Elliott, East Orange (N. J.) banker, during the six days he was missing is more or less of a mystery to police checking his story. (P. & A. photo.)



In a Sixteen-Foot Open Boat Equipped With a Second-Hand Outboard Motor, David G. Turner, 23-year-old Norwegian, set out from Boston the other day on a lone voyage across the Atlantic. If fate is kind, he will eventually reach Havre, France. His total resources are $50 and a small supply of canned food. (Herbert photo.)

May Become America's First Saint—A trial th mer at Omaha, Neb., will open proceedings termine whether Mother Mary Magdalene, tablished the Poor Clare Convent at Omah be named a saint. She is of Italian aris (A. P. photo.)

An Army Tank Capable of a Speed of Seventy Miles an Hour on Open Road and of forty miles over plowed fields and sand dunes has been developed by the Army. It is armored and carries a crew of four men—a truly formidable war machine. Successful tests of the tank were recently conducted in Maryland. (A. P. photo.)

Man Without Country—August Finck, an Alsatian, is being passed back and forth across French-German border. Neither nation will permit him to remain. (Herbert photo.)

Surgeons Performed an Unusual Operation on 8-year-old Douglas Byrd of Helen, Ga., when they removed a tooth from the boy's lung. Young Byrd swallowed the tooth four months ago, but it was not until recently that physicians discovered it in his lung. (P. & A. photo.)

Comes Now the Flying Missionary—Rev. Fath a former Notre Dame football star, utilizes in his missionary work in a wild district of The plane is equipped with radio and medi emergency supplies. (Herbert photo.)

A Field of Grain 100 Per Cent Pure has been found by representatives of the Kansas State Agricultural College on the farm of Fred Laptad near Lawrence, Kan. Laptad, shown here in his prize field, has been awarded title of Master Farmer. (A. P. photo.)

Fourteen Huge Oranges in a single cluster were presented to Dr. George P. Clements of Chamber Agricultural Department, at hospital where he is recovering from accident. The lady is Arline Gudie.

Little Nell's Mother Was Banging Her Around in a most unmotherly fashion when keepers at the Washington Zoo rescued the lion cub and undertook the task of bringing her up. Here's one of the keepers teaching the youngster to take milk from a bottle. (P. & A. photo.)

Months Before Anyone Else Has Begun to Think About Christmas Shopp Cross workers are preparing Christmas packages which will ultima their way to children in the Far East. Despite their head start on Santa these volunteer workers know that the packages will have no more than reach destinations. (P. & A. photo.)

KTM—Phonograph records to 1 a.m.

YOUR BABY AND MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb-sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, sties and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

THERE IS SATISFACTION IN OVERCOMING DIFFICULTIES

How often we hear mothers remark querulously: "I can't see why Jane isn't satisfied. She has everything; all the toys any child can have; and we do everything to amuse her. And yet, she whines constantly and isn't interested in anything."

Whether it is a Jane or a John, the query and complaint are common ones. It is the child who has everything, who can seldom be contented for any length of time. The suggestion to run and play with her bicycle, or to build herself a block house are alike met with disdain. "What shall I do?" she wants to know all day long.

Introspection is no longer considered scientific method of understanding human behavior, but it is often a singularly illuminating way. What gives us the most pleasure, the most complete satisfaction? Doing the thing that is difficult of accomplishment, whether that means going into Russia, or the African wilds, or buying unusual furniture that demands time and effort, or making a dress which looks exactly like a "Vionnet?" Satisfaction never arrives when we can buy objects or "go places" with ease. Difficult situations smoothed out arouse no particular satisfaction.

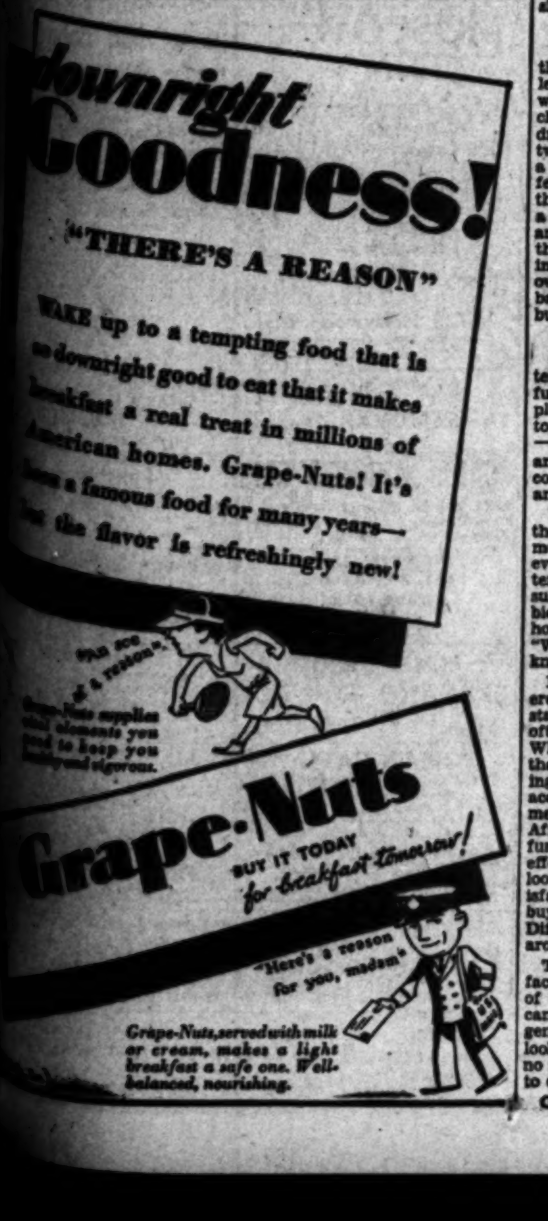
The child who has everything faces the same problem. Every game of which he can possibly conceive can be played. His toys represent a generous selection and variety. He looks at them all and they arouse no response in him. It is all too easy to do.

Give him a few buttons to button. Set him to the task of lacing and tying his own shoes. Let him help carry out the dishes. Let him think up his own games and select the materials for their accomplishment and he is immediately interested and on the alert.

Even if his abundance of toys is not the result of his parent's great wealth, the average child in a perfectly ordinary household all too often suffers from a surfeit of playthings. Doting relatives and a mother who brings him something every time she goes down town, results in an accumulation of things to play with which effectively stifles any desire to do so.

If perchance it is your child which belongs to this dissatisfied crew, take a look at his environment and see in what way it may be altered. For the time being, instead of thinking up new things to buy, eliminate all the toys he already has. Let him choose his playthings from the kitchen or the basement, and see in what direction his interest lies. See how eagerly he'll take a piece of wood and saw it and hammer nails into it all morning long.

It is not the thing which we can do easily that gives us the most pleasure in the doing, it is the overcoming of obstacle, the personal effort we put into a task (and play is a task to the child,) that brings the thrill of satisfaction in its successful achievement.



Downright Goodness!

"THERE'S A REASON"

WAKE up to a tempting food that is so downright good to eat that it makes breakfast a real treat in millions of American homes. Grape-Nuts! It's been a famous food for many years— the flavor is refreshingly new!

Grape-Nuts

BUY IT TODAY for breakfast tomorrow!

Grape-Nuts, served with milk or cream, makes a light breakfast a safe one. Well-balanced, nourishing.

HEALTH and DIET ADVICE

By Dr Frank McCoy

author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

MALIGNANT TUMORS

Any unnatural enlargements of tissues within the body is known as a tumor. Some of them do no damage other than might be caused by pressure upon neighboring organs; others tend to injure the general health, invade neighboring tissues, recur after removal, and produce death by toxic poisoning. There are many different kinds of both types of tumors, depending upon the shapes and the composition of their cells. The comparatively harmless enlargements, such as fatty tumors of the skin and the fibrous tumors of the uterus, have become known as benign tumors, and the dangerous tumors, such as cancer or carcinoma, and sarcomas are known as malignant tumors.

Millions of dollars have been spent in trying to discover the cause of malignant tumors, but the cause is still unknown in spite of the many theories that have arisen from time to time, each to be disproven almost as soon as propounded. We do know, however, that any long-continued irritation may result in cancer. The irritation from smoking a pipe is frequently the site for a cancer of the lip. The irritation from stomach ulcers frequently results in cancer of the stomach. The use of pessaries and chemical preventives frequently results in cancer of the uterus. Old scars are sometimes the starting point. In both sexes, cancer of the stomach and intestines occurs most frequently. In man, cancer of the rectum follows third, of the liver fourth, tongue fifth, throat sixth, prostate seventh. In women, cancer of the breast comes third, of the womb fourth, liver fifth, rectum sixth.

There seems to be a slight hereditary tendency to cancer, but not as much as formerly supposed. People living in the same family seem more likely to have cancer, but this is probably caused by using the same kind of food and having similar habits.

Cancer hardly ever occurs before middle ages, the most frequent cases occurring between the ages of 50 and 60. Sometimes those who appear quite healthy while young are affected when they grow older, but this is only an illusion, since most people do not know what a healthy person looks like. I am convinced that a really healthy person can never develop cancer. About four women are affected to every three men. Cancer is now the third most important cause of death, closely following diseases of the heart and blood vessels, and pneumo-bronchial diseases.

When cancers begin to ulcerate, a general body poisoning or cachexia results. In its action, cancer seems to resemble the chronic inflammations, such as lupus and leprosy rather than simple tumors.

The various plasters made out of arsenic, turpentine, trypsin and adrenalin are practically useless, and I have not seen very good results from X-ray or radium treatments, or from surgery, especially when the cancer was large enough to make diagnosis certain. The medical treatment of administering morphine and sedatives is, of course, only to give relief and is not an attempt at cure. Our greatest hope is to prevent tumors or cancers by living so that there is no opportunity for their formation. Our best defense is in proper eating, vigorous exercise and keeping our vitality and endurance up to the highest level for functional efficiency.

QUESTIONS AND ANSWERS

Whooping Cough

Question: M. S. K. asks: "Will you please tell us how to treat a child with whooping cough, and how long a time should he be kept out of school, and how can these children's diseases be prevented?"

Answer: All children's diseases are preventable if the child is brought up with the proper habits. Once whooping cough has been well developed, it is a serious disorder and needs the diligent personal care of a physician. In my practice I have found the most effective treatment to be with a series of short fasts of three or four days each, with the child eating a light diet in between each fast. It will sometimes take several weeks to produce a complete cure. Hot applications over the chest are helpful, and also deep manipulation of the spine and muscles of the upper back. A physician's certificate is usually necessary before a child will be allowed to return to school.

ALFALFA TEA

Q: E. J. L. asks: "What do you think of alfalfa as a drink? What food value has it? I am drinking it three times a day with my meals in place of tea or coffee. I like it, and it seems to agree with me."

A.: There is little food value in alfalfa tea or any other similar hot drink with meals. I do not advise my patients to take these drinks, but I am sure the alfalfa tea is an improvement over the drinks ordinarily used.

THAT TIRED FEELING

Q.: J. E. B. writes: "I seem to have that "tired feeling" physically and mentally. It seems rather difficult for me to concentrate. Do you think I have an inactive thyroid?"

A.: If you are very overweight, it may be that you have a sluggish thyroid, but enervation can be produced from many things, such as overeating, lack of exercise and not being interested in constructive activities.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

RABBIT AND TRIPE WITH ONIONS

One medium-sized Belgian hare, one-half a pound of tripe, three large onions, two tablespoonfuls of flour, two tablespoonfuls of butter or shortening, half a cupful of milk, half a cupful of water, clean, wash and disjoint the rabbit, cut the tripe in strips and slice the onions, roll the rabbit in flour and place in a saucepan, adding the tripe and onions and one cupful of water, add a tablespoonful of chopped parsley and let simmer gently until the rabbit is tender, remove the rabbit from pan. Place the tripe around it, strain the broth, make a cream sauce with the butter, flour and milk and half a cupful of the broth, cook until thick, pour over the rabbit, garnish with parsley and lemon slices.

SPINACH AND CHEESE ROLL

Cook four bunches of spinach in the water which adheres to the leaves after they have been well washed, add to the spinach one chopped clove of garlic, when tender drain thoroughly, chop fine and add two tablespoonfuls of melted butter, a seasoning of salt, paprika and a few grains of mace, combine with the mixture, two well-beaten eggs, a half a cupful of grated cheese and sufficient bread crumbs to make the mixture stiff enough to mold into a roll. Place in a moderate oven and bake for twenty minutes, basting occasionally with a little butter.

STRAWBERRY SOUFFLE

Cream two tablespoonfuls of butter and rub into it two tablespoonfuls of flour and work until smooth, place two cupfuls of milk in the top of a double boiler and heat to the scalding point, then add the butter and flour, stir until thick and smooth, beat the yolks of three eggs, with three tablespoonfuls of sugar, and beat slowly into the hot mixture. Allow to simmer gently for five minutes, remove from the fire and stir until cool, add one cupful of sliced strawberries, that have been mixed with two tablespoonfuls of sugar, fold in the stiffly beaten whites of the three eggs, place in a baking dish and bake in a moderate oven for fifteen or twenty minutes. Serve at once, garnished with strawberries that have been dusted with powdered sugar.

HAWAIIAN PINEAPPLE SALAD

One and one-half tablespoonfuls of gelatine, one-half of a cupful of boiling pineapple juice, one-half of a cupful of diced pineapples, one-fourth of a cupful of lemon juice, the stiffly beaten white of one egg, one-half of a cupful of whipped cream, one-third of a cupful of cold water, one-half of a cupful of grapefruit juice, one-half of a cupful of sugar, one-half of a cupful of grapefruit pulp; soak the gelatine in the one-third of a cupful of cold water for five minutes, add the boiling pineapple juice and stir until the gelatine is dissolved, add the grapefruit and lemon juice and the sugar and allow to cool. Add one small bottle of maraschino cherries cut in small pieces, whip the cream and add to the rest of the ingredients when the mixture is cold, pour into a mold that has been dipped in cold water and set in the ice box for three or four hours, unmold on lettuce covered plates, and serve in slices with cheese balls and cream salad dressing.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

PIONEER OF CITY HEARS FINAL CALL

Mrs. Cecilia Niemeyer Dies in North Hollywood After Years of Illness

Mrs. Cecelia Niemeyer, pioneer resident of Los Angeles, died at her home in North Hollywood yesterday after an illness of several years.

Mrs. Niemeyer, nee Maxey, came to Los Angeles in 1883, in company with her father, John J. Maxey, then a retired manufacturer of Denver, and one of the first four settlers of that city. She was married here in 1893 to Attalus J. Niemeyer, then a rancher, and for many years they lived on his ranch at what is now Eleventh street and Central avenue.

Since Mr. Niemeyer's retirement, more than fifteen years ago, Mrs. Niemeyer virtually has been an invalid and confined to her bed. She was 59 years of age and the mother of five sons and three daughters, all of whom are left.

Besides her husband, Mrs. Niemeyer also leaves her mother, Mrs. John J. Maxey of this city. Her sons are Dr. Leo P., Bernard, Veno, Theodore and William Niemeyer; her daughters, Mrs. Joseph Blankmeyer, Mrs. Jack Kelleher and Mrs. Arthur Bennett.

Funeral services will be conducted Monday at 10 a.m., at the St. Charles Roman Catholic Church. Father Reardon will officiate, and interment will be in Calvary Cemetery.

SCRUTINY FOR CITY'S CONTRACTS

Werner Will Take Note of Substance in Addition to Mere Form, He Says

The substance of city contracts, as well as the form, will be the subject of scrutiny by City Attorney Werner and his staff, he said yesterday. Heretofore the policy of the contract has been left up to the board or official, the City Attorney examining it only as to its legal character.

"I intend to view each contract from the viewpoint of adviser, just as if I were an attorney for a client," said Mr. Werner, "and if it appears to be poor business for the city I shall so advise the board."

Opinions asked for by boards and officials will be rendered as soon as possible and without regard to the political consequences, Mr. Werner said. He also declared his office will be a poor hunting ground for lobbyists and job-seekers.

Maddux Cuts Air Fare North and Adds Ships

Increased service and reduction of fares on the Los Angeles-San Francisco-Oakland route yesterday were announced by Maddux Air Lines. The changes will become effective next Tuesday.

The new schedule calls for three planes a day from both the Grand Central Air Terminal, Glendale, which is the company's southern base, and the northern airport at 8 a.m., 10 a.m. and 3 p.m. All will be fast Wasp-powered Fords, the first and last making the trip in three hours, and the 10 a.m. plane being routed by way of Bakersfield and Fresno, thus requiring three and a half hours. Fare reductions, it is announced, will range from 15 to 33 1-3 per cent.

GUIDING YOUR CHILD

FATHER

By Mrs. Agnes Lyne

To the little child his father represents the whole outside world. Mother is a fixture, an integral part of the child's small world. But father is an adventurer, a traveler, a man of mysterious occupation known as "work," generally carried on in a wholly strange place known as the "office."

He comes and goes. In some strange way the child understands that it is daddy who takes care of him and mother. Father has a special glamour.

Father is away all day. His coming home is the occasion to recite to a new audience the thrills and achievements of the day. And father himself has seen all sorts of wonderful sights. He can tell fine stories if only he will.

Father is something to boast about. "My father can," "my father has," says the 4-year-old to the child next door. He wants to be proud of his father.

Father has special influence. Because he is glamorous and vaguely powerful, what he says carries special weight. His enthusiasms are especially infectious. His rebuffs are especially chilling. His praise is something to be earned and remembered. Conversation with him on terms of equality makes you feel practically grown up.

Most fathers do not realize how important they are. They do not realize that money-getting is no more the whole of fatherhood than is dishwashing the whole of motherhood. They have no idea how great is their hold on the imagination of their children. They do not appreciate how much of ambition, joy and companionship is implied in the name of "father."

LEGION TO PICK DELEGATES

Delegates to the State Department convention of the American Legion will be elected at the next regular meeting of Victory Post, No. 54, on Monday evening the 8th inst., at 8 o'clock, in Hancock Hall, located in Patriotic Hall, 1816 South Figueroa street.

Visiting Elks! The seven Convention issues of Los Angeles Times, July 7 to 13, mailed postpaid anywhere in North America, 50c.

BOY CONFESSES FIRING SCHOOL

He Didn't Want to Go to Summer Session, So He Set Flames That Damaged Rowan-Avenue Institution, Officers Declare Youngster Told Them

Day-dream pictures of the old swimming hole, contrasted with stuffy sessions in a summer school, were too much for the imagination of Merle Beckman, 11 years of age, so he gave way to an impulse and celebrated the Fourth of July by setting fire to the Rowan-avenue school in Belvedere.

This is the substance of a confession made yesterday to Investigators Dunlap and Kennedy of the County Fire Prevention Bureau.

Working under the direction of County Fire Warden Turner, the two investigators set out early yesterday to run down a series of clews which proved in their opinion that the fire was of incendiary origin and the work of some small boy who attended the school.

The imprint of a small, bare foot on a tiling of the school led the officers to this conclusion. And that footprint finally was traced to young Beckman who, after a few moments questioning, admitted, according to the investigators, that he fired the building so that he would not have to go to summer school.

Evidently soon after setting the fire, Merle regretted his action, the officers said, for it was he who reported the fire to the county departments at Belvedere and Laguna. Witnesses also declared the boy's hands and clothing indicated he had attempted to extinguish the blaze shortly after it was started.

Dunlap and Kennedy asserted the boy told them he had climbed a vent pipe leading to the attic of the building and started the fire by throwing matches into a pile of papers. The blaze was confined entirely to the attic. Damage is estimated at $5000. The fire was discovered about 10:30 a.m. Thursday.

Merle, who lives with his parents at 159 North Rowan avenue, was still at home yesterday pending a final report on the fire. Dunlap and Kennedy said that as yet no formal charge had been filed against him and that the case will be turned over to the juvenile authorities.

Inquest Today in Train Death

A Coroner's inquest into the death of William Fuller, who was killed Thursday night when he was struck by a Pacific Electric train at the intersection of One Hundred and Seventeenth street and Budlong avenue, according to a Sheriff's office report, will be conducted at 9:30 a.m. today at the Southwest Funeral Home, 1020 West Ninety-fourth street.

Fuller, an elderly man, lived at 1130 West One Hundred and Seventeenth street. Possibility of Fuller taking his own life is being investigated by deputy sheriffs.

Titled Italian Painters Here

Count Casella Tamburini and his Countess, Dolla, both of whom occupy first rank among modern Italian portrait and landscape artists, arrived yesterday for their first visit in Southern California aboard the Lassco flagship City of Los Angeles. They will open a studio in Hollywood for the season, following three months of landscape work among the Hawaiian Islands.

Count Tamburini said his chief source of pride is his distinction of having been the first artist to have done portraits of Pope Pius XI, Premier Mussolini and King Victor Emmanuel III.

COURSE IN ADVERTISING

Herbert M. Morgan, an authority on advertising, has just opened an eight weeks' course on the subject "Theory of Advertising" under the auspices of the University of California extension division at 815 South Hill street, Los Angeles. Mr. Morgan is a graduate of Yale, and a former vice-president of Johnson, Read & Co., a general advertising agency. The course will be offered each Wednesday from 7 to 9 p.m.

DYERS POST REWARD IN SHOP PLOT

Organizations Deplore Violence and Move to Curb Outlawry

A reward of $250 was announced yesterday by representatives of the Southern California Cleaning Service, Better Cleaners' Club of California, Retail Plant Owners' Association and the local cleaners' and dyers' union for arrest and conviction of those involved in the attempt Thursday to destroy the Pontiac Cleaning Works at 5362 Hollywood Boulevard.

During a conference the representatives of the organizations also deplored the vicious tactics of a minority group of so-called racketeers to gain control of the cleaning and dyeing industry in Los Angeles by sabotage.

The attempt to destroy the Pontiac shop was made by piling clothing on the floor, placing a box containing three jars of gasoline atop the pile to which an electric iron was attached, police declared.

Lieut. William F. Hynes of the police intelligence bureau at the meeting of the organizations, declared his department is making every effort to curb the efforts of the plant-wreckers and will not tolerate gang tactics.

After the meeting the representatives issued a statement favoring clean and constructive business programs, pledged to co-operate with the police and posted the reward for the arrest and conviction of those responsible for the Pontiac plant outrage.

DISTRICT CHANGE VOTED

The Council yesterday adopted an ordinance placing Main street from Macy street to Sunset Boulevard in the central traffic district, and thus amenable to the restrictions covering that territory.

INVESTMENT COMPANY IN NEW HANDS

Receiver Appointed for Interstate Mortgage on Lumber Dealer's Petition

On the petition of the J. D. Halstead Lumber Company United States District Judge James yesterday appointed E. A. Nicholson receiver for the Interstate Mortgage and Investment Company. The company is reported in the complaint to be the owner of seven Los Angeles apartment-houses and, in addition, nine apartments and groups of apartments being built. It is stated that the company's real estate holdings and other investments total assets of $2,482,826. The value of these holdings, however, is said to be variable.

It is asserted in the petition that the company has liabilities totaling $2,362,900. It was stated that a forced sale of the holdings might affect the value of them and result in loss to creditors. Proper management of the properties, it was stated, will result in payment to all creditors. Alfred H. Pelton was mentioned as the president of the mortgage company.

The properties reported owned by the Interstate company are: Chalfonte Apartments, 728 South Normandie avenue; Beverly Manor, 334 North Normandie avenue; Warrington Apartments, 313 North Harvard Boulevard; Green Gables, Marathon and Irvine boulevards; [illegible] Apartments, 5426 Virginia avenue; Edgemont Apartments, 5408 Lexington avenue; Park Lane Apartments, 209 West Colorado street.

Don't put all your eggs in one basket or in one omelet

You can control the cooking and consistency of your omelet when you make it small. Hills Bros. control the flavor of their fine blend of coffee because they roast only a few pounds at a time—never in bulk. This continuous process—Controlled Roasting—creates a flavor no other coffee has.

HILLS BROS COFFEE

Fresh from the original vacuum pack. Easily opened with the key.

Three Big Features

Replete with sparkling world news—graphic illustrations—and exclusive feature articles by celebrated writers—the SUNDAY TIMES will be of unusual interest tomorrow. Three outstanding features will command particular attention—

The Driver's License Law

will be explained in detail in the "GREAT OUTDOORS SECTION," the new motor-sports-recreation department initiated last Sunday. Just what this law means to you, what you will have to know to answer the questions of the examination correctly, and where, when, and how to get your driver's license will be made perfectly clear in this section devoted to the interests of motorists, sports fans, and vacationists.

Trends In Real Estate

will be covered in special articles in the new REAL ESTATE SECTION, with news of the outstanding realty deals of the week, new projects, and every item of news which has a bearing on property values in Southern California. Los Angeles' only Sunday Real Estate Section will more than maintain its exclusive position tomorrow.

Specially Posed Elk Pictures

featuring charming "Elkettes," will spice the ROTOGRAVURE SECTION tomorrow. In purple and white tones an entire section will be given over to fair hostesses of the B.P.O.E., drill teams, striking points of interest to be visited, and prominent members of the order. It will serve as the starting bell for the big week ahead.

UNIVERSAL SIGNS NOTED AUTHOR

Heroine of "Gentlemen of the Press" to be Featured; Mary Doran Will Take Lead in "Tonight at Twelve;" Charlotte Merriam is Vitaphone Ingenue

BY GRACE KINGSLEY

One more giant of the show world has been captured by the talking pictures. He is Maxwell Anderson, who collaborated with Lawrence Stallings in the writing of that sensational war classic, "What Price Glory," the first war play to deviate from the red-fire-and-gold-braid phases of the war, the first to go into the seamy, realistic and intimate side of it.

Universal has signed Anderson to write stories and dialogue for that organization. His first assignment is not yet ready to be announced.

The writer is now in New York, but is expected here to take up his duties with Universal the latter part of next week.

Carl Laemmle, Jr., made the announcement of the signing of Maxwell yesterday, and expressed delight at having acquired the writer's services.

Besides "What Price Glory," Anderson wrote "Saturday's Children," rated one of the best plays of last season. It was given here at the Belasco following a long run in New York, and was later made into a picture by First National, with Corinne Griffith starring.

KAY FRANCIS TO BE FEATURED BY LASKY

It hardly seems that life can hold much more for that young actress, Kay Francis, who, besides being beautiful and having attained the further distinction of being officially pronounced one of the best-dressed young professional women in the world, is now forging ahead as an actress.

KATHARINE FRANCIS

Miss Francis is to be featured in "Behind the Make-Up," the Paramount picture which Robert Milton is directing. The other featured members of the cast are Hal Skelly, William Powell and Fay Wray.

The actress, it will be remembered, distinguished herself in her portrayal of the leading feminine role in Paramount's "Gentlemen of the Press."

Mary Doran to the Fore

Any one who knows that brilliant young player, Mary Doran, knows well that nothing short of unlucky fate is going to stop her ascendancy as an actress.

HARRY POLLARD

Miss Doran is under contract to Metro-Goldwyn-Mayer, but is being loaned, I understand, to Universal for the principal feminine part in "Tonight at Twelve," the Owen Davis play which Harry Pollard is to direct.

The young actress first scored in "Broadway Melody," when her beauty, cleverness and personality were brought to bear on a short but effective role as a hard-boiled, wisecracking chorus girl.

When Harry Pollard came to casting the role in "Tonight at Twelve," he told Carl Laemmle, Jr., that there was just one girl in Hollywood whom he wanted in the part, but he couldn't remember her name. He mentioned "Broadway Melody," however, and Laemmle at once knew the party he meant.

Male leads in the cast will be taken by Norman Trevor, who lately recovered from a long illness, and Robert Ellis.

Leora Spellman With M.-G.-M.

If you witnessed "Kongo," you probably remember the extremely good performance given by the heroine, Leora Spellman.

So, you will be pleased to know that you are to see her again, this time on the talking screen in Metro-Goldwyn-Mayer's "Kempy." She has just been signed to take a featured part.

Miss Spellman has had a creditable career in both drama and vaudeville. She started eighteen years ago with William Gillette in "Sherlock Holmes." For fifteen years she did "A Texas Wooing" and "Lonesome Land," in vaudeville with her husband, Charles B. Middleton, with whom she later co-starred in "Kongo."

Charlotte Merriam In It

Having made up her mind to return to pictures, Charlotte Merriam is once more well on her way to note and fortune, following her marriage to Rex Lease and her two years' retirement from the screen.

CHARLOTTE MERRIAM

Now Miss Merriam has been cast by Warner Brothers in the leading ingenue role in Dolores Costello's current starring vehicle "Second Choice."

At one time Miss Merriam expected to become a concert pianist. She began studying early in childhood. Though far advanced, she gave up this work for the screen, but still is pursuing her musical education. This time as a vocalist. She is studying with Felix Hughes.

Vera Gordon to London

Just as every one was feeling sure that Vera Gordon would never forsake talking pictures, she up and did that very thing.

According to word just received from her, she is now in London, where she will start in vaudeville with a sketch at the Palladium on Monday.

Bubbles Crowell With Fox

It looks as though those fourteen University of Southern California football players who are to appear in Fox's first musical comedy, "Words and Music," are destined not to have a dull moment all through the making of the production.

For we find that no less vivacious a personage than Bubbles Crowell has been added to the cast of the musical picture. Miss Crowell will be featured in a dance especially composed for her, with music by Will Kernell.

Lois Moran and David Percy have the leading roles in the production.

"DYNAMITE" SCHEDULED AT CIRCLE

"Four Devils" Leaves Soon to Make Way for De Mille Production

Despite the fact that "Four Devils," current at the Fox Carthay Circle Theater, is the most popular picture Janet Gaynor has appeared in since her triumph at the same theater last year in "Seventh Heaven," Managing Director Carli Elinor announces that the engagement will have to be terminated on the 24th inst., due to the fact that contracts have been closed for the world premiere on the following night of Cecil B. De Mille's first 100 per cent talking production "Dynamite," starring Conrad Nagel, Julia Faye, Charles Bickford and Kay Johnson.

All the resources of Metro-Goldwyn-Mayer, Fox West Coast and the Circle Theater will be combined to insure the start of the new picture. One of the most sensational premieres in the history of such events is promised. New ideas in lighting are being devised by the electrical department and other startling and unique effects will be used for the event.

The fact that this is De Mille's debut into the talking field, and also that "Dynamite" marks his return to the bizarre in stories, makes this picture one that is certain to attract the attention of his large following of film fans, it is said.

Noted Actress Starts Career in "Rivals"

Probably no other living actress of importance has enacted as many roles as has Ethel Barrymore, it is said. She will be seen at the Mason Theater for a brief engagement beginning the 15th inst., in G. Martines Sierra's "The Kingdom of God." Making her debut at the age of 14 with Mrs. John Drew's company in "The Rivals," she has appeared in plays by Shakespeare, Galsworthy, Ibsen, Wilde, Dumas, Fitch, Barrie, Maugham and almost every other important and minor dramatist of the contemporary theater. She has ranged from the lightest, smartest comedy to the most profound of tragic dramas.

It has long been Miss Barrymore's ambition to establish a repertory company. Now her desire is to be fulfilled. When she came under the management of Lee Shubert, he agreed to give her every assistance in this project.

Furthering this scheme, in January Miss Barrymore will add a third play of even greater contrast to her repertoire, "Scarlet Sister Mary," in which for the first time she will act the character of a negress.

Horton Deserts Theater Stage for Vacation

Since the announcement of his forthcoming vacation and his temporary departure from the Majestic Theater stage, Edward Everett Horton's legion of friends have been visiting the Majestic to see him in his departing comedy, "Serena Blandish," which closes Saturday night. Horton, whose popularity on the Los Angeles stage is said to be unparalleled, is completing a successful year and will depart for eastern points on his vacation.

Elaborate preparations for his return in the fall are being planned, and Horton looks forward with eagerness to again appearing in Los Angeles.

"Love-In-a-Mist," a sparkling, summery comedy of youth, starts at the Majestic Tuesday night under the supervision of Winter Davis Horton.

Marjorie Hollis Has Stage Part

Marjorie Hollis, who in real life is Mrs. Montague Love, is making her first local appearance as the ingenue lead in "The Old Shoe" which stars Percy Haswell (Mrs. George Fawcett) at the Egan Theater. Miss Hollis' work has been confined mostly to the Broadway stage and among others she has supported in important roles are Minnie Madaern Fiske, Henry Miller, Holbrook Blinn and Emily Stevens.

Prior to her local appearance she toured the Orpheum circuit. Miss Hollis in "The Old Shoe" portrays the daughter, "Sally," a typical modern college girl, full of ideas of reform.

"DESERT SONG" OFFERED

Milton Sills and Dorothy Mackaill are featured in "His Captive Woman" at the Fox Uptown. This is a colorful drama, unfolding the story of a police officer who is sent to the South Seas to bring back a woman fugitive from justice. Both Sills and Miss Mackaill who appear together for the first time since "The Barker," make the most of the dramatic opportunities provided them, it is said. On the same bill the Uptown offers new Movietone acts and Fox Movietone News. Announcement is made that starting Monday and continuing for four days, the Uptown will offer "The Desert Song," Warner Brothers all-talking, singing and dancing spectacle with a cast headed by John Boles, Louise Fasenda and Carlotta King.

GIRL PICKS STAGE

Frances Berenger is determined that any success she may attain will not come to her through the influence of her illustrious mother, Clara Berenger—or her noted stepfather, William de Mille. The girl is appearing in "The Big Pond" at the President Theater, making her bow to the public as an actress. The fact that her mother is a well-known scenario writer and her stepfather a motion-picture director, made Miss Berenger decide to try an entirely different field.

Luster of Eastern Star Appears

Helen Menken

Will share honors with William Boyd, also of stage note, in the presentation of "Top o' the Hill," starting Monday night at the Mayan Theater.

Belle Bennett Receives Novel Stage Present

Some unknown admirer has found Belle Bennett's pet superstition.

The star of "Dancing Mothers" does not care to wear artificial flowers. In the second act of "Dancing Mothers," in which she is appearing with the Henry Duffy Players at El Capitan, Miss Bennett wears a corsage of gardenias. She believes that when the corsage is real the play goes much better for her.

Thus far she has had no chance to experiment with an artificial bouquet. At each performance since the opening matinee she has received a corsage of gardenias, sent in a plain box and without a card to designate the sender.

Included in the cast of the comedy are Ben Bard, Mona Bruns, Frank M. Thomas, George Guhl, Edward Seabrook and others.

Notables Offer Comedy Sketch

Stars of stage and screen tonight are scheduled to provide hilarity impersonating naughty boys and mischievous girls in the all-star revival of Gus Edwards's "School Days," noted vaudeville novelty, as the feature of the midnight matinee of Metro-Goldwyn-Mayer's "Hollywood Revue of 1929," at Grauman's Chinese Theater.

The notables included in the cast are Gus Edwards, Fanny Brice, Benny Rubin, George K. Arthur, Charles King, Gert Wheeler, Tom Patricola, Polly Moran, Lila Lee, Louise Groody, Louise Dresser, Marie Dressler and others. These stars will personate the stuttering kid, the dunce, the "tough guy," the Boston beans and other famous characters of Edwards's famed playlet. Tonight's presentation of "School Days" with the all-star cast will be staged for one performance only.

Mason to Offer Yiddish Comedy

Maurice Schwartz, director and star of the Yiddish Art Theater which commences its repertoire of plays Sunday evening at the Mason Opera House, and his assisting artists will arrive in Los Angeles today. The troupe, which is considered the finest Yiddish art group in the country, will be welcomed by a large delegation. Sunday the repertoire will start with "Tevye, the Dairyman," a comedy by the Yiddish humorist, Sholom Aleicheim.

The plays in which Schwartz will be heard at the Mason Opera House will be performed in the Yiddish language. For the benefit of those who do not understand the language, a synopsis in English will be furnished with each program.

"JONESY" PLAYERS REVEAL ANCESTRY

James Spottswood, internationally known actor who heads the cast of "Jonesy," comedy-drama of American family life, current at the Vine Street Theater, is a direct descendent of Alexander Spottswood, first colonial governor of Virginia.

Jane Winton, film and stage star, also in the cast of the Franklin Pangborn production, is a granddaughter of Admiral Lewis W. Robinson.

RUGGLES GIVEN PART

Charles Ruggles, who made such a distinct success in his talkie debut as the inebriated reporter in Paramount's "Gentlemen of the Press," and later in "The Lady Lies," soon to be released, has been given an important role in "The Gay Lady." This talking picture is being made at the Paramount Long Island studio with Gertrude Lawrence in the featured role and with John Meehan and Robert Florey directing.

BROWN ADDS TO CAST

Mel Brown, who is preparing to direct Richard Dix in "The Boomerang," an all-dialogue picture for Paramount, has augmented the supporting cast with June Colyer, Marion Seegar and Regis Toomey. The selection of Brown to guide the making of this opus is due to his past successes in the comedy field.

Loew's State Lists Dances in Pantomime

Fanchon and Marco have justified their belief that the interpretive dance is returning to popular favor. The type of dancing, which in pantomime and movement tells an allegorical story, immortalized by Isadora Duncan and other noted exponents, is the substance of the new stage idea, "Dance Moods," at Loew's State this week.

Audience reaction is most favorable, it is said, showing that interpretive dancing is again popular. The Hirsch Arnold girls portray a number of allegorical sketches, such as a cloud and storm ballet.

Earl Askam, former baritone with "The Desert Song," gives voice to the dance stories. Rube Wolf and his band play a number of old favorite tunes. "Behind That Curtain" is the Fox all-talking feature picture, with Warner Baxter, Lois Moran and Gilbert Emery in the leading roles.

Baltimore First Tryout of New Duffy Comedy

Baltimore was the first city in the country in which "The Big Pond," starring Robert McWade, at the Hollywood Playhouse, was offered. Charles Dillingham, David Belasco and Flo Ziegfeld also frequently visit the city for their tryouts of new productions.

"The Big Pond" ran for two weeks in Baltimore and was received with such enthusiasm that the New York presentation followed soon after. Henry Duffy then secured the Pacific Coast rights.

Robert McWade appears in the role of the American business man, while Lucile Nikolas portrays Barbara Billings, the role she created in the original New York production. Others in the cast are Donald Randolph, James Bush, Leah Winslow, Frances Beranger, Myra Hubert and John Mackenzie.

First National Signs Bakewell

William Bakewell's first appearance as leading man opposite Alice White in "Hot Stuff" apparently registered at the box office. Announcement has been made by Al Rockett, general manager of production for First National, that this juvenile actor has been signed for the male lead opposite Miss White in her next feature Vitaphone production, "Playing Around." This talking opus will be based on Vina Delmar's novel of the same name.

The selection of Bakewell for this assignment is not unexpected, it is said, as the studio executives regard him as one of the versatile and talented of the younger crop of featured actors. His performance in "The Iron Mask" opposite Douglas Fairbanks, in which he essayed a dual role, was followed by another display of ability in "On With the Show," and "The Gold Diggers of Broadway."

DEL RUTH FINISHES

Roy Del Ruth is near the finish of his current directorial assignment, "The Aviator." It is understood that Warner Brothers are shortly to release "The Hottentot," another all-talking picture directed by Del Ruth. This production, it is understood, will add further lustre to the record of the director.

NOTED BAND RETURNS TO ORPHEUM

Ted Lewis Brings Musical Klowns as Feature Act of Versatile Bill

When the Orpheum curtain rises today on Ted Lewis and his Musical Klowns, with Eleanor Brooks and Arline Langan, that noted troupe of entertainers will have inaugurated its sixth full-week engagement at the local Radio-Keith-Orpheum house within a period of thirteen months. This establishes a new local and national record for superstage attractions, it is claimed, the previous mark, covering five weeks' playing within eleven months, also being credited to the Lewis aggregation.

Early in June, 1928, the "high-hatted tragedian of song" led his gloom chasers into the Orpheum for a week's engagement. They were held over for a second week, then a third week. Late last March they returned, having spent part of the interval in Europe. Two consecutive weeks followed. Lewis and his band were then secured for motion pictures.

Their current offering is reported replete with new song, melody, dance and fun. Other acts scheduled are Lottice Howell, Herb Williams, Maurice Colleano, Five Reillys, Lathrop Brothers and Whitey and Ford.

Film Industry Seen as Trend of Prosperity

Motion-picture production will reflect this summer the confidence of the banking industry in the industrial and agricultural prospects, and the general prosperity of this country, according to William R. Fraser, general manager of the Harold Lloyd Corporation, who returned from the East yesterday. Fraser, in addition to consulting with some of the financial leaders of the East, also attended the Paramount conventions in St. Louis and Atlantic City.

"The buoyancy being exhibited again by the Wall-street markets is a reflection of the renewed confidence of the banking world in industrial and agricultural conditions and prospects, with Southern California still regarded as the 'White Spot' of the entire West," Mr. Fraser said. "This condition is bound to have a most favorable reaction on the motion-picture industry. In fact, it is reflected already in the elaborate preparations Paramount has outlined for the coming amusement year. The talking pictures exhibited at the two conventions and which will be released this fall are further indications that the new art is advancing rapidly.

"It is now only a matter of time, I believe, before the silent motion picture will be relegated to the museums, except possibly in a few rare instances, for the reports of Paramount representatives from all over the world indicate that tremendous inroads already have been made in England, France, Germany and other countries, by the sound and dialogue productions. This installation of sound equipment is going ahead so rapidly in these countries, that most of the leading film theaters will be sound equipped before the end of the year."

Southern Girl Takes Flapper Role in Drama

Una Merkel, who portrays the role of the gangling gawky flapper, Betty Lee Reynolds, in "Coquette," the tragic play in which Helen Hayes is starred at the Belasco, comes by her Southern dialect honestly.

Miss Merkel was born in Covington, Ky., and educated in that city and Cincinnati, across the river. Her first engagement was as understudy to Lillian Gish, to whom she is said to bear a striking resemblance. She frequently doubled for Miss Gish in "Worlds Shadows," a film directed by Jerome Storm.

After three years skirmishing in the silent drama she made her first appearance on a New York stage in "Two By Two," a comedy, with Charlotte Walker. In April of 1925 Miss Merkel appeared in "The Poor Nut." She shouted as the runners crossed the finish line on the Henry Miller stage, but did not have a single line to utter.

For the next two years she played under the banner of John Golden, in "Pigs," "Two Girls Wanted" and "The Gossipy Sex." Then came "Coquette" in which she has been appearing since November, 1927.

HERSHOLT MAY LEAVE

Jean Hersholt has returned from San Francisco where he appeared at the opening of the new Fox Theater as a guest of the Fox organization. With the announced postponement of the filming of "The Genius" by the Paramount studios, Hersholt, it is reliably reported, is considering an offer to make a stage tour. Numerous personal requests have been made for him by theater owners throughout the country, it is said.

AIR GOES AL
Flies can fly about car while it is moving readily as when it says the Pathfinder. cause the air in sects are moving with the car. If to fly above a car it would soon be because of the friction mosphere. Likewise a moving Pullman straight up he will about the same spot be jumped. His space is the same as train. He moves and since the air car moves with it no friction to hold while he is in the air did the same thing car be would be the friction of the air alight slightly rear of the spot jumped. The United reau of Standards if a person jumps on an open car miles an hour natural wind he will fifteen inches farther

Niagara's Army of
Niagara Falls has very active September 2, crossed the bridges land. This year's than 500,000 in year and more over the figures ago. More than took the trip Winds on Goat most as many boat trip on the Mist.
